AKED APPEALS TO YOUNG MEN

Noted Divine Declares Youth of Nation Must Save New Democracy.

College Men Urged to Get Into Political Game Without Remuneration.

UNIVERSITY OF CALIFORNIA, Feb. 17.—British opinion of American politics was given voice by Dr. Charles F. Aked, friend and advisor of John D. Rockefeller and pastor of the Fifth Avenue Baptist church of New York City, at the fortnightly university meeting in Harmon gymnasium at noon today.

The New Democracy of America has scarcely a leg left to stand upon according to Dr. Aked, unless the youth of the nation, including college graduates, come to the rescue, ignoring fortune in their zeal to ennoble the political life of the nation. He would have them toil in the political vine and without pay, as do most of those holding high place in England's government.

Who is to keep in order the administration of American political affairs with this new power in the hands of the common people? asked the noted divine, speaking for the first time on this side of San Francisco bay.

WHERE THE CHECK?

"What is there to act as a check upon them? What is there in your constitution or law to inspire a new spirit and mold them to loftier aims? What force is to restrain them?"

Dr. Aked minimized the force of science unless it is directed in an intelligent way.

"Literature may be turned into jest and cruelty, into roguery," he declared. "The new paper is a ... a ... civilizing factor."

Where is the inspiration to come from? It is not to be found in American culture, nor in the press.

It was then that the clergyman appealed to the students to devote their lives to politics without pay, thinking of democracy, which prophets had declared it would be.

After comparing the English political system of unpaid servants with American, he told the college men to give their lives to their country without hope of graft or other rewards ... thinks ... up in fortune.

The problem of the American city was declared by the speaker to be the greatest with which the country has to deal.

"If the best will not do the world's work, the worst will do it. Then woe for their fellow and ... The ... and ... the vile and infamous will ... the burdens which the city ... own."

... the failure of ... the downfall of American democracy.

CREED OF ANCIENTS

"According to the creed of the ancients only ... politics ... it seems to be the sentiment that ... the thief is ... historian will ... that nothing ... so much ... upon the life of this generation ... the extraordinary way in which politics and politicians are regarded in this ... the impression that politics should not be ... and even then not ... It is the ... of the saloonkeeper, the ward heeler, the leeper of ... sorts."

Dr. Aked's address was punctuated by loud and prolonged applause.

ORDER PROBE INTO RUEF DECISION

Joint Committee Votes to Accede to Demand of Supreme Court.

Special Investigators to Be Appointed; Seven to Do the Work.

SACRAMENTO, Feb. 17.—The rules committees of the Senate and Assembly in joint session today voted to begin an investigation of the Ruef decision, in accordance with the request of the Supreme Court.

The investigation will be conducted by a special committee to be appointed today, consisting of four members of the Assembly and three members of the Senate.

RESOLUTION ADOPTED

The action of the committee is embodied in a resolution which will be submitted to the Assembly and Senate today, when the members of the special committee will be appointed by President Wallace and Speaker Hewitt. The committee is authorized to employ assistance, summon witnesses and examine papers and documents. The resolution in full follows:

"Resolved by the Assembly, the Senate concurring, that a special committee of four members of the Assembly and three members of the Senate be appointed to investigate all matters referred to in the ... communication relative to the conduct of the Supreme Court and the transaction of its business.

"Resolved, That said committee be and the same is hereby directed to report the result of its investigation to Assembly, with such recommendations as it may deem proper."

AGAIN SEEKS DIVORCE DECREE

Mrs. Edith May Pagnuelo of Varied Matrimonial Experience Asks Separation.

Was One Time the Wife of James Clay Dumphy, the Millionaire.

SAN FRANCISCO, Feb. 17.—Edith May Pagnuelo, the wife of Ernest Pagnuelo, a well known attorney, but whose matrimonial experiences have been many and varied, began a suit for divorce against her latest husband this morning. Mrs. Pagnuelo was first a Miss Sanderhaus, later married ... Tofley, subsequently was married to Julius Silverstone and narrowly escaped a second marital union with James Clay Dunphy, from whom she was separated under annulment proceedings.

It will be remembered that Dunphy, who had been forced to settle $60,000 on her, recovered the money after her former husband, Coffee, had aided him in proving that her Oregon divorce was void. In these proceedings her counsel was Pagnuelo, her present spouse.

Subsequently she became reconciled to Dunphy and the pair planned an elopement. The time of meeting was fixed at 10 p. m., but James Clay drank too deep of the cup of conviviality and after waiting until 12 Mrs. Pagnuelo eloped with her present husband. The couple were married June 24, 1909, and today she charges him with general cruelty and says he exhibited a gun on one occasion and said: "This is what you'll get."

Dunphy at the time of the Pagnuelo wedding was so put out that he sought the flowing bowl again and in the midst of the escapade married Dedie Valencia and once again secured an annulment.

CURTISS SETS NEW MARK IN AVIATION

Alights in Water; Hoisted Aboard Cruiser

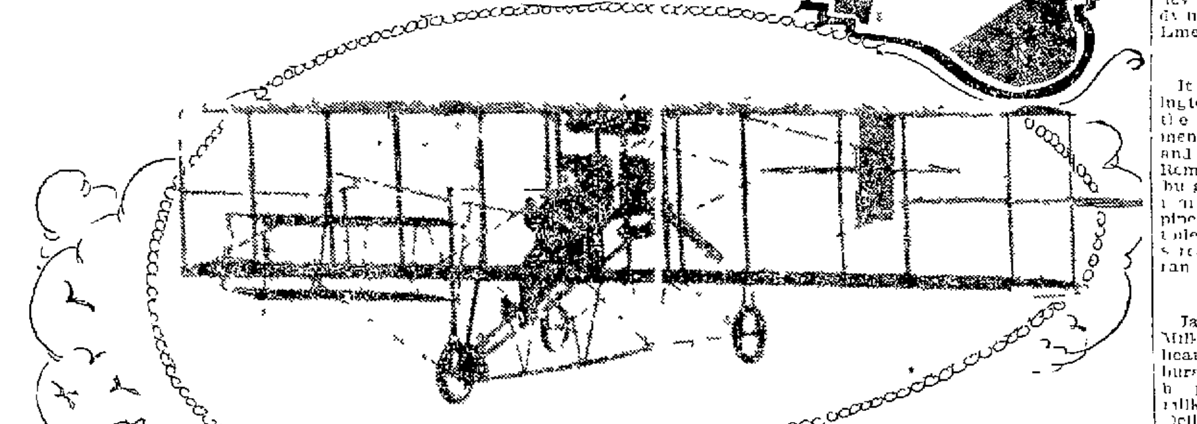

SAN DIEGO, Feb. 17.—Using one of his hydro-aeroplanes, Glenn Curtiss this morning alighted on the water alongside the armored cruiser Pennsylvania, was hoisted, machine and all, on board and shortly afterward the machine was dropped back into the water and the aviator flew away to his hangar on North Island. The test was made to show the Navy Department that an aeroplane equipped as Curtiss has equipped his does not need a specially constructed platform on a ship's deck to make it of practical use to the navy.

The trial by Curtiss was unannounced. His hydro-aeroplane was wheeled out of its hangar shortly before 8 o'clock this morning to the bay and at 8:30 o'clock Curtiss flew to the water alongside the cruiser's deck.

After a stay of 15 minutes Curtiss and his machine were on the cruiser's deck. After another stay of fifteen minutes the machine and its pilot were dropped overboard, the biplane rising gracefully from the surface of the water and without incident flew back to its hangar on North Island, where Curtiss has established an aviation school for officers of the army and navy and where he is arranging to erect his factory.

The test this morning is the first of its kind ever made and is the culmination of a series of experiments Curtiss has conducted in the past few weeks. He wanted to show the Navy Department that it was not necessary to equip a warship with a landing platform for aeroplanes. The experiment proved the correctness of his theories and marked another step in the development of the aeroplane for practical use by the navy in war or peace.

THIEF FIRES ON PURSUERS AND IS BADLY WOUNDED

Woman Gives Alarm and Revolver Battle Follows in San Francisco Residence District

SAN FRANCISCO, Feb. 17.—An encounter with a burglar in the early morning hours was the experience of N. F. Remington of 114 Washington street, an official of the Fresno Irrigated Farm Company, and his wife, a prominent local society and club woman and president of the Papyrus Club.

Then followed a battle between the burglar and a trio of milk men in which a fusillade of shots were fired.

Later a desperately wounded man believed to be the culprit was found in a dying condition and taken to the Central Emergency Hospital.

BURGLAR MAKES ESCAPE

It was about 4:30 a. m. when Remington first heard stealthy footsteps in the hallway of his home. His movements as he got up aroused his wife and as he pursued the intruder Mrs. Remington ran to the front window. The burglar, who had entered through a rear window after climbing up a drain pipe, escaped through the window of the toilet, and as Mrs. Remington was screaming for aid at the front the man ran out the alleyway.

IN HOT PURSUIT

James Dixon, driver for the Standard Milk Company, 3009 Eighteenth street, heard the woman's cries and saw the burglar running. Whipping up his horses he proceeded to follow and met another milk man, C. A. Eldridge of the Dairy Delivery Company, who jumped up beside him. The chase led on for two blocks when the pursuers were joined by William Dixon, a brother of James, who was on a wagon of the Merced Dairy.

The two teams now pursued until the steep hill at Jones and Washington streets was reached. There was no chance to take the wagons down the precipitous incline and the three men jumped off and pursued the culprit.

RUNNING DUEL.

Seeing that they were gaining the burglar turned and fired four shots in quick succession. Eldridge, who had a pistol, at the first report dropped to his knees and finally lay flat on the sidewalk and taking careful aim, gave shot for shot, wounding his man twice.

The entire neighborhood was now aroused and in the excitement the man escaped across lots and a search failed to reveal him.

FIND WOUNDED MAN

Two hours later Policeman Boland of the Barbary Coast squad was told that a man had staggered groaning into the lodging house at 691 Broadway. There he found Joe Morales, who was taken to the Central Emergency Hospital and was found to have a bullet in the right leg and the abdomen. He denied being the burglar when questioned by Detective Regan and told three different stories—one that he was held up in Lobos square, another that he was fired on in Jackson street and a third that he was the victim of robbers in another section. Eldridge made an effort to identify him but could not be positive. The police are convinced, however, that he is the man and the identification bureau hope to identify him as an ex-convict.

WOMAN GIVES ALARM

Mrs. Remington, when seen at her home later in the morning, said:

"I was asleep when awakened by the man being in the house. My husband heard him first and as he went after him I ran for the window. He didn't have a chance to take anything but jumped out through the toilet. I called to a milk man and he followed him. This affair has made me all excited, and I am very anxious to know whether or not the man dies."

IDENTIFIED AS EX-CONVICT

The wounded man was later identified as Jose Morales, who on July 8, 1908, was sentenced to one year and a half in San Quentin for burglary from Santa Cruz county under the alias of Pedro Sanchez. On February 10 he was arrested here on a charge of burglary but dismissed. His accomplice in the Santa Cruz crime, Antonio Torres, is now serving 18 years in San Quentin for another offense.

RUSSIA TO PRESS CHINESE DEMAND

ST. PETERSBURG, Feb. 17.—The Novoe Vremya, in discussing today the announced purpose of Russia to make a military demonstration in Ili Province in Chinese Turkestan, describes the note presented at Peking by Minister Korostovitz as a semi-ultimatum as it does not specify the term within which China must comply with the demands of St. Petersburg.

The paper adds, however, that if the Chinese government fails to act before the lapse of a fortnight the semi-ultimatum will be amplified.

Property at San Pablo Ave. and 17th Sells for $72,000

A deed placed on record yesterday from William C. Barrett and Sarah A. Parrett to Hatton Bell conveyed the southeast corner of San Pablo avenue and Seventeenth street, fronting 65 feet on San Pablo avenue by 103 feet on Seventh street, with a one story brick building thereon.

On inquiry at the ... Real Estate Company's office, who represents both Mr. Bell and Mr. Parrett in the transaction, the price at which the property changed hands was confirmed at $72,000.

The foundation for the present building was built to carry additional stories, which will undoubtedly be erected at the expiration of the present lease. This sale is a new record for values on this promising business thoroughfare as it represents an average frontage value of $1600 per foot.

Thousands Telegraph Denials to President

Charge That Fraud and Corruption Prevails in New Mexico Branded False.

LAS VEGAS, Feb. 17.—Aroused by the attempt of the anti-Saloon League and W. C. T. U. to block statehood through the effort made yesterday in Washington to influence Congress and the President against the constitution recently adopted for New Mexico, hundreds of officials and prominent citizens of the territory telegraphed denials today to President Taft that fraud and corruption prevailed at the recent constitutional election.

Epidemic of Grippe Sweeps New York

NEW YORK, Feb. 17.—The epidemic of grippe here shows no signs of subsiding and health department records show a large increase in the number of deaths from grippe and pneumonia over last year. Inclement and changeable weather is the cause of the unusual number of cases of grippe.

Records of the board of health made public today show that during the month of January there were 703 deaths in New York city from pneumonia and 152 deaths from grippe.

In ... January grippe caused 47 deaths and pneumonia 709.

'Needs Looking After,' Says Drexel Sr. of Drexel Jr.

NEW YORK, Feb. 17.—"It seems to me that boy needs looking after," said Anthony Drexel Sr. today as he looked at the headlines of a morning paper recording that his son Anthony Jr. had been knocked out at Lakewood, N. J., Saturday night in the third round of a bout with Bobby Beresford, younger brother of Lord Decies.

Drexel Sr. returned to this country today by the Mauretania.

"The boy ought to have known better. He went on, running down the column, than to take on Bobby Beresford.

"That man is one of the best amateur boxers in the British army. Anthony Drexel Biddle might have given him a little more action."

"Are you going to arrange a match?" asked a reporter.

Mr. Drexel shook his head, smiled and walked away.

Posse Closes In on Brutal Slayers of Four Stockmen

RENO, Feb. 17.—Advices from Eagleville today are that the sheriff's posse of twenty men and four members of the Nevada State police have the trail of the murderers of Cazabron, Indiano, Laxague and Erramouspe, the Washoe county stockmen, and expect to overtake them soon. Dr. ... unanimous opinion at Eagleville and vicinity is that Indians committed the murders. Excitement runs high at Eagleville and a citizens committee has offered a reward of $2000 for the capture of the murderers. The bodies of the murdered men arrived at Eagleville today. They were carried on stretchers to Denio, where the inquest was held Wednesday. Cazabron was shot four times, Indiano three times, Erramouspe four times and Laxague once.

Joaquin Miller's Condition Shows Slight Improvement

Joaquin Miller, the aged pioneer poet, who is lying dangerously ill at the Fabiola hospital, was reported this morning as having shown a slight improvement. He passed a good night and hopes for his ultimate recovery are correspondingly strengthened. His brother, C. M. Miller of Eugene, Oregon, is still at his bedside with the poet's grandson, Aloysius McCormick. Miss Juanita Miller, daughter of the Poet of the Sierras, has wired that she is on her way to the coast.

OAKLAND CALLS ON EVERY LOYAL CITIZEN

The invasion of a city is not always by a hostile army. It may be by a hostile interest. A call to go to the front at this time does not mean to be shot to pieces on the firing line, but to go to Sacramento to fight for the defense of Oakland's commercial, financial and industrial interests.

An assault insidious and dangerous has been made upon the integrity of the east bay shore cities and the interests of all of Alameda county. Every man who appreciates the magnificent development which this community is making, who believes in growth, in progress, in clean politics, in encouraging investment and enterprise, in the right of home rule for cities, who believes that Oakland, Alameda and Berkeley should be let alone to work out their own civic and commercial destinies, unhampered by the conditions which prevail in San Francisco, should report on duty at once to the Chamber of Commerce, prepared to go to Sacramento Tuesday and support our spokesmen and delegates who are to appear before the Judiciary Committee of the Senate Tuesday evening in opposition to Senate Constitutional Amendment No. 15, the purpose of which is to promote the so-called "Greater San Francisco."

OAKLAND EXPECTS EVERY MAN TO DO HIS DUTY.

This means YOU, MR. MERCHANT, MR. BANKER, MR. MANUFACTURER, MR. PROPERTY OWNER AND EVERY OTHER OAKLANDER.

This is a fight to protect our property interests, our harbor and our homes.

WILL YOU ANSWER "READY?"

OAKLAND CHAMBER OF COMMERCE.

FRAUD ALLEGED IN MURDOCK ESTATE

Report Filed by Special Administrator Contains Strong Allegations.

Reflects Upon the Integrity of Realty Man and Attorney of Oakland.

Positively asserting that his cousin James Murdock of Lemoyne 79 years of age a widower infirm and incompetent to manage his own affairs died alone at his home at midnight on the 1st day of January 1910 under suspicious circumstances and alleging that J A Parker a real estate broker residing at the time on Jones street in Chinatown but at present living at 1729 Forty first avenue Oakland has connived with Attorney R B Myers of Oakland to mulct the estate of several hundred dollars Samuel Allen of San Francisco tells an interesting story about the death of old Murdock in a report which he filed today in the probate department of the Superior Court as special administrator

The Murdock estate has a total value of about $1 Murdock lived there alone up to the very day of his death During the period Allen tells the court Parker was the trusted adviser and confidential man of affairs of Murdock Allen was the deceased's first cousin and was in the habit of visiting his cousin frequently He asserts that to his personal knowledge for a considerable time prior to his death Murdock was so infirm and incompetent for business that he ought to have had a guardian appointed to take care of himself and his estate

For several years prior to the death of Murdock declares Allen Parker had been endeavoring to persuade Murdock to sell his real estate and that about three weeks before Murdock died when it was perfectly apparent to all concerned that the old man was unable to properly manage his own business affairs Parker frequently represented to the deceased that he (Parker) had found a man named Schoz who was willing to purchase Murdock's holdings for $1000 and two lots of land to be given in exchange by Schutz to the deceased with the further privilege that Murdock might continue to reside on the property as long as he desired

Parker further represented Allen declares that $ 00 cash would be paid and the balance in one year thereafter Acting upon Parker's advice Allen advises the court Murdock accepted the offer and signed a deed or rather made a strange mark upon the deed which is supposed to be a signature which was prepared by Parker and presented by him to Murdock to sign

MONEY WAS PAID

The $500 was paid to Murdock says Allen who returned the money one day Then in fear of burglars he called on Parker and handed back the money asking Parker to put it in his safe and take care of it for him All of this information Allen sets forth was given to him by Murdock himself and corroborated by Parker shortly after the death of Murdock

Allen in the course of his story says that because Murdock was feeble and infirm and was living alone he had nailed in a prominent place in the kitchen of Murdock's home his business card and address Then a day or two after Allen received by special messenger from Parker word that Murdock was dying Accompanied by his wife Allen immediately proceeded to the house reaching the Murdock home about 6 o'clock in the evening Murdock was unconscious when Allen reached the house never recovered consciousness and died about six hours later

HOUSE IN DISORDER

The house was in utter disorder says Allen The trunk of Murdock had been ransacked and everything of value had disappeared

On the day following Murdock's death Allen called upon Parker says the former in his report to see about the $500 which Murdock had given to him for safe keeping Parker it is alleged claimed to have spent nearly all of the money but decreed to render an account After the funeral and at Parker's request Allen accompanied by his sister Mrs Sarah Handley called on Parker at the office of Attorney R B Myers in Oakland At the interview which followed Allen informs the court Parker again admitted having received the $ 00 from Murdock and also admitted a knowledge of other assets of the estate amounting to $ 00

He was asked to render a statement but refused He also claimed $ 0 as commission for selling the Murdock property together with the right to retain and deduct from the money all the expenses of Murdock's last illness and money which he claimed to have paid out to or for the deceased but of which he showed no vouchers He also declared that he would hold out expenses for the funeral and burial

SPEAKS OF KINSHIP

Myers questioned Allen the latter asserts relative to the next of kin of Murdock which he gave him Parker then asked Allen declares the latter to retain Myers as his attorney which he refused to do Allen did however make a statement concerning the next of kin which he subsequently found was not the one he claimed his forenoon by Judge William S Wells Le Roy was given eighteen months and Leandels two years in San Quentin

Based on file in the probate department of the Superior Court the petition to have him appointed administrator of the Murdock estate and that it was only then that Allen knew what the document was that he had been asked to sign From further search and inquiry Allen alleges he discovered the following facts

That on December 8 1909 by fraud and misrepresentation Parker induced Murdock to execute a deed whereby in consideration of $10 the deceased purported to grant absolutely to Parker and his wife Venilla P Parker their heirs and assigns all the real estate in Elmhurst The deed was recorded December 8 1909 and the same day the property was mortgaged by Parker and his wife to T H Rantzau for $700 loaned to them Then on December 15 1909 Parker and his wife conveyed the same property to Venilla Soares Parker's grand-daughter absolutely without means and her husband Frank R Soares for a nominal consideration

After making these discoveries Allen filed in the probate court an amended petition to be appointed administrator of the Murdock estate and secured an injunction against Parker and his wife and Mrs Soares and her husband and Rantzau from disposing of the property which is still pending

Attorney Myers refused to substitute Attorney Temple as counsel for the administration and when this matter was taken into court Judge William S Wells held that Temple had no standing in the premises

Allen informs the court that he has been unable to recover any of the property or money

EL PASO Feb 17 — After fifty hours of inactivity following his arrival from Chihuahua General Navarro set out from Juarez early today with 500 infantrymen 200 cavalry and two field pieces east in the direction of Guadalupe where Madero Gonzales and insurrecto chiefs are located They should reach Madero's location in about five hours

ON INSPECTION TOUR

EL PASO Feb 17 — Brigadier General Joseph Duncan commanding the Department of Texas accompanied by Colonel A C Sharpe commencing at El Paso, and several federal civil officials went out today in a special train to inspect border conditions between here and the Arizona line

GUARD BORDER.

CANANEA Sonora Feb 17 — Eighty federal troops reached here Thursday from Hermosillo and were despatched after dark to Naco where they are guarding the border The report that rebels were in the Ajo mountains near here has caused Mayor Arnold to send out scouts and to post guards at all approaches to the city

The scouts have so far reported inability to locate any rebels Snow is falling in the Ajo mountains and the federals do not believe any insurgents are there Cananea is guarded by 150 federals and 300 citizen soldiers

KILLS SPY

MEXICALI Mexico Feb 17 — The insurrectos added another to the list of dead Friday when an Illinois lad enlisted under General Leyva the insurrecto leader killed a regular Mexican soldier skulking in the mesquite bush

The shooting caused some excitement in the rebel ranks as it is their belief that the slain man was a spy for Governor Vega or some other federal commander General Leyva immediately dispatched the entire rebel cavalry under Captain William Stanley of Holtville California on a scouting expedition With General Berthold's evident pursuit of Governor Vega with 100 men and Stanley with almost as many more out scouting the insurrecto garrison in Mexicali is reduced two-thirds and its outposts are on the alert constantly

EXPECTS ATTACK

General Leyva confidently expects another attack He told the Associated Press correspondent today that he believed there would be fighting today or tonight and added

Certainly the federals will not let Mexicali go without another fight especially since we beat Vega Wednesday

General Leyva feels secure in what he believes is his impregnable position Desert washes protect his position on the south east and west while on the north neutral cavalry guards the border

Captain Babcock commanding the United States cavalry sent a detachment scouting along the boundary twelve miles east today to investigate reports that federal straggliers have been using American territory as a sanctuary in that direction

We will show both sides that they cannot use this country as a backstop said Captain Babcock

The rebels sent out a burial party today to inter the federal dead left on the battlefield Wednesday General Leyva today reasserted his claim that all of Governor Vega's men were slain Wednesday

CAPTURES HORSES

In the bull pen corral Leyva showed the Associated Press correspondent eight horses which he said he captured and whose riders were killed His own loss he placed at three killed and three wounded

General Leyva issued orders today that in future fights the wounded should not be taken on the American side to the Red Cross hospital in Calexico The order followed a definite assurance of the American authorities that any insurrectos or federals brought over the boundary would not be permitted to recross the line and again take up arms

The dead line established by the American troops Wednesday was relaxed today but the closest watch was still maintained to keep Americans from carrying arms across the line and joining the insurgents Following Wednesday's battle a number of adventurers are said to have organized a company at Holtville intending to cross over and join Leyva So far none of these have appeared as the border guard evidently proved too effective

Of Leyva's 300 men fully half are Americans Most of them are boys Four gave their residences today as New York and one Illinois but all refused to tell their names The lad who killed a skulking regular today goes under the name of Chicago Slim When asked for his right name he replied Slim is good enough name to fight under"

"LEAVE OAKLAND ALONE," SLOGAN OF LOCAL RESIDENTS

Morally Impregnable in Position Against Annexation With San Francisco; Strong Protest to Solons Will Follow

Tonight's meeting of the Progress and Prosperity committee of the Oakland Chamber of Commerce is to be open to the public and all who are interested in helping the fight against consolidation are urged by the members of the committee to attend. Every merchant, property owner, business and professional man of the city should feel the necessity of attending the meeting and aiding the men on the firing line, say the members of the committee.

It is hoped to have a delegation of three hundred and fifty to make the trip to Sacramento next Tuesday, where they will attend the hearing of the Wolfe [illegible] before the judiciary committee of the senate. The return will be made Wednesday morning. Reservations for Pullmans may be made at the Chamber of Commerce today and Saturday and those intending to go are requested to make reservations early so that none may be disappointed at the last moment.

It was decided at a meeting of the transportation committee of the Progress and Prosperity committee yesterday afternoon to ask the clubs of the city to go in a body. The Nile Club, the Athenian Club, the Elks Club and others will be asked to send as large a representation as possible. The Progress and Prosperity committee will go in a body if arrangements can be made.

Those present at the meeting yesterday were L. R. Bull, chairman; Charles [illegible], secretary; John B. Jordan, Irving Kahn, Louis Aber, Kenneth A. Millican, R. A. Presher, P. Schuyler, John C. Miele, C. F. Corman, William [illegible] Holmes, W. F. Gibson, P. C. Frederickson and [illegible] Denison.

DENISON TELLS OF TRIP

Secretary Denison, who returned yesterday from Sacramento, was requested to give his impressions of the struggle at the capital. He said in part:

"We must get busy and send delegates to Sacramento. The fight is on there to a finish and we must not concede an inch. [illegible] must keep our forces alert and active. The campaign may be dragged out to the end of the session if we do not.

"I am convinced that we are blocked at every opportunity. The opposition is active and well financed. They are having their speeches printed for distribution and are circulating petitions wherever possible.

"Their campaign has been one of misrepresentation and has given the impression that the majority of voters here are clamoring to join San Francisco. They make others think that it is only a group of politicians in this city who are against the consolidation amendment.

SOLID FRONT NECESSARY

"For that reason we should have as large and representative a delegation as possible to appear at the joint hearing before the judiciary committee next Tuesday night. At the meeting in the senate chamber Wednesday night the Oakland people thought it best to say nothing, as it was strictly a San Francisco affair. There was no ground for argument on account of the postponed meeting of the judiciary committee, and there was not a large proportion of legislators present.

"It is up to us to have a splendid showing at the meeting next week. The arguments of the opposition must then be met and refuted. We want as large a number of solid men of the city as possible, who, [illegible] members of the Progress and Prosperity committee, [illegible].

"It is a fact that the outside districts are not in favor of the consolidation, as they do not care to be under the domination of San Francisco in political matters and have to run to San Francisco for everything they desire. We will take up our slogan, 'Leave Oakland Alone,' and carry out the fight on that line."

It was after Denison's talk that the committee decided to make tonight's meeting open to those interested. They will at once go to work to line up the delegation, which will include representatives of every business house, bank, real estate firm, manufacturing firm and club in the city. Final details of the trip will be arranged at the open meeting tonight.

ELECTRIC LIGHTS ON TOURIST CARS

Santa Fe Makes Great Improvement in Its Overland Service.

The Santa Fe is to operate new and up-to-date electric lighted tourist sleeping cars on its overland trains from Oakland to Chicago and all points east, according to an announcement under date of February 1, made by John J. Byrne, assistant passenger traffic manager of the Atchison, Topeka and Santa Fe Railway Company. Byrne issued a circular letter to all general agents on the coast lines advising them that the Pullman Company will equip tourist cars with electric fans and electric lights. All sleeping cars on the Santa Fe, whether standard or tourist, will now be equipped with these conveniences.

SCHOOLS HONOR PATRIOTS' MEMORY

Grand Army Veterans Speak at Many Patriotic Gatherings.

Patriotic exercises were held in all the city public schools this afternoon in reference to the memory of George Washington and Abraham Lincoln. Veterans of the Grand Army of the Republic visited the schools throughout the city and gave addresses touching upon the lives of the celebrated presidents. Interest was rekindled in the revolutionary times and what was accomplished for the country by Washington and Lincoln.

Comrades representing the posts of this city were delegated to the respective schools by the board of education with the object of instilling the ideals in the deeds of Washington and Lincoln. The members of Lyon Relief Corps accompanied many of the Grand Army men on their pilgrimage to the institutions of learning.

PURCHASE OF SITE MAY GO ON BALLOT

City Wants Option on Hayes Property Adjoining Washington Park.

ALAMEDA, Feb. 17.—The finance committee of the city council, of which Councilman [illegible] is chairman, is considering the advisability of obtaining an option on the [illegible] Hayes property on Central avenue adjoining Washington Park, with the object in view of placing the issue on the ballot of the voters to decide whether or not bonds shall be voted for the purchase of the property.

Councilman [illegible] was in conference with John [illegible], the owner of the property, yesterday. The owners are asking $[illegible],000 for the site. If the city council considers the figure within bounds it is likely that the purchase of the property will be placed on the ballot in order to gain an advisory vote.

CHRISTIAN SCIENTIST TO LECTURE IN BERKELEY

The speaker is a Harvard graduate of the class of 1901, studied for two years at the Massachusetts metaphysical college, and in 1904 was appointed a member of the board of lectureship of the mother church, the First Church of Christ, Scientist, in Boston.

FREIGHT RATE BATTLE STIRS OCEAN TRAFFIC

Cut of $3 Made by the Pacific Mail and American-Hawaiian Companies; Rivals Will Suffer

SAN FRANCISCO, Feb. 17.—A freight rate war involving the three big companies engaged in carrying cargoes to New York via the Isthmus of Panama and Tehuantepec was inaugurated yesterday with an almost unprecedented slashing of tariffs.

Simultaneously declaring a cut of $3 on certain tonnage from this port to the Atlantic States, the Pacific Mail and American-Hawaiian Steamship companies declared open war upon the Bates & Chesebrough Canal Line. The rates of the two companies were reduced from $[illegible] to $[illegible] a ton, or to a price said by C. [illegible] Bates to be below the actual cost of operation and one that his company would not attempt to meet.

In defending the action of the Pacific Mail, A. J. Frey, assistant to R. P. Schwerin, said that the cut was made in self-defense and was only done to meet confidential cuts made by Bates & Chesebrough to favored shippers.

The line of service between San Francisco and the East via Panama inaugurated by Bates & Chesebrough last October was called into existence for the purpose of reducing the high freight charges and giving a quick service between this city and New York. Upon the assurance of support of some of the largest firms in the city a fifteen-day service was started between San Francisco and Panama. This, as the demand grew, was made a twelve-day service and on January 1 the of this year by chartering of additional steamers was made a weekly one. The rate cutting is said to mean the end of the competing independent line.

Speaking for his firm, C. [illegible] Bates said yesterday: "It is up to the people of this city whether our line will continue in business or not. The Pacific Mail and its parent, the Southern Pacific, have millions and we are not going to be drawn into a rate war that would mean our speedy extinction."

CLASH IMMINENT AT DANVILLE

Grand Jury and Sheriff's Office to Meet in Legal Combat.

DANVILLE, Ills., Feb. 17.—A clash between the grand jury and the sheriff's office is among the probabilities of the next few hours in the election fraud investigation. Ever since the elimination of State's Attorney Lewman it is certain Foreman Woodward has been having trouble in securing witnesses, subpoenas issued being returned with the endorsement "person not found."

Frank Collard, former Danville saloon keeper, converted to Christianity during a revival last year and now himself an evangelist, voluntarily appeared before the grand jury.

A summons had been issued for him several days ago. Collard says he was at home all day yesterday until evening. As soon as he left the house a deputy sheriff called over the phone and being informed that Collard was not at his home, appeared at the house with the summons. Not finding him at home the officer mailed the subpoena, not at home, and returned to the sheriff's office.

Bench warrants issued on indictments returned a week ago have not been served.

AGED WAR VETERANS TO SING IN CHURCH

Members of Appomattox Post G. A. R. to be Heard In Alameda.

ALAMEDA, Feb. 17.—A double quartet of Civil War veterans whose ages range from 60 to 70 years will sing tonight at the Santa Clara Ave. Methodist Church (South). The choir, which is called the "Boys' Choir," is composed of members from Appomattox Post, G. A. R., of Oakland.

TEMPERANCE WOMEN BID MRS. THOMAS FAREWELL

BERKELEY, Feb. 17.—A farewell reception in honor of Mrs. Mary R. Thomas, past president of the Woman's Christian Temperance union, was held yesterday afternoon by the local union in the parlors of Trinity Methodist Church.

Mrs. Thomas expects to depart soon for Oregon to make her home. The program included songs by Miss Olga Grossman. A silver souvenir spoon was presented to Mrs. Thomas by Mrs. C. O. Southard in behalf of the temperance union. A brief address on "Local Option" was given by Mrs. M. H. Cartwright. Refreshments were served.

JURY TO PROBE 'VICE SYNDICATE'

Confession Involves Many Policemen in White Slave Traffic.

SEATTLE, Feb. 17.—The grand jury to investigate the so-called vice syndicate, which is alleged to have governed Seattle for eleven months, was empaneled today. It is expected to be in session less than a month.

One of the members of the vice syndicate is alleged to have made a full confession and turned over his books showing payments of the rake-off to the police from gambling and the white slave business, and this will simplify the investigation of the police. The investigation into the other departments of the city government will consume longer time.

The laying of evidence before the grand jury will be conducted by Prosecuting Attorney John F. Murphy. The evidence against the police was gathered at the request of a wealthy and prominent citizen whose name has not yet been mentioned in connection with the reform movement, but who is contributing a large sum of money in the hope of purifying the city government.

WHAT MUSICIANS WHOM YOU KNOW SAY OF THE

Mason & Hamlin

PIANO

DR. H. J. STEWART—

"You have set a new standard of piano superiority, and it is not to be wondered at that musicians the world over are proclaiming the Mason & Hamlin to be unequaled."

WALLACE A. SABIN—

"It seems to me that in the Mason & Hamlin Piano there is a message for every musician—a message that will indeed prove an inspiration and a great help in his daily work."

GYULA ORMAY—

"It is, in fact, the only piano I have ever known which created a desire so irresistible as to compel its purchase."

FRANK CARROLL GIFFEN—

"As an aid to teachers and singers it is invaluable, since it never-failing resonance and tonal concentration afford effects which the voice should carefully imitate."

CARLO GENTILE—

"I believe fully that the Mason & Hamlin Piano stands today in a sphere alone, unapproached and unapproachable, the greatest piano that the world has yet known."

OAKLAND COUNCIL Y. M. I. TO VISIT 'WHITE SISTER'

Oakland Council No. 6, Young Men's Institute, will give a theater party this evening in Ye Liberty playhouse where the members of the council and their friends will witness a performance of "The White Sister." The members of the committee in charge of the affair plan to purchase equipment for the club rooms of the organization, which are in Tucker's hall. John C Murphy, Frank L. McGillan and John N. Gallagher have perfected the arrangements for the benefit.

Soon after the lenten season the council will give a ball, which will be an important social event.

MRS. ALDRICH BARTON MOTIF OF BRIDGE PARTY

Mrs. William Thornton White made Mrs. Aldrich Barton (Irene Bangs) the motif for a pretty affair today when she entertained a number of the girls and young matrons of the local smart set at the bridge table. The rooms followed an artistic arrangement of spring flowers, and a delightfully appointed tea followed the game.

The guest of honor wore a handsome gown of yellow crepe-de-chine, made in the prevailing style with the long train.

Mrs. White, who is noted for her hospitality, will give numerous other small affairs during the remainder of the season.

FORMER COLLEGE CITY GIRL LAID TO FINAL REST

MRS. G. E. HAMILTON, former Berkeley woman, who died after inhaling chloroform.

BERKELEY, Feb. 17.—Funeral services were held this afternoon for Mrs G. E. Hamilton, daughter of Mrs. Harriet Kief of this city and a former Berkeley girl, who died early Tuesday morning at her home in Roseburg, Ore.

She was found dead in bed, and it is believed that her sudden death was caused by inhaling of chloroform. She had been using the drug in this manner during an attack of asthma. The overdose was apparently accidental.

The funeral services were held at the residence of Edward Lawrence, 2021 Berkeley way, at 2:30 o'clock, Rev. S. C. Patterson officiating. Interment was in Sunset View cemetery.

Besides her mother, Mrs Hamilton leaves a husband who is traveling auditor of the Southern Pacific; two sisters, Mrs. H. L. Prevost of Berkeley, Mrs Lee Gregory of Mexico, and Myron Kief of this city.

Mrs Hamilton had been married fifteen years. Until three years ago she resided in Berkeley, where she had many friends.

WANTS AN EXTRA TARIFF SESSION

Wilson of Winters Would Petition Taft to Issue Congressional Call.

SACRAMENTO, Feb. 17.—A resolution was introduced by Assemblyman Wilson (Democrat), of Winters today, petitioning President Taft to call an extra session of Congress for revision of the tariff. The resolution declares that high tariff on necessaries works continuous hardships on consumers, and urges the President to submit a revised schedule to Congress without waiting for the report of the tariff commission.

The telegram sent Wednesday to the President of the Senate and the Speaker of the Assembly by Senator George Perkins asking for instructions with regard to the Canadian reciprocity treaty still is in the hands of the federal relations committee of the Senate and Assembly.

"I do not believe that any action will be taken on the matter," said a member of the latter committee today. "We have no expert testimony or knowledge on the subject, and do not feel that we can give our senator any suggestion that will help him in view of his much better opportunity to determine the merits of the question."

COMMANDER GATES APOPLEXY VICTIM

Naval Officer Stricken During Battle Practice One Month Ago.

WASHINGTON Feb. 17.—Commander Herbert G. Gates, U. S. N., died in the Naval Medical School hospital here today of apoplexy. He was taken ill a month ago, while serving as executive officer of the battleship Minnesota engaged in battle practice at Guantanamo.

Commander Gates was born in Bay City, Mich., April 6, 1867. He entered the Naval Academy September 4, 1884, and reached the grade of commander, July 1, 1910.

During the Spanish-American war he was attached to the gunboat Castine.

WOMAN FIRES SHOT AT FLEEING BURGLAR

Awakened at an early hour yesterday morning by a burglar who had effected an entrance to her home at 5403 San Pablo avenue, Mrs. Sarah D. Dietz, widow of the late Alf C. Dietz, obtained a shot gun and fired several shots through a window at the fleeing thief. Neighbors were aroused and the police were notified, but in the search they failed to find any trace of the marauder.

Besides several minor articles, the thief obtained several planes from nuts in the hall, valued at $150, and other articles of wearing apparel.

JUROR FINED FOR FAILING TO APPEAR

SAN FRANCISCO, Feb. 17.—Hartwig Cohn, a civil engineer, with offices in the Mining and Mechanics' Institute building, was fined $25 by Judge Hunt this morning for failing to appear as a juror yesterday in the civil suit of Mahoney Bros. vs. Gray Bros.

Cohn's non-appearance brought down the wrath of the court and he was ordered also to appear Monday and show cause why he should not also be given twenty-four hours in the county jail for contempt.

OPPOSE CAR LINE ON FOTHILL BOULEVARD

Council Committee Lays Over Application for Thirty-Five Year Franchise.

DECLARE THOROUGHFARE WOULD BE SPOILED

Members Prefer Cutting New Street Through to Accommodate Lines.

An application for a car franchise for almost two miles of track in East Sixteenth street known as the Foothill boulevard, presented by the Oakland Traction Company to the railroad committee of the City Council last night, was laid over for further consideration. The councilmen expressed themselves as adverse to granting a street railroad franchise on a street that has been set aside for boulevard purposes, and upon which much money has been spent by the county.

The application is for a street railway to run from High street to Thirteenth avenue and would bring transportation facilities to a district at present far from car lines. At the same time, it would spoil East Sixteenth street for a boulevard.

PART OF SYSTEM.

"This boulevard is part of a great system upon which at least $400,000 has been expended. It would be a virtual abandonment of this portion of the system to allow cars upon it. We would rather make plans to cut another street through to permit tapping this district with a car line. In the meanwhile it may be well to see what can be done by putting in feeder lines."

The application presented last night bore the provision for lighting the street at the expense of the traction company which was forced upon the company by President Pendleton in the consideration of the Hopkins street application. This will save the city thousands of dollars, five franchises granted carrying this street lighting provision. The credit for this is given President Pendleton.

BROOKDALE HAS BEEN INVADED

Realty Men Open to Public Large Tract in Exclusive Section.

Invasion of the exclusive territory surrounding Brookdale in the Santa Cruz mountains has recently been made by two real estate men who have purchased a large tract for the purpose of sub-division with the intention of selling it in 25-foot lots, with but a $200 building restriction.

For the last few years a number of Oaklanders have made Brookdale their rendezvous during the summer months, and until recently no one had attempted to in any way trespass upon the domain set aside for the fashionable set annually making its pilgrimage to frolic among the redwoods and pursue the elusive trout in the diminutive San Lorenzo.

Now all will be changed, however, as a large tract has been opened to the public.

Among those of the set of the bay who at present own cottages at Brookdale and who have in the past spent portions of their summers there are the following: H. C. Capwell, A. L. Adams, William High, Charles J. Heeseman, H. L. Breed, W. H. Musto and W. W. Cope, of this city; H. L. Davis, R. F. Maurer and Miss Elizabeth Westgate, of Alameda, together with numerous Berkeleyans.

MISSION WORK, LECTURE THEME

Interesting Experiences Related by Workers in Home and Foreign Fields.

Foreign and home mission workers related their experiences last evening at the fourth meeting of the jubilee celebration of the Brooklyn Presbyterian church, held in the church auditorium, Twelfth avenue and East Fifteenth street. Miss Donaldina Cameron of the Oriental Presbyterian Home of San Francisco, gave an account of her work among the Chinese girls. Her graphic description of the slave girls and her work in rescuing them awakened sympathy for the oppressed women, who are the prey of the highbinders. Her experiences in walking through long, noisome alleys and halls, the breaking down of doors and the rescue of the female victims in underground passages were thrilling. Miss Cameron was accompanied by three girls of the Mission Home, who sang and played several selections.

Rev. Clarence D. Herriott, home on a year's furlough from China, told of the great changes now taking place in China. Mrs. Herriott gave glimpses of the life of the white woman in the Far East. The Herriotts will return to their work in the Orient next fall. Dr. Lillian Shields, who has been working in the province of Laos to the north of Siam, gave incidents of the life of that country.

Mr. and Mrs. John R. Russell told of work among the Indians and Jews. Rev. Arthur Hicks, worker in the Sunday school missions in California, Miss Watson, who told of the work in Egypt. Greetings were read from Dr. Sarah Vrooman of India, Miss Edna McGaw of Utah and Mrs. Lucy Gay of the Siasta Indian reservation. An organ recital was given by J. H. Goold and several selections were played by Miss Edith Eberd.

This evening the program will be devoted to 'Our Neighbors, Presbytery and Vicinity.' Members of the Presbytery and other ministers will deliver lectures on interesting subjects. The program includes the following: "Scotch-Irish in America," Rev. Alexander Paton of St. John's, San Francisco. "A Country Heritage, History and Opinion," Rev. W. E. Lawson, Rev. L. Loe Bourow and Rev. Orville Coats; "One Lord, One Faith, One Baptism," Rev. H. E. Fors, Rev. F. Rhoda and Rev. L. A. McAfee.

SUICIDE ATTEMPT FOLLOWS DEBAUCH

Following a long debauch, during which he spent all of his money, James Bowen attempted to commit suicide last evening at 519 Seventh street, where he resides, by drinking lysol. Other roomers notified the police and Bowen's life was saved at the Receiving hospital.

CATARRH OF THE STOMACH

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse, as any dyspeptic who has tried them knows.

As Dr. Pennett says, the only reason I can imagine why Stuart's Dyspepsia Tablets are not universally used by everybody who is troubled in any way with poor digestion is because so many people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trade mark it must be a humbug, whereas as a matter of truth any druggist who is observant knows that Stuart's Dyspepsia Tablets have cured more people of catarrh of the stomach, indigestion, heartburn, heart trouble, nervous prostration and run down conditions generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

POISON MONSTER DECLARED GUILTY

Dr. Pantchenko and Count De Lassy Hear Fate in Court.

ST. PETERSBURG, Feb. 17.—A verdict of guilty was returned last night against Count O'Brien de Lassy and Dr. Pantchenko for the poisoning of Count Vassili Bouturlin. In the case of Mme. Muravieff a verdict of not guilty was returned. The jury recommended mercy in the case of Pantchenko on account of extenuating circumstances. De Lassy was sentenced to penal servitude for life and Pantchenko to fifteen years' imprisonment.

The trial aroused enormous interest and developed some startling testimony. Prior to the proceedings, Pantchenko made confession, in which he accused De Lassy of hiring him to poison Count Vassili, who was heir to General Bouturlin's millions.

At the end of the trial De Lassy was overcome. He attempted to make a speech to the jury but ended abruptly, saying:

"I cannot talk. I leave the fate of myself and relatives to your minds and your hearts."

Pantchenko, in an incoherent speech, said that he did not repudiate his confession, but wished to verify the degree of his guilt. He said that the question now was whether a Russian physician was capable of such a dastardly crime, and to this he proudly answered no.

Mme. Muravieff refused to say anything. The jury was out three hours.

WITHOUT CABBY OR DEMURE BUD

Co-Eds Must Walk to "Prom" and Be Free of Flowers as Frog From Feathers.

COLUMBIA, Mo., Feb. 17.—Women students of the University of Missouri who attend the junior prom, the biggest social event of the year here next month, must walk to the dance hall and wear no flowers. The committee in charge of the affair last night passed an absolute rule to this effect. That there may be no mistake, warnings against the practices will be printed on the tickets.

The main reason for the new rules is one of economy. Students are not prosperous at this time of the year, believes the committee. Second, there is a desire to make the dance democratic. So fight is on between students and local liverymen over the prices charged for cabs. The fourth reason is that students object to dancing with girls who have roses pinned to their waists because, say the young men, it is such a task to dodge the thorns on the stems that smooth dancing is made impossible.

PROPOSES TO CURE INSANITY WITH SERUM

LONDON, Feb. 17.—The newspapers ascribe to Dr. Oswald of the staff of the Glasgow Insane Asylum the announcement of an important discovery, which promises a certain cure for mental disease. The substance was discovered by research experiments in Germany and Glasgow. When injected into the blood of insane persons it renders them immune from further attack.

DISCLOSES AUTHOR OF GREAT BOOK

David Starr Jordan Tells Who Wrote "The Great Illusion."

STANFORD UNIVERSITY, Feb. 17.—Through Doctor Jordan, president of Stanford, and the lecture in the course on the basis of arbitration being given for the first time at Stanford, the name of the mysterious author of "The Great Illusion," considered the greatest book ever written on the subject of international peace, has become known. The author, who has written under the nom de plume of "Norman Angell," is Ralph Lane.

Lane is a citizen of Kern county, having lived there for ten years before he went to Paris as editor of the Paris Daily Mail. He has held a position of great importance in Paris and has been in close touch with international affairs. It is considered a foregone conclusion that he will come into even greater prominence when the Nobel prize is awarded next year for the greatest contribution to the cause of international peace.

WORLD INTERESTED.

That the revelation of "Norman Angell's" identity will be of great interest to the world of letters from the tributes which have been paid the "Great Illusion," which is considered an epoch making work, goes without saying. The work has been translated into every European language as well as into Japanese. Particular attention has been attracted to the book since the very high tribute paid it by M. Jaures of the French chamber of deputies. M. Jaures quoted from the book at great length, according to the press dispatches, and said that the book had done more for the cause of international peace than all the peace conferences and endowments by millionaires since the inception of the peace movement. Henri Tourot, a well known French journalist, has said:

DESTINY GREAT

"'The Great Illusion' is destined to have as great an influence on the conception of international economics as Darwin's 'Origin of Species' had on our conception of modern biology." This work is the most important reference book in the course on the history of international arbitration now being given at Stanford.

Lane was born in England, educated in France, and came to California at 20 years of age, starting ranching in Kern county. It was while on the ranch he wrote "Under Two Flags" ... ten years later ... he went to Paris to take up journalism.

JAPANESE MAY NOT BE PARTY TO SEALING PACT

VICTORIA, B. C., Feb. 17.—Strong pressure is being brought on the Japanese government by those interested in the Japanese sealing industry to prevent that nation from entering into a sealing treaty with the United States, Canada and Russia. Owing to the fact that Japan was not a party to the Paris agreement of 1894, the Japanese are not bound by the regulations which control other sealers. The industry provides great profit for a fleet of fifty Japanese vessels. Thirty-five Japanese schooners went to Bering sea last year, while only five Canadian vessels went from Victoria.

WHITE HELP FOR STATE RANCHES

Horticulturists to Be Freed From Incubus of Alien Laborers.

Homer A. Craig, a well known prune grower of Santa Clara county, who is prominently identified with the state-wide movement which has for its object the elimination of undesirable aliens from the vineyards, orchards and farms of California and the employment in their stead of desirable whites, is visiting Alameda county in the furtherance of the cause. Hitherto he has visited other sections of the State on a like mission, meeting with the support and encouragement of the commercial, farming and educational interests.

Craig is vice-president of the California division of the Farmers' Educational and Co-operative Union of America, an organization having an aggregate membership of about 2,000,000 in the United States, and is likewise chairman of the white labor committee of the California branch of the national organization. In speaking of the work accomplished and yet to be accomplished by the committee in question to a reporter for THE TRIBUNE today, Mr. Craig said:

"In my mind there arises no question regarding the feasibility of employing white labor in the horticultural districts of California to the exclusion of persons of other color, for I have hired none save white persons in my prune orchard for a number of years. It is my experience that by making conditions agreeable to Americans and other desirable Caucasians but little difficulty is experienced in retaining the services of all the able-bodied members of entire families throughout the harvest season.

"Mothers and their children—by the latter I do not mean little tots whose tender years should be immune from toil—I have found to be ideal help in gathering the crop, and I have made up my mind that what is true in my case could be multiplied by every horticulturist in the State if the proper advantages were offered this white help (families). I am glad to state that the Farmers' Union of California and kindred organizations have heartily endorsed the white help movement.

WHERE TROUBLE LURKS

"We who are advancing this movement have found stumbling blocks in the way, the most formidable being that the school vacation period often comes at an inopportune time for the fruit grower. We believe the vacation period, as it is, and that it must be made to fit in to the ripening period of our fruits, so that white labor will be available at those times, for we realize that no child should be kept from school to labor on the ranch. To so constitute the vacation period would not be a difficult task, would offer to mothers and their children light and profitable employment amid the agreeable surroundings of rural skies and balmy air, and would place in the palms of people of our own color hundreds of thousands of dollars yearly which are now diverted into the pockets of unassimilable aliens.

"I am satisfied that not only would the members of the Farmers' Union of the State be glad to secure this help but also practically 95 per cent of all the fruit growers of California. To do so, however, the growers must take into consideration the personal needs of the whites and make provision therefore. The white help on the other hand, must come to the harvest prepared to labor until its close. Otherwise the object sought is lost. To bring about the latter condition it is absolutely essential among other things that no school term shall break in upon the harvesting period, and the White Labor committee which I head is now crusading to that end. Let the vacation period fit the harvest period and great financial and physical good will accrue to all concerned.

EXPENDITURE LARGE.

"It is safe to say that approximately $2,000,000 per year are expended in this State for the gathering, curing and packing of fruits, including the work done in the fruit canneries, all of most of which can be easily performed by women and children of proper age. It is also safe to say that at least 60 per cent of that yearly expenditure now goes into the pockets of alien races whose habits and morals are not compatible with the white man's standards. These people have no part in our civilization and until they do should not share in the fruits of our energy.

"I am glad to say that many of the leading educators of California are heartily in favor of the work being done by the White Labor committee, and are giving the movement support. Among the gentlemen who are so doing are:

"State Superintendent of Schools Hyatt, Superintendent Roncovieri of the San Francisco schools, Superintendent McClymonds of the Oakland schools, Superintendent Frick of the Alameda county schools, Superintendent Barr of the Stockton schools, Superintendent Bateman of the Santa Clara county schools, Superintendent Shields of the San Jose schools and Superintendent French of the Los Angeles schools.

CONDITIONS MUST DOVETAIL.

"To bring about the result I have outlined it is absolutely requisite that the school boards of the several counties so arrange the fall vacation period that it will coincide with the fruit harvesting period of that particular section of the State.

"The various school boards hold the key to the success of the white help movement as being advanced by us, and if the much hoped for and greatly to be desired condition is to become a fact accomplished their co-operation must be full and hearty. Given that, our committee will free the vineyards and orchards of California from the incubus of undesirable alien labor.

FIX ON RATES FOR N. E. A. CONVENTION

Lomax Writes That Round Trip Rates From Chicago Will Be $62.50.

According to a telegram sent to the company's headquarters in this city by Passenger Traffic Manager E. L. Lomax of the Western Pacific road, who is attending a meeting of the Transcontinental Passenger Association in Chicago, that body has definitely fixed upon the reduced rates from the East to the National Education Association's convention to be held in San Francisco next July.

The round trip rate from Chicago is to be $62.50 and from St. Louis $57.50. From all Missouri river cities the rate is $50. Tickets at these rates are to be on sale from June 27 to July 5 inclusive. Tickets must be used to this city not later than July 14 and the final return limit is fixed at September 15.

The roads have decided upon similar rates for the International Sunday School Association's convention next summer in this city. Rates have also been fixed for the American Medical Association's convention in Los Angeles, the American Library Association's convention in Pasadena and the convention of the Electrical Supply Jobbers' Association at the Del Monte hotel.

OAKLAND TRIBUNE EDITORIAL PAGE

W. E. DARGIE
President

Senator Root on Canal Fortification.

Senator Root punctured the objections to fortifying the Panama canal in a brief speech which made the objectors ridiculous. He said:

"I wish to express my most decided and hearty concurrence with the conclusions which the Senator from Mississippi (Mr. Money) has enforced with the most interesting and instructive observations which he has addressed to the Senate. It seems to me that it would be as reasonable to leave one's door unlocked in the city because one is in favor of honesty as to leave this canal undefended because we are in favor of peace.

"We must not forget, when the project of neutralizing the canal is proposed, that all the unjust wars in the world, in modern times at least, have been waged notwithstanding treaties of peace. No treaty can be made for the protection of the Panama canal that would have a more binding effect than the treaties which exist today and the treaties that have heretofore existed, which have ineffectively interposed their feeble barriers against the wars of the past. When we once concede that there is to be defense, the question as between defense by fortifications upon land and by ships of the navy becomes a technical question and not a question of principle or policy.

"I am bound to say that the idea of defending the Panama canal by stationing a battleship at either end and expecting a thousand American sailors to live enclosed in steel under the sun of the tropics is visionary and absurd."

This disposes effectually of both the political and sentimental objections to fortifying the canal. Colonel Goethals, who is in charge of construction on the isthmus and who is an experienced army engineer, presents the case in another way that adds to the force of Senator Root's remarks. In giving his reasons for fortifying the canal he said:

"If the canal is to be made neutral by treaty and left unprotected, that means that in time of war an enemy who with a fleet in one ocean wants to attack our coast on the other ocean can use the canal." This is the nub of the matter, but Colonel Goethals elucidates it in this way: "The Americans in charge of the canal would have to help the enemy through—help him get where he could strike us to better advantage. It would be pretty galling for Americans to do their damnedest to get an enemy's ship through the canal for any such purpose. I know I'd hate to do it myself."

If the ideas expressed by ex-Secretary of State Richard Olney and former Secretary of the Navy John D. Long should prevail, the United States would be compelled to allow the warships of any nation with which we might be at war pass through the canal at will. By leaving it unfortified any nation could seize the canal and hold it against the nation that built it. Treaties are of no avail against such acts. Great Britain has never hesitated to violate treaties and neutrality laws when it was to her advantage to do so. She destroyed the Danish fleet at Copenhagen without provocation and in time of peace because Denmark refused to withdraw from her trade agreement with France. During the war of 1812 British warships attacked American vessels lying in neutral harbors in open violation of treaty engagements and the laws of neutrality.

It is impossible to imagine what the insurrectionists hope to gain by their farcical campaign in the lower end of the Imperial valley. The region is isolated and has only a corporal's guard of inhabitants. Mexicali, the only town in the Mexican end of the valley, is a squalid hamlet composed principally of saloons and still more disreputable establishments. It is just across the frontier, and is a place of resort solely because no liquor is allowed to be sold on the American side of the border. It is merely a rendezvous for gamblers, liquor sellers and degraded women. It has no strategic importance, and its possession can in no way further the cause of the revolutionists. The events occurring there are of no consequence in a political sense, and the prominence given them in the dispatches is but another evidence of the guerilla and inconsequential character of the insurrection in Mexico.

Russia Again Bullying China.

Russia is again bullying China for concessions in Mongolia and Northern Manchuria which will virtually give the Moscovite empire complete control of those provinces. China is in a helpless condition owing to the famine which has reduced millions to the verge of starvation. Russia is taking advantage of her extremity to push a shadowy claim for privileges to which she is not justly entitled. Her claim to extra territorial privileges in Mongolia and Northern Manchuria is merely a mask for a demand that she be allowed to assume governmental control in those sections of the Chinese empire. She wants trade preferences that would give Russia exclusive control of the commerce of the districts outside the great wall. Russia bases her claim on a treaty extorted from China in 1881. That treaty was superseded by the treaty of Portsmouth which ended the war with Japan. Russia's aggressions now are an infringement of the rights of nations other than China, and if persisted in are bound to bring on another conflict with Japan. Russia has never in her history respected a treaty or the right of another nation. She has always been a robber and a liar, and her treatment of China now is in keeping with her unbroken record of treachery and wanton aggression. The powers should intervene and compel her to keep her hands off China, for one aggression is always followed by another and each concession only invites fresh demands. Her present attempt to coerce a helpless and famine-stricken nation is a revolting exhibition of cruelty and greed. If the peace of the world is to be maintained the attempted spoliation must be prevented.

It is not surprising that Councilman Elliot should favor the recall of judges. If the recall is applied often enough a judgeship may in time fall to Mr. Elliot.

The Steamship Freight War.

The Pacific Mail Steamship Company has cut ocean freights from San Francisco to New York, via the Isthmus of Panama, from $8 to $5 a ton, and Bates & Chesebrough, who are running an opposition line, say it is an attempt to run them out of the trade, which it probably is. When Bates & Chesebrough started their line they cut the freight rate to New York to $8 per ton. The government has no established rate for through freights across the isthmus, but has been taking thirty per cent of the gross charge made by the steamship companies. The Pacific Mail and the American-Hawaiian Steamship Companies protested that the $8 rate was unremunerative, but the government declined to interfere. Bates & Chesebrough followed this up by offering to pay forty per cent instead of the thirty per cent hitherto taken by the government as its share of the transportation charge, the new arrangement to take effect on May 4th. The Pacific Mail and the Hawaiian-American Companies countered by announcing a $5 rate.

This has created a great commotion in San Francisco trade circles. A reduction in the gross freight rate means a reduction in the government's income from the operation of the Panama railroad. But that is not what concerns the shippers of San Francisco. What they fear is that rates will be raised if Bates & Chesebrough should be driven from the field. They want the government to interfere. What they expect the government to do is not stated. It does not appear that the situation would be remedied by the government if it would fix a flat rate for transportation across the isthmus. What other action it can take to protect Bates & Chesebrough from ruinous competion does not appear.

The fact is that Bates & Chesebrough entered the field in competition with the two older companies and began by cutting rates. They were encouraged to do this by the San Francisco shippers who wanted a lower freight tariff and quicker transit. Now the boot is on the other leg, the older companies doing the cutting. The competition has assumed a destructive phase, for it is obvious that a $5 rate will require freight to be transported at a loss since the government will get $2 for every ton carried, leaving only $3 for the steamship companies. Destructive competition either compels the weaker to abandon the field or make peace. Neither alternative is pleasing to the San Francisco shippers.

Alienation of Public Park Lands.

The objections raised by the Park Commission against using the Lake Shore Willows Park as a site for the proposed municipal auditorium has had the effect of causing the members of the Council who favored that location to alter their plans. It is represented that a resolution will be introduced in the Council providing for the erection of the proposed building on the Peralta Park land south of the Twelfth street dam.

The suggestion if carried out will be a case of "jumping out of the frying pan into the fire." One of the objections, and in reality the strongest of the objections raised by the Park Commissioners against locating the auditorium at the northeast corner of Fourteenth and Oak streets was based on the grounds that the site selected is part of a public park and that it cannot be lawfully used for any other than park purposes; that the municipal auditorium is not intended to be used as a park building and cannot by the strongest stretch of imagination be classed as such, for the reason that the whole scheme of building the structure is to provide the city with a public convention hall, and, therefore, planting the building on the site in question would be an alienation of park lands not tolerated by law. The selection of a site for the building on park lands on the south side of the dam is merely laying the foundation for transferring the trouble.

There are probably a score or more of decisions rendered in various States and by the highest courts of the country that land dedicated by gift and through purchase for public parks cannot be used for any other purpose. Some of these decisions go so far as to say tentatively that possibly the only method by which land once dedicated for a public park can ever be alienated is with the consent of the people of the United States as a whole, as every citizen in every State has an interest in park property wherever it may be located. Even the manner in which such consent is obtainable is a subject of judicial doubt; but it is held in the decisions in which the point is discussed that the alienation cannot certainly be accomplished without the joint consent of the legislative bodies of the municipality and the State in which dedicated park land is located and a special act of Congress approved by the President, and possibly even such joint action may be ineffective.

Four alienations of park lands have already occurred in this city—namely, by the location of the corporation yard on the park land between Twelfth and Eighth streets; the electricity building on the northeast corner of Oak and Thirteenth streets; the salt water pumping station in the middle of the Lake Shore Willows Park and the occupation of Lafayette Square by Chabot Observatory, which is under the jurisdiction of the Board of Education. All of these buildings are located on dedicated park lands and remain there by sufferance only and are subject to removal at the instigation of any citizen whether he be a resident of Maine, Georgia or any other part of the United States. The county buildings are located on what were two public squares, but they were never legally dedicated for park uses and were subsequently deeded by the givers to the county for county purposes.

The City Council should go slow in all its dealings with the park lands.

It was just a hundred years ago that the first Portland cement was produced. "The Cement World" celebrates the anniversary by issuing an elaborate centennial number, giving the story of the original invention and the founding of the great modern cement manufacturing industry. The inventor was Joseph Aspdin, a bricklayer of Leeds, England, who originated the name "Portland cement," and to whom King George IV gave the first letters patent ever granted for Portland cement, in 1824. In recent years a rival claimant for the honor of the original invention has appeared. A full discussion of the claims is given in "The Cement World."

"The St. Paul Pioneer Press" calls the Minnesota anti-cigarette law a farce, and asks for the repeal on several grounds, chiefly that it is an object of general contempt and never has been enforced. "It is reported," says "The Pioneer Press," "that cigarettes are on sale in the Capitol in violation of the anti-cigarette laws passed two years ago. It would be no surprise to any one if it be found to be a fact. If cigarettes are not on sale in the Capitol, that is about the only place in St. Paul where tobacco is disposed of to the general public at which cigarettes cannot be obtained. All of which should make legislators careful about cluttering the books with laws that are dead letters.

A Wisconsin legislator is on deck with the usual "bill to abolish tipping." This measure is aimed particularly at the Pullman company and its negro employes, and provides briefly that every railroad company shall keep posted upon its cars the sections of the statutes applying to tipping. It also provides that an employer who permits employes to take tips shall be liable to a fine of from $25 to $5000 or to imprisonment in the county jail not exceeding six months or to both fine and imprisonment. Wisconsin papers fail to state what chance there is for the passage of the bill.

Spanking

Spanking is recommended by a writer in that estimable repository of household advice Harper's Bazar. Not indiscriminate spanking, of course, but spanking judiciously administered as a punishment to fit the crime. This is sound and wholesome admonition to a generation of chicken-hearted parents, who, having been educated to their present comfortable estate under a regime of corporal punishment, straightway insist that no child of theirs shall ever feel the rod, the slipper or the hair brush. It is within the experience of every observing person that a proper laying on of hands has transformed a peevish and obstreperous child into a paragon of good humor and obedience. Little Angel Face does occasionally need both discipline.

Having thus far commended the applicable Bazar's advice, it may be added that the suggestion, "Never spank when one is angry," while undoubtedly most admirable, is still a counsel of perfection. If spanking were to be deferred until the occasion for it had grown cold, would there be any spanking?—Kansas City Times.

POSTPONE ACTION ON BOX ORDINANCE

Numerous Protestants Object to Tacking on Amendment.

Action on the proposed amendment to the box ordinance which would permit the retention of boxes in saloons not serving liquor to women was deferred by the license committee last night as delay was asked by a number of protestants who are anxious to lay their objections before the council Councilman J N Colbleder asked that the matter be put over for two weeks as W B Barnard president of the Men's League of the First Congregational church had spoken to him asking that the members of the league be given an opportunity to protest

The box ordinance fathered by Councilman Everhart has eliminated all stalls boxes and private rooms from saloons and cafes The amendment proposed by Councilman William J Baccus would permit the use of boxes in bona fide saloons with an exclusively male clientele Councilman Baccus explained that there was a legitimate demand for privacy which could be provided by the small box with table and chairs of a saloon and which could do no harm to anybody The box ordinance was directed against the cafes serving liquor to women and was advocated by the social purity forces

FEAR GAMBLING

The protestants against the Baccus amendment fear that there may be card playing and gambling in the rooms provided in saloons Councilman Baccus suggests that if this is the only argument to be consistent council will have to close up the rooms of the various well known men's clubs about town Arguments on the subject will be heard at the next committee meeting

The license committee recommended the granting of the following liquor licenses

WARMAN SOUNDS WARNING NOTE

Advises People of This Country to End Talk on Canadian Annexation.

KANSAS CITY Mo Feb 17—In an address at the Centennial dinner of the Knife and Fork Club here last night Cy Warman of Montreal the poet and author warned his auditors that the United States must silence the annexation talk if they wish Canada to accept the proposed reciprocity measure His remarks on the subject followed the declaration of Henry George Jr of New York that he hoped to see Canada some day a part of the United States

I am not in favor of annexation but I am in favor of reciprocity said Mr Warman It is the greatest thing for the good of the two countries that has been proposed in the last hundred years But if the people of the country talk annexation they will defeat reciprocity in the Canadian house Don't spoil a good thing by wanting too much

Mr George said in his address on The Single Tax that the world was beginning to recognize that this favorite measure of his father was the only solution to the question of taxation and the betterment of financial conditions

RADICAL CHANGES IN GRAND JURY PROCEDURE

Senate Passes Bill Making Alterations Regarded as Important.

TWENTY-SEVEN ARE PASSED DURING DAY

Employes Must Be Paid Every Month Under Provisions of Proposed Law.

SACRAMENTO, Feb. 17.—The Senate passed twenty-seven bills at its morning session today. These now go to the Assembly for action. The record is the best made thus far in point of numbers.

All employes other than those of counties or municipal corporations must be paid monthly under the provisions of a bill by Senator Sanford which was passed. Any person, firm or corporation holding back such wages more than ten days after they are due, is made liable to a maximum fine of $500. The bill is a companion to Senator Sanford's bill, for payment of wages in currency or negotiable checks, which was passed recently.

GRAND JURY CHANGES.

A series of bills introduced by Senators Boynton and Burnett and passed by the Senate today make what are considered radical changes in grand jury and court procedure. Among other alterations in procedure are the following:

That grand jury proceedings shall be of record only in case where indictments are returned and that the defendant shall be furnished with a copy of the proceedings within five days after the grand jury adjourn, or within five days before the case goes to trial.

That indictments may be altered in non-essentials by the district attorney any time before a case goes to trial, or with consent of the judge, at any time thereafter.

DEATH OR ILLNESS.

That when a judge is prevented by death, illness or other unavoidable cause from continuing in the hearing of a criminal case, any other superior judge of the same county may officiate or the Governor may designate a judge to act.

That a witness shall not be allowed to refuse to produce papers or books when so ordered on the ground that he may be incriminated thereby, but also providing that such documents may not be used against that producer except in trial for perjury.

PREVENTS CHALLENGING.

Preventing the challenging of grand jury panels.

That appeal may be had by the State in habeas corpus proceedings.

Among other bills passed were the following:

Making banks of streams stocked with fish from State hatcheries public highways for the purpose of fishing—Birdsall.

Providing that officers of National Guard shall be elected every four years.—Beban.

Re-classification of the counties of the State. This bill makes Los Angeles county the county of the first class.—Ifew tt.

For regulation of commercial fertilizers.—Estudillo.

A series of bills making technical amendments to the code of civil procedure introduced by Senator Gates, was passed.

NOTED EDUCATORS RESIGN POSITIONS

Many Years of Service and Old Age Given as Reasons.

PHILADELPHIA, Feb. 17.—Rev. Edward Reed president of Dickinson college at Carlisle, Pa., has notified the board of trustees that it is his intention to resign on or before the commencement in June. He says he feels that the duties of the office have become too burdensome for a man of his years.

ACTION VOLUNTARY.

WORCESTER, Mass., Feb. 17.—Announcement is made here that Dr. Edmund A. Engler has resigned his position as president of the Worcester Polytechnic Institute. The action was voluntary and no reason was given except that he thought that his tenure in the position was long enough.

The resignation was tendered and accepted at the last meeting of the trustees. It will take effect at the close of the present school year.

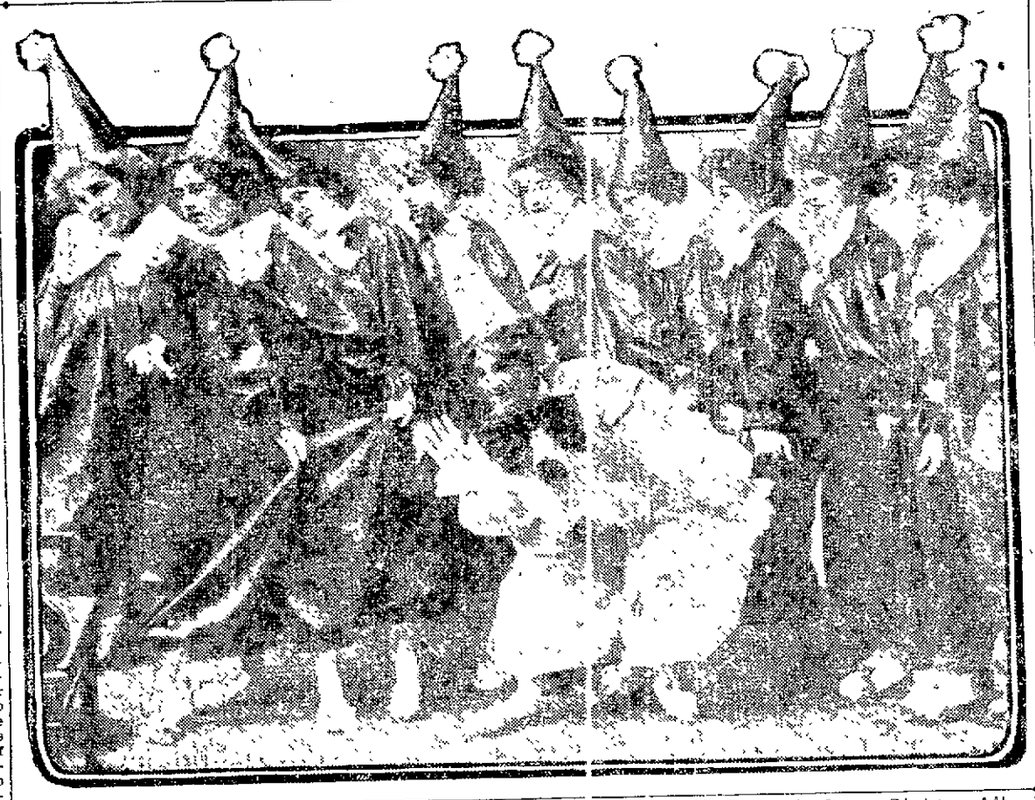

SAN FRANCISCO WATER FRONT FOR FAIR SITE

BERKELEY, Feb. 17.—J. B. Havre of 1486 Euclid avenue, Berkeley, addressed the meeting of the Board of Directors of the Berkeley Chamber of Commerce last evening in favor of the San Francisco water front as the site for the Panama Pacific Exposition in 1915.

In offering this suggestion Havre produced figures to show that the money which is at the disposal of the Exposition Commissioners, joined with the resources of the San Francisco Harbor Commissioners, would be sufficient to put permanent improvements upon the water front, that would provide facilities for handling the future commerce of the port, and would build beautiful structures of steel and stone sufficient to hold the exposition exhibits and accommodate the hundreds of thousands of visitors who will come to California. He regarded this as a golden opportunity for getting the harbor facilities that we need, for what helps San Francisco benefits Berkeley, and at the same time obtain the most picturesque and most convenient site for the exposition that it would be possible to plan. If any other site is chosen, he pointed out, the buildings necessarily will be temporary, and will have to be torn down at great expense, while if placed on the water front according to the plan suggested by Elmer Corbaid, a Berkeley architect and indorsed by Senator Newlands of Nevada.

Director W. J. Mortimer earnestly indorsed the proposition, and offered a resolution to the effect that the Berkeley Chamber of Commerce request the Panama Pacific Exposition Company to ask President Taft to direct the National Commission of Arts to select a site for the exposition.

Yama Yama Girls to Be Big Feature Of Alameda Y. M. I. Minstrel Show

Yama Yama Girl Dance at Y. M. I. Minstrel Show. Reading From Left to Right: Miss Marie Ross, Marie, Koordt, Ethel Bieleck, Stella Koordt, Alice Flanagan, Grace Meysel, Minnie Kist, Rose Flanagan, Lila Ganron, Mercedes Mendizabal. Center: Mrs. A. H. Stephan, Coach.

ALAMEDA, Feb. 17.—Preparations for the big minstrel show of California Council, Young Men's Institute, on the evenings of Thursday and Friday, February 23 and 24 at Adelphian hall, are about completed with the sale of large numbers of tickets and daily rehearsals.

A chorus of seventy-five voices will be one of the features of the spectacular bill which will include many unique acts. The end men will be Edward Silver, Jack Mulvaney, William Woodside, A. H. Stephens, George Postel and A. Deladie. Dennis Mannion, one of the most popular members of the council, will act as interlocutor. The songs of the end men will comprise the popular ragtime airs of the day.

The soloists will be George McClelland, Ray Larkey, Hugh McAvoy and Bernard O'Brien. One of the prettiest acts on the program will be the dancing of the Yama-Yama girls. Miss Florence Carroll will sing three soprano solos. Harry Miller is on the program for two violoncello numbers. Miller is a skilled artist and the audience is expecting a rare treat from him.

The Y. M. I. quartet, composed of W. H. Brown and Wallie Woodside, Jack Mulvaney and Walter Jacoby, will sing a medley of ballads and songs.

The committee of arrangements for the minstrel show consists of D. F. Mannion, chairman, P. H. Dufour, E. J. Silver, J. Tilleck, Ward J. Dwan, T. W. Maguire and G. Vandenabeele. M. T. Donnigan of San Francisco is coaching the participants. Mannion is proving an efficient manager.

ANNEXATION IS THEME OF ROTARY SPEAKERS

Speakers at the regular meeting of the Tri-City Rotary Club yesterday took up the subject of annexation, pointing out the advantages and disadvantages that would be the result of Oakland becoming a part of San Francisco. Referring to the position of Oakland at the present time, John A. Jones said in part:

"Oakland, being built on the mainland and having natural advantages as the site for a great commercial mart, maritime port, manufacturing metropolis and unexcelled residential city, may with reason be called the city of opportunity and magnificent destiny. When should she be expected to forego and surrender her great destiny as an independent, autonomous municipality merely for the added prestige and greatness? It is not reasonable. It is not business common-sense to contemplate any such sacrifice for the sake of showing an altruistic, philanthropic regard for our sister city at the portal of the Golden Gate."

Other speakers were W. E. Gibson, N. F. Greensfelder, N. S. Phillips, Rev. William Day Simonds and Robert Robertson. Gibson contended that annexation was a ridiculous proposition so far as this city was concerned and that it was but in keeping with the recent attempt made to destroy Oakland of her custom house and deputy collector of customs.

BEGGAR'S VICTIM OAKLAND ACTOR

Jack Morrison Appeared Here Under Name of Joe Murray.

SAN JOSE, Feb. 17.—Jack Morrison is the true name of the man whose skull was fractured Monday night by a thug on North First street, but he is not connected with the "Girl in the Taxi" Company.

He was identified this morning by a woman in this city who did not wish her name made public. He is a vaudeville actor, who for some years has appeared in the various cafes in San Francisco. A year ago he was acting in the Broadway theater, Oakland. His stage name is Joe Murray, and his acting partner is Florence Good.

Morrison has a sister, Elsie, who is a trained nurse, residing in St. Louis, and his mother also lives somewhere in the East. Morrison's condition today is worse, and it is not now believed he can recover.

PLAYS WITH FIRE; BABY IS DEAD

Elizabeth Azzolina, Aged Two, Dies of Burns Sustained Weeks Ago.

SAN FRANCISCO, Feb. 17.—Another babe, scarcely able to toddle, paid the penalty of playing with fire at a late hour last night when while the father and mother stood grief-stricken by her bedside little Elizabeth Azzolina, aged 2 years, died in the little home at 11 Filbert place.

Eleven days of suffering had been the lot of the babe, following an accident on February 5. The mother was in another part of the house when the child, having gotten hold of some matches, lighted a candle on the rear porch. Her clothing was set on fire and before it could be extinguished her neck, side, face and nearly half of her body had been burned and scorched. Dr. J. G. Burque did all possible to save her life but without avail.

STRENUOUS DAY FOR ROOSEVELT

Colonel Will Deliver Four Addresses in Chicago February 22.

CHICAGO, Feb. 17.—Colonel Theodore Roosevelt will have a busy day mapped out for him when he visits Chicago next Wednesday. He will deliver four addresses at Washington's birthday celebrations, at two of which his audiences will be almost exclusively foreign-born citizens.

The first speech will be delivered in the morning in the Auditorium theater under the auspices of the Union League club. At 1 o'clock in the afternoon he will speak in the First Regiment armory and from there he will hurry across town to Hull House, where he will address the boys in that neighborhood at a meeting in Bowen hall.

"What George Washington means to boys; the obligations of future citizens," will be the subject of the colonel's address at Hull House.

A detail of 100 members of the Hull House division of the Boy Scouts will act as a guard of honor to the ex-President.

In the evening Colonel Roosevelt will be the guest of honor at a banquet at the Union League Club.

AMERICAN RED CROSS AIDS WOUNDED MEXICANS

WASHINGTON, Feb. 17.—For the relief of the wounded and sick of the contending Mexican forces in the neighborhood of Mexicali who have crossed the border to Calexico, California, the American National Red Cross telegraphed $5000 today to General Bliss, commander of the military department of California.

General Bliss had advised the War Department that a number of wounded and sick were now in Calexico and that as the army had not sufficient funds to take care of them, Red Cross assistance was needed.

MARTINEZ CLOSES ALL NIGHT SALOONS

MARTINEZ, Feb. 17.—The Board of Trustees has passed the ordinance closing the saloons of the town from midnight until 6 a. m., limiting the number of saloons to twenty-six, forbidding the transfer of licenses to non-citizens of the United States and excluding women from all barrooms. The ordinance was brought up following resolutions which were adopted by the Knights of the Royal Arch of this city and presented to the board.

SUPERVISING ARCHITECT FOR NEW CITY HALL HERE

At Today's Session of Board of Public Works Contract for Excavation for Structure Was Awarded

Sullivan W. Jones, representative of the New York firm of Palmer & Hornbostel, architects for the new $1,000,000 city hall, was in consultation with the board of public works this morning, having arrived from the East last evening. He will be here until all the contracts for the big municipal edifice are let and work has started, his arrival marking the actual commencement of work under the city hall bond issue.

For the next three weeks Architect Jones will be in consultation with City Building Inspector John Towle as to labor conditions, materials and building restrictions and conditions in Oakland. The contracts for the various parts of the building are to be let separately, 27 different contracts being listed in the plans and specifications brought from the East by the city hall architect.

EXCAVATION CONTRACT.

The first contract for the excavation for part of the foundation of the city hall was let this morning to Just Anderson for $6300. The earth will be deposited on the park and playground lands.

The plans and specifications prepared by Architect Jones are comprehensive to the last detail, and include everything from the foundations of the edifice the modern automatic vacuum cleaning and mopping system to be installed when the building is finished. The architect has taken up headquarters on the third floor of the First National Bank building and expects to be here for some months.

Contracts comprehending the entire structure will be called for at the same date. It is anticipated that there will be between 400 and 500 bidders on the 27 classes of work and material to be furnished. The plans and specifications will be issued in the form of a heavy book of some 250 pages, and the books will be issued to bidders only on giving a small deposit for their safe return. The plans and specifications will probably be ready for the printer in about a month.

SPEAKS OF PLANS.

Architect Jones said this morning: "Labor conditions are more restrictive here than in the East, and I wish to meet the conditions here in so smooth and perfect a manner that there be nothing to hinder or delay the work after it is once started. With Mr. Towle, the building inspector, I will go into this matter exhaustively, and will segregate the work in such manner as to bring the contract divisions in some sense in harmony with union lines. We will also work with California materials as our standard."

The contract divisions are as follows: Masonry work, structural steel and erection, reinforced concrete floor and roof arches, granite work and setting, Indiana limestone work and setting, Manti stone work and setting, architectural terra cotta, cleaning fronts, damp proof paint and painting, paving and sidewalks, sheet metal, roofing and skylights, metal doors, ornamental iron and bronze, metal furring and lathing. Plastering and imitation stone, interior marble and tile, rough carpentry, cork floors, cabinet work and setting, glass and glazing, painting and finishing, finished hardware, vaults and vault doors, elevator, heating and ventilating, vacuum cleaning and mopping system, electric wiring, plumbing.

CONTEST KEEN FOR PRIVILEGES

Flower and Candy Concessions in Ferry Building Are Eagerly Sought.

SAN FRANCISCO, Feb. 17.—The contest for flower and candy stand privileges in the Ferry building was resumed before the Harbor Commissioners yesterday forenoon at the regular meeting of that body. At the last meeting a bid of $600 by Arthur Allen was the highest made for the flower privilege. Yesterday L. J. Erissolara submitted a bid of $610, accompanied by a certified check for that sum for the first month's rent. The present tenants, the Ferry Floral Company, have been paying $130 a month rental. Through their attorney, Carl Westerfield they asked to be given time in which to consider whether they will meet this last bid or not.

C. F. Reindollar submitted a bid of $360 as monthly rental for the candy stand privilege. The present tenants are paying $160 a month and at the last meeting of the commission made a bid of $250. Yesterday the holders of the privilege had nothing to say, but President Stafford stated that he had received an opinion, by telephone, from W. R. Davis, the attorney of the board, that while there was no question as to the Harbor Commission succeeding to the permanent fixtures put in by those holding privileges, the tenants might have equities that the courts would recognize.

Brissolara offered to deposit a bond or cash to meet this equity, whatever it might be, but the board decided to delay until a written opinion has been received from the attorney.

L. B. Edwards appeared as a member of a firm which he said stood ready to put in a higher bid on all the newspaper and candy privileges if a business basis for the conduct of the transaction could be arrived at. He thought a time should arrive when there would be a final shove down of bids. At present a bidder for a privilege, limited to thirty days, must wait until the tenant decided whether he would meet the bid and others were also at liberty to raise the bid at any time, so that a bona fide bidder was unable to arrive at any definite or businesslike conclusion.

The attorney of the board was also requested to give an opinion as to whether, under his interpretation of the law, a time would arrive when the auction of bids would cease and a business basis for closing the transaction be reached. The whole matter was then put over for two weeks.

The commissioners gave the Globe Grain and Mill Company a lease of premises on section three of the sea wall for a grain elevator to be erected by the lessee. The term of the lease is seventy-seven months and the total rental $13,500, which is to be met by the cost of the erection of the elevator. W. E. Keller of the company was awarded a contract for building the elevator at the same figure as the rental charged, which was paid in advance and turned into the harbor fund.

Senator Depew's remaining stay in the Senate is not without consolation. Senator Jeff Davis excoriated him.—Atlanta Journal.

TACOMA SHOCKED BY EXPLOSION

Thought That Coal Mine at Carbonado Has Met With Accident.

TACOMA, Wash., Feb. 17.—An exceedingly heavy explosion shook this vicinity at noon today. It is reported here that it occurred in a coal mine at Carbonado. That town seemingly is cut off from telephonic communication.

SAN FRANCISCO SOCIETY

SAN FRANCISCO, Feb. 17.—One of the most brilliant events of the late winter season will be the concert at the St. Francis Hotel this evening.

Miss Flora Wilson, the beautiful and talented daughter of the Secretary of Agriculture, will sing for the benefit of the Ananitage Orphanage at San Mateo.

Miss Wilson has been extensively entertained here, as she made many friends in San Francisco during her visit to the coast with the late President and Mrs. McKinley.

Several large dinners will precede the concert this evening, and all the boxes have been engaged by society folk.

Mr. and Mrs. George Pope, Mr. and Mrs. Henry T. Scott, Mr. and Mrs. William Tevis and Mr. and Mrs. Joseph Grant are among those who will entertain in this way.

* * *

Mr. and Mrs. J. Blumberg will entertain a score of friends at their home this evening.

* * *

Miss Huntington and Miss Gibbons, the fiancee of Perry Evans, will be assisted in receiving by Misses Frances Franklin Harwood, Frances Allen, Howard Huntington, Joan Murphy and the Misses Grace Wilson, Meriam Gibbons and Edith Metcalf.

* * *

Miss Addie Hirschberg will be the guest of honor at a tea Miss Vida Levy will give Saturday afternoon at the Palace Hotel.

* * *

Among the late arrivals at the Palace Hotel is Dr. Harry Lent, who is receiving a cordial welcome at the hands of his friends after his lengthy stay abroad. He is looking none the worse for the illness which compelled him to remain longer in New York than he had originally intended.

* * *

Mrs. De Lustig was hostess at a large card party on Tuesday afternoon at the Bellevue Hotel. One hundred guests were entertained.

* * *

Mr. and Mrs. Cuyler Lee will entertain a large company of friends at dinner this evening, and afterward take them to Miss Wilson's concert.

* * *

Mr. and Mrs. William T. Wis will preside at a dinner this evening in compliment to Miss Helene Irwin and Charles Templeton Crocker.

Only the intimate friends of the honored guests have been invited to the affair, which will be given at the Fairmont Hotel.

* * *

Mr. and Mrs. Percy Moore and Mr. and Mrs. Perry Eyre, who came up from Menlo for the Mallin-Atherton wedding, are sojourning at the Fairmont Hotel.

Miss Mary Eyre, who has been in town for several months, has reopened her home at Menlo Park.

* * *

Mrs. Alexander Garceau entertained a few days ago at one of the elaborate card parties of the season.

It served as a house-warming, as Dr. and Mrs. Garceau have recently moved into their handsome home on Jackson street, formerly owned by the Sproules.

* * *

Mrs. A. J. Roth gave a bridge party this afternoon, when she entertained twelve guests in her apartments on Jackson street.

* * *

Miss Marguerite Doe has issued invitations for a large bridge party at which Miss Jane Hotaling and Miss Mildred Baldwin will be the guests of honor. Miss Doe's entertainment will be given in the Laurel Court of the Fairmont Hotel on Monday, February 21.

* * *

Mr. and Mrs. Robert Oxnard presided at an elaborate dinner last evening for sixty of their friends. The guests were seated at small tables in the dining-room of the Oxnard home on Broadway.

* * *

Miss Ruth Noyes of Washington, D. C., daughter of Theodore Noyes, editor of the Washington Star, is visiting her cousin, Miss Myra Hall, at the Fairmont Hotel. Miss Hall is giving a dance at the Claremont Country Club this evening in honor of Miss Noyes.

SCHWERIN'S HOUSE LOOTED OF $5000

General Manager of Pacific Mail Is Victim of Burglars.

SAN FRANCISCO, Feb. 17.—The residence of R. P. Schwerin, general manager of the Pacific Mail Steamship Company, at 2898 Broadway, was robbed by burglars of jewelry valued at $5000 about 1 o'clock this morning. The robbery was discovered by P. L. McDonald, a chauffeur.

One of the back windows had been opened by means of a jimmy, and the drawers in the bedrooms had been emptied of their contents, which were strewn over the floor. Wherever there was any jewelry the burglars had taken it, and practically everything of value was taken.

McDonald reported to Patrolman E. E. Moore that he had noticed something suspicious going on in the house and had heard the rustle of skirts on going upstairs to investigate.

FIRES SHOT.

He says he fired a shot from a revolver in the direction from which the noise came before summoning assistance.

Moore ran to the house, but discovered no trace of a burglar, male or female.

The following articles were taken from the house: Two pearl strings, valued at $500; a diamond clasp, valued at $650; a band ring set with five rubies, valued at $500; $100 in cash; a Tiffany gold watch, a band ring; a large pearl ring, set with four diamonds, valued at $800; two pearl chains set with turquoise, valued at $80; a gold ring set with opals and a diamond, valued at $250; a pair of diamond cuff buttons; a gold chain, a sapphire pin, a pearl pin and other trinkets.

ALLEGED POOL SELLERS FREED

District Attorney Warns Seven That Law Will Be Carried Out.

Seven cases against alleged pool sellers of this city, arrested in a raid January 12 by a posse of police under Inspector J. F. Lynch, were dismissed by Judge Mortimer Smith this morning on the motion of Judge A. L. Frick, counsel for the defense. The motion was concurred in by District Attorney W. H. Donohue.

Judge Frick, based his motion on the contention that the Walker-Young bills just passed by the legislature, repeals in substance the Walker-Otis bill, under which the proceedings against his clients were initiated.

The defendants were Ike Rich, against whom two charges were placed; Jack Woolley, Joseph Busch, Charles E. Frank, John W. Van Horn and R. B. Parker. District Attorney Donohue warned the defendants that the new law makes possible the prosecution of pool selling, even where the race takes place outside the state, and that the authorities would rigidly uphold his law.

BERLIN, Feb. 17.—Emperor William had sufficiently recovered from his recent indisposition to address the German Agricultural Congress today. He was in high spirits.

MRS. M'FARLAND IS RESTRAINED

Her Sign Eclipses Yehl's, Judge Decides, So Issues an Injunction.

After paying a visit to the cloak and suit house of Aaron Yehl to see if his window signs were obscured from view or otherwise injured in their advertising advantage by the large sign of Mrs. Alice McFarland, who runs a lodging house above his store, Superior Judge Ellsworth late yesterday afternoon issued an injunction restraining the latter from keeping her sign in the position it occupied.

When Judge Ellsworth visited the Yehl store he found the show windows filled with placards advertising cloaks and suits, and all of them more or less obscured by the McFarland sign. It was charged by the attorney for Mrs. McFarland that before the court announced its determination to visit the store the signs were unobscured and that they were rearranged by telephone order of Yehl in anticipation of Judge Ellsworth's visit. Yehl denied this, maintainmt that the window signs had not been changed.

CHINESE RESCUED FROM LAKE MERRITT MAY DIE

An unknown Chinese was rescued from Lake Merritt about 1 o'clock this afternoon by the police and taken to the receiving hospital in an unconscious condition. Whether he accidentally fell into the lake or attempted to commit suicide remains to be explained. His recovery is regarded as doubtful.

CHARGE GRAFT IN SCHOOL BOARD

Voters' Civic League Declares Pittsburg Officials Have Been Corrupt.

PITTSBURG, Feb. 17.—Graft in the Pittsburg school board, as exposed in a bulletin issued to the public by the Voters' Civic League, has not yet received official notice from the district attorney, who, after reading the bulletin said he would wait to ascertain if the league would make informations, and take up the prosecution of the alleged offenders as it did in the councilmanic graft cases last spring. The league has employed detectives.

The league declared that it intended to prosecute the offenders but they were so numerous that the arrest of all would clog the wheels of justice.

No names are mentioned, but the personnel of the school boards of the individual wards, a representative from each of which composes the central board of education, is attacked, the charge being made that the majority are "gamblers, bartenders, saloonkeepers, political employes, placed on the board to control votes, mill workmen and laborers, with inadequate education to govern the instruction of children."

The charge is made that grafting through contracts is prevalent to such an extent that it cannot be described.

Teachers have been forced to pay for their appointments and janitors and truant officers held up, it is charged.

FAVOR BRIDGING OF PANAMA CANAL

WASHINGTON, Feb. 17.—The bridging of the Panama canal is favored in the report of the engineer board appointed to investigate conditions along the canal.

The board recommends the construction of a bridge 150 feet above the surface of the canal at Empire, where convenient connections could be made with the Panama railroad. The bridge, if constructed, would serve both for railway and highway traffic.

UNDERWEIGHT GETS HIM IN TROUBLE

Peddler Accused of Selling Half Sacks of Straw for Potatoes.

The practice of making up the difference between half a sack of potatoes and the legitimate hundred pound weight by using old straw to fill the sack, landed Walter Atkinson, a peddler, in the city prison this morning. His arrest followed the sale by him of many sacks supposed to be filled with potatoes, to Oakland housewives. His wagon loaded with more sacks, is held as evidence. The sacks are all about half filled with straw.

Atkinson was arrested by Patrolman Phillips on the complaint of Mrs. L. Neaty of 1402 Franklin street, who investigated the contents of the sack of potatoes before Atkinson was able to leave the street. The peddler will be charged with either petit larceny or obtaining money by trick and device. He had been selling the potatoes at two cents a pound, the sacks of potatoes and straw being labeled conspicuously "102 pounds," "110 pounds," and "105 pounds."

DENIES DEAD WOMAN WAS INSANE PATIENT

Contrary to the statement made in the daily press to the effect that Mrs. Ella Clune, who took her life Monday evening, had been committed at one time to the Napa Insan Asylum, Mrs. Clune, at the time of her examination by the lunacy commission, was cleared of the insanity charge by Judge Brown and a jury who tried the case, according to Mrs. Emma Kelly, who has been a friend of Mrs Clune for many years.

"Her suicide was entirely due to a general nervous breakdown," said Mrs. Kelly today, "and we, her friends, know her mind was not in the least deranged. She had never been committed to an asylum for the insane, but on the other hand was cleared of the charge of insanity which was brought against her following a slight disturbance at her home."

The funeral of Mrs. Clune was held at 9 o'clock this morning from her late residence, Seventh and Jefferson streets. The remains were cremated at the Oakland Crematory.

END TO CATARRH

No More Soreness, Snuffles or Stuffed Up Head

DESTROY THE GERMS

There are many readers of THE OAKLAND TRIBUNE who are suffering from catarrh, either nasal or bronchial. Many of these despair of ever getting rid of it. They have soaked their stomachs with nostrums until they are disgusted with all medicines, and are now traveling their miserable way, allowing the devilish germs of catarrh to sap them of their health, energy and vitality.

But sufferers should remember that druggists have a guaranteed remedy for catarrh, colds, coughs, bronchitis, croup, and all inflammatory diseases of the nose, throat and bronchial tubes. The name of this remarkable remedy is HYOMEI, and it is sold on money back plan.

HYOMEI (pronounced High-o-me) is medicated air; you just breathe it through the inhaler over the inflamed and germ ridden membrane, and its soothing antiseptic properties will allay the inflammation, destroy the germs, and restore the entire respiratory tract to its normal condition.

A complete HYOMEI outfit, including a hard rubber inhaler, costs but $1.00, and an extra bottle of HYOMEI, if afterwards needed, costs but 50 cents. Sold by druggists everywhere. Mail orders filled, charges prepaid by Booth's Hyomei Co., Buffalo, N. Y.

VALLEJO AGITATES FOR MUNICIPAL WHARF

VALLEJO, Feb. 17. — A movement was started at the session of the board of trustees whereby the citizens of South Vallejo will soon have a municipal wharf. The city council instructed the board of works to purchase 100 feet of wharf from the Vallejo Land and Improvement Company at the south end, and also authorized City Engineer Noyes to prepare a plan and estimate of cost of 300 feet additional, which will be built by the city. The wharf to be constructed will cost in the neighborhood of $3000.

New Era in Piano Business
That the decision of Congress and the President in favor of San Francisco as the world's fair city is to have a remarkable effect on business in this city is evidenced by the great clearance sale now being conducted by Eilers Music House to make way for big shipments ordered in anticipation of a favorable vote.
They are selling at $146, $169 and $182 brand new, high-grade pianos, which regularly sell at $275, $300 and $325. Other values are proportionately reduced to make it an object for economical home providers to make their piano purchases now.
While these are the very lowest cash prices, Eilers liberal selling methods prevail during this sale, and responsible people lacking ready money can arrange to have plenty of time to complete their payments. Eilers Music House, the Big Piano Store, 357 12th street, Oakland; 975 Market street, San Francisco.

The Order's Ninth Annual Ball Masque Is Attracting Much Attention.

ELMHURST, Feb. 17 — Elmhurst Grove, No. 148, United Ancient Order of Druids, are making extensive plans for the ninth annual ball and masquerade party, which is to be given in the Redmen's Hall on Saturday evening, February 25. Orders for the decoration of the hall have already been let and the members of the lodge are doing all in their power to make this celebration one long to be remembered in this county. The committee in charge of the affair is composed of:

Executive, Fred Froriehs, R. E. Rodifer, Fred Lennop, J. Denzler, J. Elmers, H. G. Clayton, George G. Murphy, Walter Paterson, J. Mirsch, H. Dajas, Carl Nischla; floor committee, Fred Van Lennop, J. Mirsch; decoration committee, Walter Paterson, Fred Van Lennop and R. E. Rodifer.

ARRANGEMENTS ARE COMPLETED

Horse Show at Livermore Promises to Be Most Successful Held There.

LIVERMORE, Feb. 17. — All preparations are now complete and nearly all of the entries for the coming horse show to be held at Livermore on March 4, have been given in to the members of the board of directors. Many of the entries are from far parts of the country and the directors are confident that they will have a show this year that will eclipse all in the past. In the forenoon a parade has been planned, and during the afternoon and evening the animals will be put through their paces.

Most of the arguments for not fortifying the Panama Canal have chiefly served to suggest better arguments for doing so.—Washington Star.

COUNTRY TOWNS PETITION S. P. CO.

Centerville, Newark and Niles People Want Motor Car Service Hourly.

CENTERVILLE, Feb. 17 — A petition to the Southern Pacific Company asking them to extend their gasoline motor car service between Newark, Niles and Centerville, has been drawn up by the members of the chambers of commerce of the various cities. It is proposed that that motor cars be operated hourly, at least during the morning and the evening, with a later train for the residents who desire to attend theaters or entertainments.

At the present time but five trains are in operation between the three towns, and as there is a joint population of nearly 5000, 3000 more in Irvington and the surrounding towns, the business men claim that the car service would be a paying proposition.

"VOICE OF WOMAN," "OLD SWEETHEART OF MINE"

HAYWARD, Feb 17. — "The Voice of a Woman," a sketch in which the women of all the nations of the globe will be represented, will be given tonight by the women members of the San Leandro Presbyterian Church. The cast includes such well known society women as Miss Della Rogers, Miss Edith Gamble, Miss Alma Reid and Miss Edith Goodall. Seven girls will portray women of Malaysia, Mexico, India, China, Africa Corea and Japan. One of the most important features of the evening will be the reading of James Whitcomb Riley's poem, "That Old Sweetheart of Mine."

CONDITION OF CAPTAIN MADDISON IS SERIOUS

HAYWARD, Feb. 17. — A good deal of concern over the condition of Captain B. H. Maddison, the aged ship builder of Hayward, who was shot by Augustus Borries in the hallway of his home several weeks ago, is being shown by his friends and the family physician. Whether he will recover is now an open question, according to the statement made by his doctors today. His heart action is very weak and at the instance of the Sheriff's office his deposition has been taken.

HAYWARD HIGH JOINS LEAGUE

Athletic Association Now Part of Central Alameda County Organization.

HAYWARD, Feb 17. — Upon petition of the members of the Hayward High school athletic association, the members of the Central Alameda County Athletic League have granted them admittance to the organization, which is composed of Anderson's Academy and the Centerville and Livermore high schools. The purpose of the league is to promote and regulate athletics among the secondary schools of this part of the county. The league is governed by a set of directors composed of: President, D. F. Dunster, of Anderson's Academy; vice-president, I. E. Horton, Livermore; secretary, Earl Truningham, Centerville, and treasurer, A. B. Pasons, Hayward, and a board of control, composed of members of the faculty of each of the schools belonging to the institution.

BASKETBALL SCHEDULE.

The basketball schedule drawn up by the members of the board of control for the ensuing year is as follows:

Feb. 18, Anderson vs. Hayward, at Hayward; Feb. 18, Livermore vs. Centerville, at Centerville; Feb. 25, Anderson vs. Livermore, at Livermore; Feb. 25, Centerville vs. Hayward, at Hayward.

Baseball schedule—March 18, Anderson vs. Hayward, at Hayward; March 18, Centerville vs. Livermore, at Livermore; March 25, Anderson vs. Livermore, at Livermore; March 25, Centerville vs. Hayward, at Centerville; April 1, Centerville vs. Anderson, at Anderson; April 1, Livermore vs. Hayward, at Hayward.

May 6th, all schools will contest.

BANNER THE TROPHY.

A banner will be given to each champion team. With this fact in view the basketball team is working strenuously and is putting forth all its efforts to win the first pennant. The first scheduled game will evidently be the hardest for the team, as Livermore team is cracked up to be a very fast aggregation. The team has played two games so far this season, both being played with the "All Stars" of this place.

This fast team is composed of the following players: R. King, E. R. Thurman, J. Fickelsen H. B. Cooper and H. Eggert. The first game which was played last Saturday evening, on the National Guard's new court at the Native Sons' Hall, turned out to be a victory for the "All Stars."

FEATURES OF GAME.

The features of the game were the goal throwing of J. L. Spear of the High school and the persistent and tenacious guarding of both Foote and Thurman. The line-up was as follows:

High school—J. L. Spear, forward; A. B. Parsons, forward; C. W. Lorg, center; R. D. Foote, guard; L. G. Thurman, guard.

All Stars—R. Davis, forward; Fiskhelsen, forward; R. King, center; E. Thurman, guard; H. B. Cooper, guard.

The score was, All Stars, 24; Hayward High, 17.

HAYWARD FRANCHISE HAS FREIGHT STRING TO IT

HAYWARD, Feb. 17. — As an aftermath of the selling of the franchise for an electric street railway line through the town of Hayward to I. B. Parsons of the Bank of Hayward for $75, the Board of Trustees have issued an order in which they state that the franchise will not take effect for thirty days, thereby affording time for the members of the board and Parsons to come to an agreement as to the regulation of freight. It was stipulated by the board on the night the franchise was sold that no freight should be carried over the line during the hours of 8 a. m. and 11 p. m. Parsons did not state at that time whether this agreement was satisfactory to him.

THREE SANITARY DISTRICTS TO BE CREATED AT ONCE

City Council Committee to Provide Sewers for Annexed Territory Under New Law Just Passed

Sewers for the annexed districts are to be provided with the greatest possible dispatch, according to the recommendations of the drainage and sanitary committee of the city council last night. Basing the recommendations on the newly passed sewer district law which was signed this week by Governor Johnson, the city will create three sanitary districts immediately, to parallel the work commenced prior to annexation under the favor of the county board of supervisors. The lines of the new districts have been drawn by Assistant City Engineer Walter Frickstad.

For three districts the resolutions of intention creating the units in which bonds on a twenty-year basis may be voted at separate elections have been prepared and will be placed before the council Monday night. These resolutions will probably be passed under a suspension of the rules, to start the work as soon as possible.

CONTEST IS PROMISED.

A fight is promised, however, in Elmhurst, and for that reason the committee refused to make any recommendation as to this district at the meeting last night. The people of the district are divided as to whether it will be better to take advantage of the new sanitary district law and vote twenty-year bonds, or whether they will do better to Vroomanize, following the example of the Allendale district. There is considerable personal feeling between the proponents of the two different plans, and before the council takes any action an attempt will be made to gauge the wishes of the people of the district.

Philip Reilly and others in Elmhurst urge the necessity of the twenty-year bond proposition as the most equitable, and last night asked the council committee to organize Elmhurst as a sanitary district and proceed to call a bond election. R. B. Myers, a prominent property owner of the district, claims that the people are against the district bond proposition and asked that the district be Vroomanized.

MASS MEETING CALLED.

To settle the matter a mass meeting of the residents of Elmhurst has been called for next Thursday night, to be held at the council chambers of the city hall. At that time the advocates of the rival propositions will argue the case and representatives from the office of the city engineer will explain in detail the working of the two plans. The residents will then petition the council for the form of assessment for sewers which meets with the most general approval. Members of the city council will be present at the mass meeting, and will inform the residents that the council will follow the recommendations of the property owners of each individual district.

When the Elmhurst district is settled, the entire work of obtaining sanitary sewers for the annexed territory, initiated prior to the annexation under county supervision and brought to a halt by a decision of the Supreme Court dissolving the sanitary districts, will have been paralleled by the city of Oakland and the proceedings started to make this section of the city sanitary. At the present time conditions are said by the residents to be a menace to the health of the community, especially during the warm months of the year.

DISTRICTS RENAMED.

Under the resolutions prepared in the office of City Engineer F. C. Turner the three districts created under the new sanitary sewer law have been given new names. Sewer district No. 1 comprises what was formerly Upper Fruitvale and Redwood, sewer district No. 2 was formerly Seminary Park, sewer district No. 3 was known as Fitchburg under the county district plans. These are three created in which bond elections are soon to be called to vote twenty-year bonds to pay for the installation of a complete system of sanitary sewers, with laterals and outlets.

The High street sewer district, carved out of East Fruitvale, which elected to put in sewers under the Vrooman act, has halted proceedings awaiting the amendment of the Vrooman act by the state legislature. At present the law requires that separate proceedings must be commenced for each street in which it is planned to lay sewers, rather than for the district as a whole.

CLAIM TO BE PAID.

A claim for $3750 from the firm of Reed, Black & Reed, attorneys, for legal services to the sanitary districts, rendered prior to the dissolution of the old districts, was before the auditing and finance committee last night. In the opinion of City Attorney Ben F. Woolner, to whom it had been referred, it was considered just, but he suggested that it should be paid out of the funds of the old sanitary districts now in the hands of the county treasurer, which are to be transferred to the city. With this the attorneys making the claim are content. His opinion follows:

"To the Honorable,
"The City Council of the City of Oakland
"Gentlemen—

"Beg to advise that I have examined carefully the claim of Reed, Black & Reed, presented against the city of Oakland for $3750, services rendered in Redwood, East Fruitvale, Upper Fruitvale, Seminary Park and Fitchburg sanitary districts, all within the recently annexed territory to the city of Oakland.

"Your request was for an opinion as to the reasonableness of the claim and the city's liability to pay the same.

"In the first place I consider the bill, in view of the time, labor, care and skill necessary to be exercised in the various proceedings relating to the incorporation of these sanitary districts and their subsequent validation in the Superior and Supreme Courts of the state of California, to be exceedingly reasonable and just.

CITY'S LIABILITY.

"In the second place and as the city's liability to pay the same, there is some question, and I beg to report to this council that in view of making it possible for the city of Oakland to adjust, settle and pay the indebtedness of these districts contracted before annexation, I have caused a bill to be prepared and submitted to the present legislature, which bill transfers funds presently in the hands of the county treasurer to the city treasurer and gives the city power to adjust, settle and pay all lawful claims against these various districts.

"I have interviewed Messrs. Reed, Black & Reed concerning the matter and they are satisfied to have their claim lay over until the legislature acts upon the measure presented.

"Yours respectfully,
"B. F. WOOLNER,
"City Attorney."

OAKLAND MOOSE TO TAKE TRAIL

Large Delegation Will Visit Sacramento Lodge of Order on February 25.

Elaborate arrangements are being made by Oakland lodge No. 124, Loyal Order of Moose, for a fraternal visit to the Sacramento lodge of that order on Saturday, February 25. Other lodges which will join Oakland in the visit are San Francisco, San Jose and Stockton. The reception which will be tendered the visitors by the Sacramento lodgemen is to mark the initiation of a large number of new members. Many of the Oakland delegation will be accompanied by their wives, a theater party having been arranged for the ladies.

A special train furnished by the Southern Pacific will convey the Oaklanders to the capital Saturday evening. There will be about 300 members from the Oakland lodge in the party and they will return on the following Sunday, after paying a short fraternal visit to their brethren in Stockton on the homeward trip.

Among the most prominent members of the Oakland lodge who will go to Sacramento are: Dictate S. A. Wentworth, Vice-Dictator Dr. F. C. Kleeman, Prelate E. Norman, Secretary W. J. Hamilton, Treasurer Danie Reid, Sergeant-at-Arms H. E. Bussh, Inner Guard R. S. Wilkinson and Outer Guard B. Y. Gibson.

FOELKER AGAIN ON THE GRILL

New York Congressman Has Bad Half Hour in Bribery Case.

NEW YORK, Feb 17 — Congressman Otto E. Foelker was again called to the stand when the trial of his bribery charges against his former colleague in the State Senate, Frank J. Gardner, was resumed today, and the attack on his credibility was renewed.

Foelker's account of how the alleged bribe of $12,000 was offered him while returning to New York from Albany was attacked from a new angle.

"On the train Gardner said to you, 'I will give you $2000 more than the other senators are getting' did he not?" he was asked.

"Yes," answered Foelker.

"And you did not ask him who the other senators getting the money were?"

"It did not interest me," declared the witness.

Foelker admitted that he had not considered it his duty to report to the Senate or to the district attorney the attempt to bribe for the reason that he "asked corroboration."

HODGHEAD WILL BE A CANDIDATE

Present Mayor of Berkeley Is in Race for Second Term Honors.

BERKELEY, Feb. 17—Mayor Beverly Hodghead this morning announced his willingness to run for a second term, following the submission to him of a petition to become a candidate, signed by many citizens, he said in an interview today.

"I did not intend to become a candidate for re-election to the office of mayor and would not do so if I did not understand that the request comes to me in a general character. In assisting to inaugurate the work under the new charter, my conception of the duties of the office was to administer its affairs in a non-partisan, non-factional and non-political manner, and I appreciate highly the support which I have received from persons of almost all shades of opinion in carrying out this policy.

"If the people feel that I can be of further service to the city in this office and can aid in upholding the merits of the Berkeley charter, it is my intention to stand for reelection."

Gold Dust Makes Dish-washing easy

The use of a little GOLD DUST in your dish-water will make your dishes whiter, sweeter and cleaner than they ever can be without it. Unlike soap, GOLD DUST does more than clean the surface. It goes deep after germs and hidden food particles, and sterilizes everything it touches.

GOLD DUST does all the hard part of the work without your assistance, because it begins to dissolve and clean the moment it touches the water.

When you have to wash dishes 1095 times a year, the GOLD DUST method of saving half your time and half your labor means something.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form.

MRS. CAREY NOW IN LAW'S TOILS

Arrested Today in Connection With Killing of Dodge by Her Husband.

DAVIS, Cal., Feb. 17.—Accused of being an accessory to murder, Mrs. S. B. Carey, wife of Justice of the Peace Carey of Davis, who shot and instantly killed Charles Dodge in the main street of this town, was arrested yesterday afternoon by order of District Attorney Bailey, and is now in jail with her husband.

Evidence came to light to the effect that Judge Carey and his wife, intent upon the death of Dodge, whom they considered the main obstacle to their obtaining the major portion of the estate left by the woman's father, left home last night with the avowed intention of killing him on sight, and that the woman herself carried a revolver.

WOMAN IS CURIOUS.

"Is he dead?" Mrs. Carey is alleged to have asked, peering into the face of her husband's victim, after the six shots had been fired into his body, and the judge responded, "If he is not, I'll give him some more."

In Woodland a few days ago Dodge tried to have the judge bound over to keep the peace, but District Attorney Bailey, who is also Carey's attorney in a libel suit against Editor Scott of the Davis Enterprise, refused to take this action.

Later, Carey made a similar attempt with relation to Dodge, but also failed of success.

While slander was given by Mrs. Carey as her reason for accosting Dodge on the street, the man's friends assert that there is no ground for this charge.

Charles Dodge was a resident of Davis for more than twenty years. He shot and killed a telegraph operator named Eaton near the depot here. He satisfied the judge that the man had wronged his sister and was acquitted. He was friendly to Mrs. Carey's father, who died recently, and the bitter feeling between him and the judge's family dated from that time.

When Mrs. J. Hood of Oregon, the sister of Mrs. Carey, commenced action to obtain her portion of the 160-acre tract, cash and other land involved in the will, Dodge, who, besides being a warehouseman, practiced law to some extent, was her choice as attorney. His inside knowledge of the case is what made the hatred of the Careys so intense, it is said.

SUICIDE'S FIANCE KILLS HIMSELF

Kansas Man Takes Life While Grieving Over Sweetheart's Death.

URALL, Kas., Feb. 17. — William McQuitty, 23 years old, killed himself today because his fiancee, Katherine Haines, 18 years of age, committed suicide last Monday.

She killed herself because her father, who died a month ago, provided in his will that she would lose her share of his $100,00 estate if she married McQuitty before she was 25 years of age. Both died by shooting.

Cotton Futures Bill Is Not Recommended

Committee On Interstate Commerce Wants Further Consideration of Measure.

WASHINGTON, Feb. 17.—Under an agreement that they would vote today on the bill to prevent gambling in cotton futures, the committee on interstate commerce decided by a vote of 6 to 5 to report it to the senate without recommendation.

The failure of the committee to make recommendations to the senate resulted from the conviction of several members that a measure of such importance should be given more consideration. An agreement had been made, however, and Senator Clarke of Arkansas and Senator Tillman of South Carolina held the committee to its word.

Colorado Boy Scouts Petition Legislature

Want Bill Passed Making It a Misdemeanor to Deface Any Landmarks.

DENVER, Colo., Feb. 17.—George Allen, 9 years old, of Sopris, Colo., will address the Colorado legislature today. He will represent the Boy Scouts of Colorado, and will urge the passage of a bill making it a misdemeanor to deface, destroy or remove any historical monuments in Colorado.

The bill was drawn at the instigation of the Boy Scouts of Sopris, after the destruction of a monument to George Simpson, a pioneer scout and companion of Kit Carson. The Scouts have started a fund to replace the monument.

COLLEGE PROFESSOR ARRESTED FOR SPEEDING

Professor Joseph Le Conte of the department of mechanics of the University of California, who was arrested by the flying squadron of the Oakland police for exceeding the speed limit was dismissed by Judge Mortimer Smith this morning on the motion of Prosecuting Attorney Ezra Decoto.

Other cases were disposed of as follows: William Cinnamond, contractor, fined $2; Elmer Mead, February 20, for trial; H. M. Lawrence, February 18, for trial; Albert Gondron, forfeited bail of $10.

TEN DAY SENTENCE FOR CANNIBALISTIC FILIPINO

SAUSALITO, Feb. 17.—For sinking his teeth into the left shoulder of Conductor A. E. Shera of the Northwestern Pacific railroad Juan Correa, a Filipino, was sentenced to ten days in the county jail by Judge Vincilione in the recorder's court. Correa was arrested by Deputy Sheriff Allen on complaint of Conductor Shera, who testified that the man on being informed that a ticket from San Anselmo to Sausalito did not entitle him to passage to San Francisco, threw his arms around him from behind and bit him viciously on the shoulder.

FUGITIVE FROM JUSTICE JAILED

James Bamford, Wanted in This City, Is in Hands of San Francisco Police.

James Bamford, a fugitive from justice, was arrested in San Francisco last evening by County Detective Ed Sweeney and lodged in the Alameda county jail. He went under the name of James Wilson in the city across the bay. Some time ago Bamford was apprehended for failing to provide for his minor child.

His case was called in the juvenile court by Superior Judge William S. Wells, and he appeared before the jurist in an intoxicated condition. Judge Wells sent him to the county jail for contempt of court and afterwards released him on probation for a term of one year with the understanding that he would let liquor alone and go to work and provide for his child. Then he disappeared.

NEGRO SOLDIER FOUND GUILTY

Jury Renders Manslaughter Verdict and Urges Judge to Be Lenient.

SPOKANE, Feb. 17. — Manslaughter, with a strong recommendation for clemency, was the verdict of the jury today in the case of William Jefferson, a negro soldier of the 25th Infantry, charged with the killing of Joseph Edward Harland, a white man, last Thanksgiving Day. Jefferson says the white man attacked him; that he swung a heavy club once and Harland fell dying.

NEW PHASE OF DREYFUS CASE

Appears That President Loubet Hesitated Long Before Signing Pardon.

PARIS, Feb. 17.—The Matin, which is publishing daily the personal papers and memoirs of former Premier Waldeck-Rousseau, devotes much space today to a reference to the Dreyfus affair and prints letters to show that President Loubet hesitated a long time after the verdict of 1889 before pardoning the captain.

The premier and his minister of war, the late General Marquis de Gallifet, appear as having labored constantly with the president to secure the pardon, the general finally suggesting the intervention of the Pope.

MRS. STATELER GIVEN DECREE OF DIVORCE

SAN FRANCISCO, Feb. 17.—Lillian P. Stateler of Oakland, was granted a divorce this afternoon by Judge Mogan from Thomas Melville Stateler, former manager of the Home Insurance Company, and at present manager of the Sacramento Valley Power Company, with headquarters at Chico. The chief ground of divorce was the alleged affinity, Miss Marie McNeil Masson, whom the wife testified was her bosom friend, and who on Thanksgiving day, 1907, it was alleged, wrote a letter to Mrs. Stateler, exposing the relations between herself and her friend's husband, and telling of the birth of a child to them.

Since that time Mrs. Stateler declared she had not met Miss Masson.

SAN RAFAEL TO HELP WELCOME BOOSTERS

SAN RAFAEL, Feb. 17.—The board of directors of the Marin County Promotion league has appointed a committee to confer with the San Francisco committee having charge of preparations for the big parade to be arranged in honor of the Panama-Pacific Exposition boosters, who have returned from Washington, with a view to having a large San Rafael delegation participate in the celebration.

It is the intention of the league, provided that the committee is successful in its undertaking, to enter a large and elaborately decorated float illustrative of Marin county's resources, and to send a large delegation in automobiles to represent the county in the parade.

OUTLAW BROTHERS FIGHT UNTIL ONE IS KILLED

WEBB CITY, Mo., Feb. 17.—Two brothers, only survivors of the famous Cherokee Bill gang of outlaws, which once flourished in Oklahoma, met here in a finish fight at midnight and "Bill" Stidham killed his brother "Ike" in a quarrel involving the relations of "Bill's" son, with "Ike's" wife. "Ike," it is alleged, attacked William with a penknife, whereupon "Bill" shot him. "Bill" surrendered to the police here today.

ATTORNEY IS FINED FOR 'BUTTING IN'

SAN FRANCISCO, Feb. 17.—Attorney W. H. Clay, a former corporal of police, was fined $50 by Judge Mogan this morning during the progress of the Pickley divorce case. Clay insisted upon interrupting the court and finally brought down his honor's wrath. Later the fine was remitted and Clay was told:

"You were not acting the part of a gentleman. You were not using common politness. If the offense is ever repeated I will send you to jail."

THROWN FROM AUTO WHEN IT HITS POLE

SAN FRANCISCO, Feb. 17. — C. W. Teller, of 1611 Santa Clara avenue, Alameda, was driving his automobile down Market street shortly after midnight, when the machine struck a projecting circuit pole, which had just been moved by a gang of laborers. Teller was thrown to the street and received severe lacerated wounds of the head, which were treated by Dr. Sampson at the Central Emergency hospital.

NIEHAUS BROS. LOSE THEIR CASE

Supreme Court Refuses Rehearing in Suit Against Water Company.

SAN FRANCISCO, Feb. 17.—The supreme court on January 16 reversed the judgment of the superior court of Alameda county, giving to Niehaus Brothers of Berkeley $128,615.42 damages against the Contra Costa Water Company.

A rehearing has been denied.

The judgment was the result of the destruction of a mill at the plant of the firm in West Berkeley, the claim being set up that seven hydrants had been installed and that the water company had been paid a monthly stipend to supply the planing mill and other buildings with water and had connected their pipes with the hydrants named.

On August 15, 1901, the mill was destroyed, and in their subsequent suit for damages Niehaus Brothers came out victorious, the court holding that their contract with the water company entitled them to protection, and that in view of the fact that there was not sufficient water in the mains to put out the fire which destroyed the mill, they were entitled to damages.

In a lengthy review of the case Supreme Justice Lorigan, quoting a number of decisions, and arguing pro and con, shows that the contract was for water supply such as would be consumed in the ordinary course of events, and made no mention of fire. He held that the water company would have probably charged a higher rate and an express agreement would have been made if they had purposed to protect the plant against fire. As there was no mention of any such stipulation in the contract, he held that the Contra Costa Water Company was not liable for damages, and reversed the case. His decision is concurred in by Justices Shaw, Henshaw, Angelotti and Sloss.

By the denial of the rehearing the case falls and the plaintiff will have to meet the costs.

JAILED FOR CRIME 25 YEARS OLD

Accused Slayer of Kansas Town's Founder Must Face Trial.

OKLAHOMA CITY, Ok., Feb. 17. — Twenty years after the crime was committed Governor Chruce today honored a requisition for James Bremen, a wealthy farmer of Kioawa county, Okla., to be returned to Woods, Kas., to stand trial for the murder of Sam Woods, the founder of Woodsdale, Kas., and a pioneer of Stephens county.

The murder formed a sensational chapter in an early day county seat war. The fight was between Hugo and Woodsdale. Bremen was in bed ill when his whereabouts was discovered and he was arrested.

SCHWAB INTERESTED IN PROPOSED TREATY

NEW YORK, Feb. 17. — "The question of the greatest interest to the world at large," said Charles M. Schwab today as he stepped from the gang plank of the Mauretania, "is the pending reciprocity agreement between the United States and Canada. It is being watched closely abroad.

"Personally, I believe in reciprocity," he continued. "There is no real boundary between the two countries—nothing but an imaginary line."

THREE KILLED WHEN POWDER EXPLODES

AUBURN, Cal., Feb. 17. — As a result of the explosion of 100 pounds of giant powder in a cabin near here, three Japanese were killed and one seriously injured. Two of the men were killed outright, while the third lived three hours. The cabin was demolished and the bodies of the dead men were torn to pieces. The cause of the explosion is unknown.

FORCE CONSIDERATION OF CLAIMS ON HOUSE

WASHINGTON, Feb. 17.—After filibustering all day against such action, the Senate omnibus claims bills, carrying approximately $2,000,000, was forced on the House for consideration at a late hour today. Its supporters will attempt to hold it before the House until a vote is reached.

ACCUSED OF HOLDING UP A NEGRO VOTE

MUSKOGEE, Ok., Feb. 17.—J. H. Talbot, an election inspector here, was arrested today on a federal grand jury indictment charging that under the "grandfather clause" of the Oklahoma constitution he had prevented a negro voting at the last election. Twelve other election officials were indicted yestedday.

DISABLED VESSEL PUTS INTO PORT

SEATTLE, Feb. 17. — The barkentine James Tuft, which sailed from Tacoma for Sydney, Australia, on February 2, with lumber, has put into Neah bay in distress and signalled for a tug. It is supposed she was disabled in last Sunday's gale.

MOVING PICTURES FOR THIS CHURCH

ELGIN, Ill., Feb. 17. — Declaring that the church is no longer a "gateway to heaven or the wall against hell," and that it is gradually becoming an educational institution, The Rev. Clark S. Thomas, pastor of the First Universalist Church of Elgin has announced that he will open a moving picture show in his church. Stereopticon lectures, he states, are as much out of date as the old style preaching about fires of hades, the moving picture being "the modern depicter."

Rev. Mr. Thomas has already procured a motion picture machine and is arranging to have it installed in the church. He will conduct the shows as would a theater, charging a nominal admission.

LIANG GIVES $1000 TO AID CHINESE

Former Minister of Foreign Affairs Helps Plague Stricken.

WASHINGTON, Feb. 17.—Liang Tun Yon, former minister of foreign affairs of China, who is now in Washington, has contributed $1000 to the fund which the American National Red Cross Society is raising for the relief of the famine sufferers of his country. The former minister is traveling for the benefit of his health.

The belief is expressed in Red Cross circles that the President's proclamation appealing for aid for the stricken people would yield a substantial return in the cause of mercy.

The Baltimore and Ohio railroad offered to haul the carload of provisions, which is being gathered in this city as far as Chicago free of cost, and is negotiating with connecting lines to continue the journey without expense to Seattle, where the supplies will be placed aboard the army transport Buford, the use of which Congress has authorized for a relief expedition.

WILL PRESIDE ONLY BY PROXY

Unable to Attend Ball as Hostess, Miss Myra Hall Selects Substitute.

One hundred and fifty society ladies of this city and San Francisco will assemble in the ballroom of the Claremont Country Club tonight as the guests of Miss Myra Hall. The hostess of the occasion will not, however, be Miss Hall, but some lady whom she will select to perform those duties.

The absence of Miss Hall is due to the fact that she is ill in her apartments at the Fairmont Hotel in San Francisco, from the effects of ptomaine poisoning. Although not dangerously ill, Miss Hall is unable to leave her bed.

SAYS CONVICT IS HEIR TO $40,000

Mrs. Richard Mears Is at Work in Effort to Free Youth.

Declaring that William Mears, a convict at San Quentin 20 years old, is innocent, Mrs. Richard Mears of this city today began an effort to save him. She says he is heir to $40,000 and tells a story of strange fate that has befallen the youth, who has been pursued by an evil nemesis since his birth.

The prisoner, it is said, will receive $40,000 left by William Mears, a San Rafael hermit, who died some years ago.

WEAPONS WORN, BUT CONCEALED

Women's Hats Bristled With Pins Like Fretful Porcupine.

NEW YORK, Feb. 17.—Amethysts and diamonds and chrystophrases lying on heaps, topazes, aquamarines, the lapis lazuli and beautiful tourmalines all cracking sparks of light in a big pile right in the aldermanic chamber within reach of anybody who wanted to stretch a hand out, made a glitter when a committee met to consider the merits of the ordinance introduced by Alderman Drescler, of Brownsville, to regulate the length of hatpins.

In addition to this there was a big delegation of girls. The girls were present to plead eloquently with the aldermen to have the ordinance passed. The ordinance forbids the wearing of hatpins that protrude more than one inch beyond the hat, unless the pin points are guarded by a device to render them harmless. Any person offending is to be subject to a fine of not more than $50.

Two of the girls who were asked about their own hatpins before the discusion began proudly pointed to the fact that although they carried the weapons, they were concealed. One girl was equipped with two-five-inch swords on the starboard side of her mink hat, and a port battery of three jabbers of 6-inch caliber. But you couldn't see a single point protruding.

Theer were also dolls' heads on exhibition, topped with tiny toques and tinga-lings, and the fashionable two-story, two-family hats, all securely fastened to the dolls' heads without the aid of tacks, and with no danger points protruding. Also there were patent devices to hold the hats on without pins or mucilage.

Mrs. Frances Cartwright was present, at the head of the public safety committee of the City Federation of Women's Clubs. Mrs. Emma V. Sims and Mrs. Laura D. Burroughs had come over from Brooklyn to urge for the cause, and both spoke for the ordinance.

Everybody who ever patented anything that has to do with a pin or a hat, men and women, crowded around the committee, to demonstrate and to sell their wares. No oratory to equal it ever has been heard even in the aldermanic chamber.

SHARPS SELL GROCER BUTTER 'DIRT' CHEAP

CAMBRIDGE, Mass., Feb. 17.—William Barber, a grocer, thought he bought butter as cheap as dirt, but soon discovered it was mostly "dirt" that he had purchased.

Three men drove up to his store and told him they had five tubs, fifty pounds each, of first grade butter which they were willing to part with for $10 a tub. They opened one tub and gave their prospective customer a generous taste. Barber paid $34 and agreed to pay the balance tomorrow.

"Afterthought" came to Barber shortly after the salesman had left, and he again took a look at the tub that had been opened. This time he removed the top layer and found that the rest of the tub's contents was dirt. He hastily opened the other tugs, but these did not even have a top layer of butter.

NEWBURG FIGHTS THROUGH STORM

With Broken Rudder Chain and Shifting Cargo Vessel Reaches Oakland.

The steam schooner Newburg, Captain John Norberg, docked at the wharf of the Hunter Lumber Company on the Alameda side of the estuary yesterday after a hard battle with the elements on her passage down from Grays Harbor. The little vessel left Grays Harbor Saturday morning and by sundown had run into a terrific hurricane blowing from the southeast, accompanied with tremendous seas, which threatened to capsize her. After blowing from the southeast for some hours the gale suddenly switched to southwest.

To make matters worse, the cargo, consisting of 800 feet of lumber, commenced to shift, throwing the vessel on her beam ends. While in this predicament the rudder chain suddenly broke. Until the gale abated on Monday afternoon the little schooner was tossed about at the mercy of the seas.

REPAIR RUDDER.

After the weather had sufficiently calmed down to permit the crew of 18 hands to work without risk to their lives, the rudder chain was temporarily repaired. Then, with much difficulty, the deck portion of the cargo was shifted back into its proper position and the vessel righted herself.

Captain Norberg declared to a TRIBUNE reporter today that it was the worst weather he had encountered in twenty years and considerably rougher than when he lost the steamer W. H. Kruger off Pilot's Cove in 1906.

The Newburg left the estuary this morning for Gray's Harbor.

DREDGER REPAIRED.

The dredger Monarch, belonging to the Bay and River Dredging Company, is undergoing extensive repairs at the United Engineering Works, having some of her machinery renewed and new spud pipes installed. She was also recorked throughout. The work will be completed tonight.

The steamers Tahoe, Fort Bragg and San Pedro are at the United Engineering Works, being overhauled and repaired.

The Bay City Mills was in receipt yesterday of two cars of bran from Washington, one car of corn from Nebraska, three cars of barley from Irvington, one car of middlings from Oregon and one hundred tons of wheat from Washington.

SON SAID 'COULD TWIST FATHER AROUND FINGER'

NEW YORK, Feb. 17. — "I can twist him right around my finger. I've got the old man right where I want him," was a remark of Thomas T. Eckert Jr., in referring to his father in a conversation with General Eckert's niece, Mary Eckert, according to the later's testimony in the will contest case. It is the contention of James Clender Eckert, first son, that Thomas Jr. and H. G. Page, the general's secretary, used undue influence to obtain by the will the major portion of the general's $2,000,000 estate for the second son.

CRANK INJURES PHYSICIAN.

While cranking his automobile in front of the county jail yesterday afternoon, Dr. C. E. Curdts sustained a fracture of the right wrist when the engine backfired. While the wound was painful it was not serious. The doctor was leaving the jail after an official visit.

IN SOCIETY

MISS BERYL BURCH, daughter of Mr. and Mrs. Albert Burch made her formal bow to society this afternoon at a large tea attended by many society folk from about the bay. Quantities of yellow daffodils were massed artistically throughout the rooms and the young hostess received her guests in a yellow frock lace trimmed with a corsage effect of daffodils.

Mrs Burch wore a handsome gown of black lace, made with a sweeping train. Nearly 200 guests called at the Burch home in North Berkeley.

Assisting at the affair were a coterie of friends including among others Mrs. Guy Witter, Mrs. Edwin Scribner, Mrs. W. Lasell, Mrs. R. A. Officer, Mrs. Harry Durbrow, Mrs. J. Fred Wolle, Miss Josephine [illegible], Miss Lucy Lawton, Miss Bess Johnson, Miss Lucy Pray.

Another important affair scheduled for today is the large and elaborate dance which Frederick Hall and his daughter Miss Myra Hall will give at the Claremont Country Club this evening. Miss Ruth Noyes will be the especially honored guest of the occasion.

More than 200 guests will attend the affair, half of whom will cross over from San Francisco.

Preceding the dance Miss Amy Bowles will be hostess at an elaborately appointed dinner to eighteen friends when the decorations will be in shades of yellow, and following which the guests will attend the ball.

The Halls have been living at the Fairmont Hotel in San Francisco for the winter where Miss Hall has been one of the most entertained of the belles of that city.

Many handsome toilets will be in evidence at the ball of the club this evening which will be an unusually smart function.

He then lapsed into unconsciousness.

A roll [illegible] consisting of four [illegible] which was found at the side of the unconscious man may furnish the clue which will identify the stranger.

The man's clothing was of a superior quality and was purchased in San Francisco from prominent dealers. There is no doubt in the minds of the local authorities that the man is a San Franciscan.

WOMEN IN THE NEWS

SOCIETY WOMEN SEE TONY DREXEL WHIPPED

Real Blood Flows at Affair When Lord Beresford Annexes Victory.

NEW YORK, Feb 17 — The family of George J. Gould and a score of guests including some of the most prominent society men and women of New York and London saw Anthony J. Drexel Jr. and [illegible] Robert Beresford fight to a knockout in the Gould private gymnasium at Lakewood, N. J., last Saturday night.

The prize was Mrs. Gould's [illegible]. Mrs. Drexel saw her husband defeated. Until last spring she was Marjorie Gould. Drexel, although he put up a plucky and clever fight, was floored [illegible] by the English amateur champion [illegible] was so helpless at the end of the third round that his seconds dragged him from the ring and admitted a knockout. It had been planned as a six round bout.

At the most exciting stage of the encounter the women in evening gowns arose and cried applause to the fighters.

BEATEN LIKE JEFFRIES

The battle was terrific while it lasted and one expert sporting man who was present said it was as good a go as he had ever seen in the prize ring. Both Beresford and Drexel distinguished themselves by their thorough sportsmanship.

When Drexel in the last round stood with his feet wide apart and his hands hanging helpless at his side like Jeffries at Reno, Beresford stood back and would have waited for him to recover if Drexel's seconds had not declared him defeated.

The fight was the result of the widely published supper challenge that Beresford made to Drexel some weeks ago. The English champion weighed in at [illegible] pounds and the American champion at 161.

Clad in the regulation fighting garb they were a magnificent looking pair as they entered the ring.

LIKE REAL FIGHTERS

Beresford had two peers for his seconds, Lord Camoys and Lord Alastair. Drexel's seconds were [illegible] and Mr. Moffatt. Lieutenant [illegible] Burgh of the British navy was referee.

All of the guests of the Goulds at the week end house party in Lakewood were in a state of eager interest over the novelty of society pugilism and the scene at the ringside was something new to those who had witnessed professional prizefights.

Among those present besides Mr. and Mrs. [illegible] the mother and sister [illegible] Lord Decies, Miss Burtles, Miss Har[illegible] Randolph, Miss Anne Graham, Miss [illegible] Saffran Tailer, [illegible] Ferguson, [illegible] Nichols, Mr. and Mrs. [illegible] Hazel, Mr. and Mrs. A. J. Drexel Jr., [illegible] George Gould Jr., [illegible] Miss Wilburn, Miss De[illegible] Chilin and Miss Lattimer.

To Seek Husbands

BERLIN, Feb 17 — According to a letter to the [illegible] Prussian [illegible] girls are preparing to [illegible] with English girls for Canadian husbands.

According to a recent announcement [illegible] 000 English girls were wanted to become wives of young Canadian farmers, the writer says, among other things that the German government does not pay the least attention to the colossal surplus of German girls and as a [illegible] especially to get [illegible] girls of our [illegible] will emigrate to Canada and become British subjects to gratify the [illegible]. The Prussian government will then realize that women [illegible] the right to vote [illegible] driven into the arms of England.

Women Near Death

CLEVELAND, O., Feb 17 — Six women were rescued unconscious last night from the upper floors of the Hotel Building [illegible] a fire which threatened for a time to destroy the building. All the rescued women were overcome by smoke but none was seriously hurt. The fire started in the hotel annex and spread rapidly up the elevator shaft causing a panic which was quickly checked [illegible] firemen. Several persons were slightly burned but no serious casualties were reported. The fire was stopped with a loss of $10,000.

Won't Tell Assailant

PORTLAND, Or., Feb 17 — With a bullet imbedded in her chin, Miss Marie Hemmelgarn, daughter of Mr. and Mrs. Paul Hemmelgarn of Pendleton, is at St. Vincent's Hospital. She refuses to say who shot her or to give any information whatever in regard to the affair. Inadvertently in answer to a question she remarked that she had been shot by a man.

It was about 6 o'clock when Miss Hemmelgarn arrived before the hospital in a [illegible] and dismissed the driver at the door and entered. She [illegible] a room [illegible] attended by Dr. G[illegible] one of the internes. The young woman is [illegible] years of age. At first she declined to even give her name but identification was made possible by the fact that she had been an inmate of the institution for a few weeks about Christmas [illegible] which time she underwent a slight operation.

Holds Him for 'Cop'

NEW YORK, Feb 17 — Adele Ritchie on her way to play [illegible] yesterday afternoon [illegible] had an exciting collision between her automobile and a heavy truck [illegible] of the Williamsburg bridge.

Miss Ritchie's limousine was driven by [illegible] Spr[illegible]. In front of them was Hiram S. Robinson driving the truck. The chauffeur tried to pass the truck several times but could not get by and Miss Ritchie grew impatient at the delay.

The collision occurred near the Williamsburg terminal. The wagon mashed into the auto bursting a tire and jamming the car against the rail.

The horse reared and Robinson whipped him up trying to drive off the bridge, but the actress jumped out of her car and seized the horse's bridle. "You'll not get away," she cried. "I'm going to have you arrested." Policeman [illegible] came up and at Miss Ritchie's request arrested Robinson on a charge of reckless driving.

Author Writes 'Finis'

NEW YORK, Feb 17 — Mrs. Alice Morse Earle the author, died yesterday in her 59th year at the home of her son Alexander Morse Earle in Hempstead. Her publications include Sun Dials and Roses of Yesterday, The Sabbath in Puritan New England, China Collecting in America, Customs and Fashions in Old New England, Life of Margaret Winthrop, Diary of a Boston School Girl, [illegible] New York, Old Time Gardens and Two Centuries of Costumes in America. She was a Daughter of the Revolution, a member of the Colonial Dames and of the American Historical Society.

OPPOSE BONILLA FOR PRESIDENCY

General Rosales Declares Revolutionist Is in League With Fruit Trust.

PUERTO CORTEZ, Honduras, Feb 15 (by wireless to New Orleans, Feb 17). — The people of Honduras will never accept Manuel Bonilla for president because he is in league with a fruit trust in the United States.

This declaration made today by General Maximo B. Rosales peace envoy of Davila does not give promise of an early settlement of the revolutionary troubles of the country as General Bonilla is determined to resume fighting if the presidency is not turned over to him.

Already the revolutionary troops here under General Lee Christmas are growing restless because of the feeling that the peace proposal of President Davila was merely a ruse to gain time. They anticipate further fighting.

WANT THIRD MAN

General Rosales says that if General Bonilla will sacrifice his personal ambitions to regain the presidency peace negotiations may be concluded within a few days.

As the representative of President Davila he will favor selection of a third man for the presidency who shall rule until an election can be held.

The gunboat Wheeling will go to Puerto Barrios Saturday to see Thomas C. Dawson who will represent the United States in the peace conference to be held aboard the Tacoma beginning Monday. General Bonilla will remain in Ceiba during the negotiations.

BODY OF CHAMBERLAIN CREMATED AT ROME

ROME, Feb 17 — The body of Henry R. Chamberlain, the American newspaper correspondent was cremated at the [illegible] Green cemetery today. A large number of newspaper men and Americans were present.

Hail, the Harem!

PARIS, Feb 17 — The harem skirt made a timid appearance at the Auteuil races but it did not cause the sensation which greeted the clinging dresses of two years ago. Yesterday's examples were displayed by dressmakers' mannikins who were sent for the purpose. They failed to interrupt the pari mutuel operations for more than a few minutes.

Announce Betrothal

NEW YORK, Feb 17 — Formal announcement was made last night of the betrothal of Jay Gould to Miss Annie Douglas Graham at a dinner given by the latter's stepfather and mother, Mr. and Mrs. Hubert Vos. Jay Gould is the second son of George Gould. Miss Graham was a bridesmaid at the Decies-Gould wedding recently and Lord and Lady Decies, back from their honeymoon, attended tonight's dinner.

Fights Aunt's Will

SAN JOSE, Feb 17 — Henry Sourisseau, one of the family which is attacking in court the competency of Mrs. Felicia J. Savidan to dispose of her estate before her death, spent all day on the stand yesterday in the will contest.

He drew the picture of an elderly woman who was failing rapidly in both mind and body and who could not remember all the members of her brother's family when she made disposition by deed and will of her property.

After the earthquake he testified his aunt appeared mentally weak. He admitted that she had objected to his marriage and had given him only $20 for a wedding present.

SOLONS QUICKLY PUT QUIETUS ON BENNETT'S DEMAND TO ACQUIRE CANADA

ANNEXATION IS HAMMERED IN COMMITTEE

Foreign Affairs Board Reports Adversely on Bennett's Resolutions.

Congressman Demanded That Taft Add Canada to United States.

WASHINGTON, Feb. 17.—To offset the Canadian annexation talk which the administration feared might affect the reciprocity agreement the House Committee on Foreign Affairs, by a vote of 9 to 1, reported adversely today on the resolutions introduced yesterday by Representative Bennett for opening of negotiations with Great Britain looking to the annexation of Canada. Bennett was the only member of the committee who voted for the resolution, and the committee held conferences with Chairman Foster of the committee, and Acting Chairman McCall of the Ways and Means committee with President Taft today.

BENNETT RESOLUTIONS.

One of the Bennett resolutions asked the President to report to the House for its information all the facts concerning any negotiations now pending with the Canadian or British governments, and also whether any negotiations are now pending looking to Canadian annexation.

The other resolution, a concurrent one, requested the President "to enter upon and to prosecute from time to time such negotiations with the British government as he may deem expedient for the annexation of the Dominion of Canada to the United States."

DISTURBS LONDON.

LONDON, Feb. 17.—Even though, as is supposed in senate quarters, Congressman Bennett of New York had no more sinister motive than to embarrass the reciprocity forces in his own country, there is no room for debate that his Canadian annexation resolution introduced in the house has disturbed Canadian minds on this side of the Atlantic. So seriously is the matter taken by the imperial preference party that it will be made a subject of interpellation of the government in the house of commons on February 23. Premier Asquith will be asked at that time if he intends to send any communication to the United States government.

CLARK'S FLURRY.

The flurry caused by Representative Champ Clark's declaration that he hoped to see the day when the American flag would float over the British North American possessions had scarcely passed when the cable brought Bennett's resolution asking the President to enter upon such negotiations with the British government as he might deem expedient for the annexation of the Dominion of Canada to the United States.

Among the Liberals there are not a few who think the congressmen are having a bit of fun at the expense of their British cousins.

HEAVY SNOW FALLS IN WESTERN STATES

ALBUQUERQUE, N. M., Feb. 17.—Heavy snow and rain in Central New Mexico and Northern Arizona yesterday relieved what threatened to be a famine to cattle and dry farming. Up to this time the snow and rainfall has been the lightest in years. The snow is a foot deep from Holbrook, Arizona, to Gallup, New Mexico today.

DEATH CLAIMS PIONEER WHO HELPED BUILD ROAD

Harvey S. Brown Is Gone After Years of Service

Harvey S. Brown, whose death yesterday removed one of the most active of the old-time lawyers in this section of the state, was one of the most important figures in the upbuilding of the Central Pacific railroad, having had a hand in its legal branch almost from its inception.

Mr. Brown died at the advanced age of 87 years at his home, 1120 Eighth street. He was a native of Masonville, N. Y., coming to California with the Hopkins, Collis P. Huntington, Senator Leland Stanford and Charles S. Crocker were among the men with whom he associated in the early days, fighting by their side in battles that resulted in the laying of rails for the greatest system in the world.

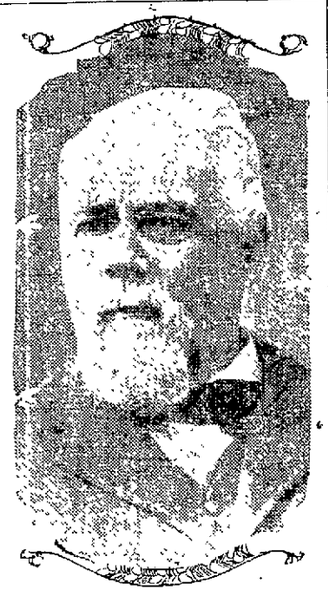

IN HARNESS 40 YEARS.

For forty years he was in the harness, with the late Judge Sanderson and Creed Haymond as associates. Ten years ago he left active service and since that time up to his death yesterday he had lived a life of retirement at his home.

As a philanthropist, Harvey S. Brown was best known to many in Oakland. Ever ready to serve a fellow man in need, he never hesitated to give of his efforts or finances to help a friend over a rough place.

The funeral will be held at 11 o'clock Saturday morning from the late residence of the deceased. Rev. Dr. Pond officiating. Interment by cremation will be private.

Harvey S. Brown was the father of Mrs. M. B. Vallejo and Leland Brown of this city, William Q. Brown of Biddels, Ore.; Robert H. Brown of Baker City, Ore., and F. M. and James P. Brown of San Mateo.

The late Harvey S. Brown, who, for many years was one of the leaders of the California bar.

JOHNSON APPEARS IN A NEW ROLE

Champion Examines Jurors Who Are to Try Him on Speeding Charge.

SAN FRANCISCO, Feb. 17.—With the skill and carefulness of an old-time practitioner, Jack Johnson, champion heavy-weight pugilist of the world, examined a multitude of jurors, and took part in the swearing of 12 men to try him on a charge of fast speeding, in Judge Conlan's court, today. In interrogating the members of the panel who had been summoned at his demand for a jury trial, Johnson asked them in a suave and polished manner whether they had any prejudice against his race, whether they or any of their families had been injured at any time by automobiles, whether they were opposed to racing machines, and whether they were in any way enemies of himself by reason of his victory over Jeffries at Reno.

The court room was packed and Johnson was the star attraction. Shortly after noon the jury was obtained, and the trial put over until 2:30 o'clock this afternoon.

SCREAMS OF WOMAN ROUTS BOLD INTRUDER

SAN FRANCISCO, Feb. 17.—The raising of a side window in her home awoke Mrs. A. Miller of 2220 Forty-second avenue early this morning, and she jumped from her couch to see the head of a burglar protruding into her room.

She screamed and the man fled. Officer Pidgeon later made a fruitless search of the neighborhood for him.

NEW YORK-CANADA EL CAMINO REAL

Greater Portion of Causeway to Be Built at Expense of Automobilists.

MONTREAL, Que., Feb. 17.—The proposal to construct a great international highway between New York and Montreal has received the approval of representatives of the principal municipalities on both sides of the boundary line. New York plans to expend $1,200,000 on the portion of the route between New York and Rouses Point. Three representatives from points between the latter place and Montreal and the mayor of this city have expressed a willingness to co-operate with the provincial government in completing the northern portion of the highway.

The premier of Quebec has already intimated that the government is willing to appropriate for this work the major part of all money derived from the automobile tax. The government has also announced a subsidy plan by which the province will share the cost of work carried out by the municipalities.

300 TO VOICE BIG PROTEST AT SACRAMENTO

In a special train carrying a delegation 300 strong, the citizens of Alameda county, headed by the Chamber of Commerce, the Merchants Exchange and other organizations, will leave for Sacramento next Tuesday morning, there to be present at the meeting of the legislature and to voice their protest against the Wolfe bill which proposes to pave the way for the annexation of Oakland to Greater San Francisco.

All the commercial bodies of the city are actively at work and it is expected that many more than are anticipated, will join the excursionists. From Oakland to Niles, and every part of the county, a vigorous protest has arisen.

It is pointed out by members of the progress and prosperity committee that the more who go to Sacramento, the better for the cause and there will be present, delegates from Alameda, Berkeley, San Leandro, Haywards, Pleasanton, Livermore, Niles and many other places. At a recent meeting of the committee, the members were assured that when the train passed through Niles and Pleasanton, there would be a large increase in the numbers aboard.

FINEGAN MAY LOSE LICENSE

Crap Game and Revolver Figure in Fracas in San Francisco Resort.

SAN FRANCISCO, Feb. 17.—Billy Finegan's saloon at 38 Eddy street, which has ever been the rendezvous of shyster lawyers, engaged in the bail bond business, is likely to go out of existence as the result of charges which will be filed with the police commissioners following a fracas which occurred at an early hour this morning and which desperate efforts were made to suppress.

Jack Wells, who lives at the Taylor Hotel, 74 Eddy street, got into a crap game in the resort and won $93. He declares that Frank Adams, bartender in the place was the keeper of the game and that when he attempted to depart with his winnings Adams grabbed a revolver and threatened to shoot.

He dodged out and bystanders disarmed Adams. Later the police got wind of the affray and both Adams and Wells were arrested for violating the gambling laws. Wells refuses to prosecute the barkeeper for assault, but charges against Finegan's resort are being prepared and it is said that his license may be forfeited.

Mark Twain's Estate Sued by New York

NEW YORK, Feb. 17.—Suit has been brought in the courts here by the city of New York against the estate of the late Samuel M. Clemens to recover taxes for several years back, based on an assessment of about $10,000. Mark Twain in his life time protested the assessment on the ground that he was a resident of Connecticut.

COLONEL J. C. McMULLEN, Oakland banker, reading THE OAKLAND TRIBUNE on the sun porch of the Castle Hot Springs Hotel, Arizona.

Colonel John C. McMullen, president of the Oakland State Savings Bank since its organization in '93, is staying at the Castle Hot Springs, in Arizona, for his health. He is a faithful reader of THE TRIBUNE and asserts that he cannot tell which is more essential to his health, THE TRIBUNE or the climate of Castle Hot Springs.

Colonel McMullen is a Civil war veteran, having served in the First Wisconsin Infantry. He is expected back to his Oakland home within the next few days.

Charles Gates Stricken With Blood Poisoning

EL PASO, Feb. 17.—Charles Gates, son of John W. Gates, the steel magnate of New York and Chicago, is being hurried east on a special train. He was stricken with blood poisoning at Yuma, Ariz., while traveling east from California, and a special train was immediately made up to rush him to eastern points. The train passed through El Paso early today.

DIRECT VOTE ARGUED IN SENATE

Friends of Measure Look for Vote on Sutherland Amendment Today.

Rayner and Nelson Exchange Words When Protest Is Voiced.

WASHINGTON, Feb. 17.—The Senate lost no time today in getting to work on the joint resolution providing for a constitutional amendment authorizing the election of United States Senators by direct vote. It was taken up at the end of routine business.

The friends of the measure were very hopeful that during the day a vote would be reached on the Sutherland amendment giving Congress control over Senatorial elections.

Senator Rayner of Maryland took the floor promptly. He contended that even without the Sutherland provision the federal government had the right to protect voters against fraud or intimidation. He therefore appealed to supporters of the original proposition not to burden it with an amendment, which, like the pending proposition, would imperil the success of the resolution itself. Then interruptions began to pour in on Rayner.

NELSON QUESTIONS.

"Why would it imperil the resolution?" asked Nelson.

"Because," replied Mr. Rayner, "it would affect a large number of votes on the Democratic side of the chamber who would vote against the proposition with the Sutherland amendment incorporated in it."

"Why should they vote against it?" asked the Minnesota Senator.

"I am not a mind reader and cannot undertake to say," said Rayner. "If the Senator will visit this side he will find out. But I am sure that the amendment will weaken the resolution. We need a two-thirds to adopt the resolution and cannot afford to take chances."

Mr. Rayner contended that the amendment would have the effect of injecting a new provision into the constitution, because, he said election of Senators by the people was a very different proposition from election by the state legislatures.

MOTT PLEADS FOR TIDE LANDS

Mayor Advances Oakland's Rights Before Judiciary Committee.

Senator Wolfe Waxes Wroth and Brands Certain Charges Lies.

(By EDWARD A. O'BRIEN.)

SACRAMENTO, Feb. 17.—The judiciary committee of the senate gave a very considerate hearing yesterday afternoon to Mayor Mott of Oakland, speaking in favor of a cession on the part of the state to its rights in tide-lands on the western water front of Oakland, as also in East Oakland basin.

An unusual feature of the hearing was the bitter denunciation by Senator Wolfe of San Francisco of writers who had misrepresented him and Senator Welch, in their attitude on the matter of tide lands. Wolfe said the man who wrote the charge had lied. He had no opposition to Oakland's advancement. It was the fight of the mercantile interests of San Francisco and not his fight. He stood only for San Francisco.

There will be another hearing next Tuesday afternoon.

Senator Stetson, in explaining the matter under consideration, which was the cession of the tide lands in East Oakland basin and the Key Route basin, said:

STETSON EXPLAINS.

"A number of years ago the state ceded most of the waterfront to Oakland and the city deeded the property to private individuals. Long litigation resulted and certain decisions of the courts showed that in some cases the occupants had some rights and also that some of the rights were in the city. East Oakland basin was one of the sections affected. There is another strip in the northwestern section of the city. This is not a scheme to organize a policy but a policy which has already been adopted. Oakland will continue the development of the property."

Mayor Mott, in explaining the conditions which had inspired the bill, said:

"The state of California in 1852 granted to Oakland a deed to the water front, as also the right of wharfing out. The city disposed of its rights. By one of the decisions of the supreme court, the city secured a great portion of the property. We have issued two million of dollars in bonds for waterfront improvement and we are making improvements. The city has purchased some of the property back from the owners. It is a fact that the city is improving the waterfront and is going to maintain it for the best interests of the people."

HISTORY OF LANDS.

Speaking of the bill relating to the history of the tide lands in East Oakland, Mayor Mott said:

"This bill has been framed for the purpose of having the state grant to the city the right to govern the property in the section in East Oakland referred to in the bill.

"Thirty years ago the state granted a patent to a man named Stratton. Stratton held it for several years and disposed of some of it. There have since been a number of exchanges in the holdings of the same, made of a part of the territory covered by the Stratton patent and these are now being used for commercial purposes.

"In our judgment, the Stratton patent is invalidated. This is state property, but it has never been investigated. The people have been allowed to go on in making commercial and manufacturing improvements on it.

"There are two ways of recovering the property. One would be by the state bringing action by the attorney general. Another would be to grant control in trust to the city and have the city adjust the question with the men who have improved the property.

WOULD ADJUST MATTER.

"We believe that we can adjust the matter so that we can recover the land for the city and, at the same time, not do injustice to the men who are now using it. We have since started in the the preparation of a new bill or substitute, but it is not as yet in an entirely satisfactory condition."

Mayor Mott then read the proposed substitute bill, the principal feature of which was the question of the number of years a lease to the disputed territory should run, in the event that the city should secure a cession of the property from the state. The maximum term was fifty and the minimum twenty-five years, but the matter, it was stated, had not been determined.

Senator Wolfe asked if leases could be granted to private parties.

PRIVATE LEASES.

"That would be our idea," said Mayor Mott. "Some of them might be entitled to a lease of 25 years with a reversion to the city after the termination of the leases. The holder of the lease, on its expiration, the lessee, would have the privilege or right to an extension of the lease."

"Do they recognize," asked Senator Wolfe, "that they have no title?"

"Yes," replied Mayor Mott. "If the city secures a cession to the property, the people who are occupying the same would quit-claim it to the city."

Mayor Mott then displayed a map showing the territory in question on both the harbor and on the western waterfront.

STRATTON PATENT.

Answering a question of one of the members of the committee as to when the Stratton patent had issued, Attorney C. E. Snook of Oakland, who represented the present tenants on the disputed tract, said:

"The patent was issued in 1878. We're holding the lands, now, the same as San Francisco is holding the land behind the seawall. We are trying to effect a compromise with the city, which would enable us to get around the decision of the supreme court in the Bordwell case."

"The property owners," continued Mayor Mott, do not concede that their title is not good. If the state would allow the city to adjust the matter, I thing it would do no hardship. We will not need all the property for some time to come. We are building a wharf here on Livingston street which is to cost $175,000. This, we think, will accommodate the commerce in that section for some years. It will not hinder business there to allow the sites under the Stratton patent to remain under lease for some years."

"Would those occupants of the territory under the Stratton patent object to quit-claiming to the state?" asked Senator Caminetti.

"I think not," replied Mayor Mott.

"Don't you think," asked Senator Caminetti, "that it would be better for the state to act instead of the city?"

"I think," said Mayor Mott, "that the city might bring an action against the settlers. There has been a great deal done for the improvement of the harbor and we are going to go down into our pockets for more. We have already voted two million dollars and we are going to ask for more. We are making our own improvements at our own expense. We want to get all the property of the city back to the people for the fullest benefit of the people. It would be better, I think, for the state to let us manage all of it. We want to do it and we are willing to do it."

CITY GOVERNMENT.

"What, in your judgment, Mr. Mayor," asked Senator Wolfe, "is the best method of managing the harbors? Should they be managed by the cities themselves or by the State?"

"In my opinion," said the mayor, "it would be best to have them governed by the cities."

"All over the state?" queried Wolfe.

"All over the state," said the mayor.

"In Los Angeles?" inquired Wolfe.

"Yes," replied the mayor.

"In San Francisco?"

"Yes," declared the mayor. "As long as we are willing to go down in our pockets we ought, I think, to be allowed to manage our own property. That privilege, under the same circumstances, ought to be extended to the cities."

Senator Wolfe then rose and with much warmth said:

"There have been misrepresentations here and they are not only malicious but they are lying. We have been put in the position on this question of representing the Southern Pacific Railroad Company. The man who wrote that lied."

NOT OPPOSED.

"I am not opposed to your control of your harbor, Mayor Mott. I have no desire to retard your progress. I have a high regard for you. Your record shows you to be a progressive man and official. The people of the state know you. I will appreciate what you do as soon as you get the authority of the state for these improvements. But I stand for uniformity in the system. I don't think that there ought to be competition between the harbor of this city under city control and the harbor of that city under state control.

"I stand to represent my city of San Francisco. I have given notice to the mercantile interests of San Francisco that this is their fight and not mine. On this water front improvement, I represent nothing but San Francisco, and I am convinced that this is a matter for the interest of Oakland and also Los Angeles. If the mercantile interests are not awake to this city, I can do no more."

GREATER ACCOMMODATIONS.

"The improvements of Oakland harbor are not intended to injure San Francisco," said Mayor Mott, "but to afford greater accommodation for the future commerce of the Bay of San Francisco. On the western front of Oakland, the city has the wharfing-out right. We have granted franchises to the Western Pacific, the Southern Pacific, and the Key Route, and we are putting in improvements.

"The federal government has granted to the city the right to build a bulkhead between the mole of the Key Route and the Southern Pacific. There is a 2000-foot waterway which we have been permitted to fill. The city has let contracts for this improvement. We want the state to cede this property to us for the common welfare of the people. We have reserved a strip there inside the city and ought to have control of it inside the city. We want to preserve and develop it for the improvement of all."

Senator Caminetti asked several questions regarding the area and outlines of the property, which led to an examination of a map which the mayor produced.

"Would there be any objection to a state reservation as to the amount of tolls?" asked Senator Caminetti.

"There would be no objection to such a reservation," said the mayor, "so as to prevent extortion."

The bill was then made a special order before the judiciary committee for next Tuesday at 1 p. m., when Mayor Mott will produce more maps and after that hearing a sub-committee will be appointed to further consider the measure.

At the suggestion of Senator Wolfe, chambers of commerce and other mercantile organizations in San Francisco and Oakland were invited to be present.

BLACK'S BANKING BILLS FAVORABLY REPORTED OUT

Senator Marshall Black, whose banking bills were favorably reported. —Hodson, Photo.

SACRAMENTO, Feb. 17. — Senator Black's banking bills, which are backed by the State Bankers' Association, were favorably recommended out of committee with an amendment which prohibits department stores conducting banking business.

Several prominent bankers appeared before the committee, among them Frank S. Dunn, president of the Savings Union, J. B. Sartori, president of the Securities Saving Bank; George Tourney of the German Savings and Loan Society; Richard Tobin, president Hibernia Bank, and J. B. Scherer of the State Bank Examiners.

The Black bill, which aims to consolidate the two offices of Building and Loan Commissioner into one, was recommended to the Senate for passage.

FREE TEXT BOOKS PROMISED IN SMITH BILL

Oakland Assemblyman Says Measure Will Be Favorably Reported.

(Special to THE TRIBUNE.)

SACRAMENTO, Feb. 17.—Assemblyman Smith of Oakland says that his bill providing for free text books for children in the public schools of this state will be recommended, with some minor amendments, and be on the floor of the house in a day or two. He states that, from the sentiment of the members on the subject, the measure will be passed.

In the passage of the bill for the initiative and referendum in the Assembly, Messrs. Clark of Oakland and Young of Berkeley were practically the only members who spoke on the subject, both being opposed to an increase in the number of petitioners for the recall from eight to fifteen per cent.

Clark stated that in the presentation of the measure there had been a great deal of cure displayed. All the laws on the subject in states where the referendum had been introduced had been studied and the law under consideration had been based upon the best features of each. Recently, he said, San Francisco had adopted a new charter in which there was a petition of only four per cent of the voters. A new charter has recently gone into effect in Oakland where the percentage was but five per cent, while in Berkeley the percentage had been fixed at five per cent also.

BRANDS IT FAIR.

Young argued that the percentage of eight per cent was a fair and reasonable one. He would be willing to raise the percentage in the recall amendment, but he thought the percentage incorporated in the bill under discussion ought to remain as it was. There was not a single vote against the measure, which will now go to the Governor.

Assemblyman Smith says that a number of people in his district are opposed to the passage of some insurance bills which were introduced several days ago. It is claimed that one of the measures is calculated to drive out of the insurance line a number of small agents who are now engaged in it.

Assemblyman Callaghan of Oakland, who introduced the measures and who is also chairman of the committee on insurance, declares that the measures were introduced by him at the request of underwriter agents and that he had not examined them carefully, knowing that all their points would be brought out when they should come before the committee.

Mr. Callaghan announces that when the bills come up again before his committee they will be given the fullest consideration, people opposing, as well as favoring them, being entitled to speak on the subject.

ADDS TO STAFF.

Assemblyman Crosby of Alameda has made a last minor amendment to his bill, No. 991, relating to military matters and, in a few days, the measure will come up on final passage. The last amendment adds another aide-de-camp to the personal staff of the Governor of the state.

This is the measure which is expected to do away with the showy collection of lieutenant-colonels who, for years, have been accustomed, or, at least, expected to appear with the Governor of the state on all occasions when there was to be a display of pomp, with bright and blue uniforms, slashed and cheviened with gold and bullion. These richly groomed warriors have been of uncertain number. They thrived on liberality in the matter of appointment by the Governor, yet, under some administrations, while many were honored by being chosen, not a few failed to respond. Adjutant-generals have been known to complain that some of the members of the staffs under their command never "even thought of buying a uniform". On one occasion an ex-Governor of this state went to Atascadero for the purpose of reviewing the state troops which were there engaged in military maneuvers with the regular troops and, while the adjutant had ordered the "staff" to attend the Governor, the review took place with but two members of that organization riding with the adjutant-general behind the executive of the state. One of the two had a trying time to remain astride his mount.

PRACTICAL RESULTS.

But Governor Johnson will have none of the old style "staff." That glittering entity is to be reduced to five members, but if more are required they will be for practical results rather than for spectacular effect, and the additional number will be detailed from among the regular officers of the National Guard.

These provisions are to be found in the Crosby measure under consideration, as are also several others which will be of interest to people interested in the military affairs of the state.

The bill proposes an increase in the pay of bands to $75 per month. There is to be a machine-gun platoon for every regiment of infantry and battery of field artillery. Changes in rank are to be made in the naval militia to harmonize with the corresponding rank in the regular naval militia.

Under this measure, also, the pay of officers of the National Guard will commence from the moment those officers receive their commissions. Heretofore pay commenced to run only on the first of July, the opening of the fiscal year, regardless of the fact that the officer might have received his commission half a dozen months previously. Those six months he would have to work for nothing.

ABOLISHES LIFE TERM.

One of the most important changes in this bill is the abolition of the life term of officers and the substituting of a term of four years with the necessary quadrennial elections. Accordingly, when this measure goes into effect, all the officers now under commission will receive commissions limiting their terms to the succeeding four years.

Experience in the National Guard has shown that it is necessary to have new spirit infused into the commands at various times and such infusion has not thus far been inspired in the recruit, by discovery of the fact that his only opportunity for promotion is presented when a superior officer is court-matialed, resigns or dies.

TORTURED FOR 15 YEARS

by a cure-defying stomach trouble that baffled doctors and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said: "He can't live much longer." It's surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at Osgood Bros.

OAKLANDER MAY BE COMMISSIONER OF LABOR

A. M. Thompson Mentioned as Man Favored by Governor Johnson.

(Special to THE TRIBUNE.)

SACRAMENTO, Feb. 17.—Another candidate for the position of State Labor Commissioner is A. M. Thompson of Oakland. Among the candidates already named for the position are John McLaughlin of the teamsters' union, John J. Nolan of the moulders' union, and Will J. French of the Labor Clarion, all of San Francisco. These aspirants however, do not exhaust the list.

Friends of Thompson say that he seems to have a good chance of securing the appointment to the position. They say that there is a dead-lock in the matter among the candidates in San Francisco.

IN GOVERNOR'S HANDS.

The appointment is in the hands of Governor Johnson. Mr. Thompson has had a personal interview with the executive on the subject and his associates feel satisfied that conditions are favorable for their friend.

The term of office is four years with a salary of $3600 per year. The incumbent in the office during the greater part of the term of ex-Governor Gillett, was John MacKenzie who, shortly before the close of the governor's term, resigned this position. In his stead Governor Gillett appointed Grant of Mountain View. Still later, however, the commission was abolished and the appointment of a labor commissioner was bestowed upon the Governor.

PROTEST CHANGE IN PHARMACY LAW

Druggists of State Declare Present Methods Have Desired Effect.

SACRAMENTO, Feb. 17.—There is a delegation of pharmacists from various parts of the state in attendance on the session for the purpose of showing what are considered the pernicious features of Senate bill No. 1044 which is directed at the State Board of Pharmacy and the present pharmaceutical law which has been in force for some years. Among them is Joe O. McKown of Livermore. The pharmacists in question are not alone in opposition to the measure but many of their friends as also officers of the peace in various parts of the state.

Under the law, as it stands at the present time, as high as 288 convictions of violators of the enactment have been obtained in a single year. This is the highest number of conviction secured in that period under any of the measures on the subject which had previously been in force. Regardless of the fact that the population of the state was not so dense at the time yet the percentage of criminal offenses which were brought to the attention of the officers of the law was relatively as great.

SALE OF NARCOTICS.

One of the most frequent violations of the act was that of the illegal sale of narcotics of a certain character and under the present enactment, in nearly every instance, it has been found possible to secure a conviction. This has resulted as a boon to people because, in a measure, it has tended to prevent the violators from engaging in similar criminal acts later in the business. In not a few instances, pharmacists who were thus proved to have been engaged in illicit selling of drugs, were set aside and subsequently sought other sections where their unreliability was not known.

President Taft, in speaking on the necessity of reliability on the part of those dispensing drugs and medicines, took occasion to refer in complimentary terms to the effective manner in which the law in question had done its work in this state.

The California State Board of Pharmacy as it is constituted, has two members from Alameda county, the full board being as follows: E. J. Mulmoy, San Francisco; Charles B. Whitten, San Francisco; George M. Sutherland, Alameda; H. O. Enger, president, Fresno; E. J. Finger, Santa Barbara; Edward T. Ott, Pasadena; J. O. McKown, Livermore.

GOVERNOR TO DECIDE ON PRISON MEASURES

SACRAMENTO, Feb. 17.—The bills providing for the manufacture at the state prisons of articles, materials and supplies for schools and public institutions have been passed by the legislature and will now go to the governor, who in all probability will sign them, despite the recent objection of the San Francisco Labor Council.

The two houses approved these measures last week, but each passed its own separate bill and sent them to the other house for action. Yesterday the bills that were introduced by Assemblyman Gerdes of San Francisco, Nos. 885 and 889, went through the senate without a single objection, and these will be handed to the governor, those which were put in by Senator Finn being dropped.

No. 883 authorized the employment of prisoners at San Quentin and Folsom, as stated, and makes provision for getting the machinery and tools needed for the work. The other bill amends the San Quentin revolving fund law so that it may be used for the manufacture of other products, that jute.

LEGISLATIVE NOTES

FAVOR LABOR BILL.—The scheme of Colonel Harris Weinstock to settle all labor strife through a board of arbitration to be appointed by the governor of the state was passed upon favorably by the senate committee on labor and capital.

WILL FIGHT JUDGE.—Assemblyman Hall of Bakersfield intends to put up a fight in the assembly against the passage of Senator Larkins' bill to provide for one more superior judge in Kern county.

CEMETERY MEASURE.—Senator Cassidy's bill which by the repeal of the cemetery act of 1859 will give San Francisco the right to run streets through Laurel Hill Cemetery which now blocks a great stream of traffic into the Richmond district, was passed by the senate.

TO HASTEN WORK.—In order that the work of the legislature may be hastened, as the prospects are that there will be an unusually long session, the rule is being adopted in committees to report out bills with a majority of those present, whether it be a majority of the committee or no.

PROTEST CHANGE IN MILITARY BILL

Adjutant General Forbes Declares Amendment Would Be Harmful.

SACRAMENTO, Feb. 17.—In behalf of the National Guard of California Adjutant General Forbes has joined President C. J. Young of the National Association of Adjutant Generals in a protest against the adoption of an amendment to the pending congressional militia pay bill which would nullify certain provisions of the Dick military law.

The proposed amendment provides that in time of war the United States government shall not accept any organization of the militia or officer belonging thereto unless the organization and its officers had been inspected and reported fit for military service according to standards prescribed by the Secretary of War.

General Forbes states that this amendment would undo the effect of the Dick law, which was written on the statutes to keep the militia from being disrupted in time of war, and to prevent its officers from being replaced by political appointees or young officers from the regular army.

TWO NEW LAWS FAVOR METROPOLIS ACROSS BAY

SACRAMENTO, Feb. 17 — Governor Johnson yesterday signed Senate bills 220 and 244, two of the measures affecting San Francisco, which were prepared by City Attorney Percy Long. No. 220, which was introduced by Senator Boynton of Oroville, curtails the issuance of preliminary injunctions and temporary restraining orders. Attorney Long's reason for this amendment to section 527 of the code of civil procedure was that in San Francisco the city authorities were frequently hampered in having street work done and sanitary regulations and police laws enforced by the hasty granting of restraining orders in injunction suits, some of which were never brought to trial, their only purpose being delay.

No. 244 relieves municipalities from the five-block limitation relative to the use of the same tracks and streets by two railway lines.

OAKLAND CHARTER ON FILE TODAY

Only Formality Remains in Connection With New Document.

SACRAMENTO, Feb. 17.—As announced in these dispatches, the Oakland charter is already a law, in so far as any action of the legislature is concerned. Before the close of today the formality of filing will be carried out.

Copies of the document, signed by the officers of the several houses of legislation, certifying to its passage, have been forwarded to the mayor's office in Oakland.

Then an affidavit will be appended setting forth their authenticity, after comparison, as copies of the charter of that city. They will then be signed by the mayor and city clerk and stamped with the seal of Oakland and one copy will be sent to the county recorder, one to the office of the city clerk and one to the secretary of state.

OAKLAND'S BOYS AND GIRLS

FLAG IS SALUTED BY OAKLAND PUPILS

The flag-raising ceremony conducted by the children of the Washington school in Bushrod Park playground is one of the interesting exercises that have been in force since the opening of the playground about a year and a half ago.

The boys and girls of that school assembled around the national emblem and gave the flag salute, in the customary fashion.

The ceremony was attended by the teachers of the school as well as all the children. The celebration was held this afternoon to honor the memory of Abraham Lincoln and George Washington.

During the services the national anthems were sung by the pupils, who had been preparing for the observance for some weeks.

WOMAN AND CHILD LABOR.

(By LUCY CATLIN.)

What would we do without labor? What would we do if there were no workingmen to build our houses, repair our streets, work in the factories where our shoes and ready-made clothes are manufactured? There is no reason why a man should not work, if he has reasonable hours and sufficient wages, which most able workingmen do have.

But how about the women and children who sit, day in and day out, in the badly ventilated, unhealthful sweatshops of great cities, making the garments which are sold for many dollars to us, for a few cents? Who, after hours of weary toil, drag themselves home, if a wretched 12x14 room in a ramshackle tenement may be called home, snatch a scanty meal and turn, by the dim light of an ill-smelling kerosene lamp, sew on till the small hours of morning?

They must strive and struggle and fight to keep body and soul together, while the men who own the factories in which they work wax rich and prosperous, are respected and honored by others in the place in society to which they have climbed by the aid of starving women and children laborers.

Orchestra Plays at Valentine Party

The boys' orchestra of the Franklin school assisted in entertaining the members of the Teachers' club of Alameda county, who were the guests of the teachers of the Franklin school last Tuesday afternoon. The pupils of the school also assisted in decorating the halls of the school, which were festooned with red hearts, made by the boys and girls in the different classes of the school.

Twenty-three teachers of the Franklin school received the guests, who were entertained in the assembly room of the school. Enoch Arden, Tennyson's masterpiece, was read by Gertrude Berg of Alameda. The Strauss music, which accompanied the selection, was given by Arthur Agaard of Alameda. Miss Esther Frank of the Lincoln school, presided.

In a recent conundrum contest held in the Franklin school, Willeta Laymance, 6-year-old daughter of Mr. and Mrs. E. E. Laymance, came forward with many original puns, which created much laughter.

The novel form of entertainment was introduced by Miss Kate Morris, a teacher in the second grade, and it has proved to be interesting.

"The quick wit of the youngsters was almost phenomenal, declared Miss Morris yesterday, and the tots profited by the novelty."

MEYER TO FIGHT SUIT AGAINST U. S.

WASHINGTON, Feb. 17.—The secretary of the navy, George von L. Meyer, filed an answer yesterday to mandamus proceedings brought by A. Goldberg of Vancouver, B. C., highest bidder for the condemned cruiser Boston.

Meyer attacked the jurisdiction of the court to issue a writ of mandamus in a discretionary matter.

Meyer declared that the best interests of the United States had been conserved by lending the vessel to the Governor for the use of the state militia. Meyer suggested that if Goldberg believed he had a binding contract by virtue of his bid he had recourse to the United States Court of Claims or the courts of Oregon.

SENIOR DANCE TO BE AFFAIR OF THE SEMESTER

With the entire student body of the Oakland High school awaiting in expectancy, the High senior class will give their popular dance Saturday evening. The committee has everything arranged for one of the most brilliant affairs ever held at the school by any organization. The High school gymnasium will be artistically decorated with palms and greens with the class colors, red and white, predominating. The entire High school faculty will attend in a body and many members of the Oakland High School Alumni Association will also attend, besides many other prominent students of the High school.

The music will be furnished by the Oakland High school trio, including Harold Barker, pianist; Kenneth Fox, violinist, and Hallan Langstroth, celloist. The patronesses include Miss Annie G. Brewer, Mrs. S. P. Hall, Mrs. Z. J. Hatch, Mrs. W. O. Atworth, Mrs. F. H. Clark and Mrs. R. H. Chamberlain.

The dance committee includes: Richard Chamberlain, chairman; Cornelius Hatch, Eugene Curley, Marian Clark and Doris Atwater. Invitations have been given to more than 300 and a grand success is assured. Dancing will begin at 8:30 Saturday evening.

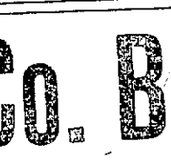

A big time will be given to the High Senior class by the Low Seniors about the middle of the term.

Satisfaction For Fifty Cents

A lady in East Oakland is the owner of a Sewing Machine. A few days ago the Machine went on strike. No amount of oiling or coaxing could start it. One man who inspected it said it could be put in working order for $7.50. The owner couldn't pay so much.

She called us up and when our man went out he found just a little pin broken. It was repaired for just fifty cents.

INSURANCE BILL GETS APPROVAL

Companies Exempted From State Law in Measure That Is Favored.

SACRAMENTO, Feb. 17. — The senate committee on corporations passed out with a favorable recommendation yesterday a bill introduced by Senator Roseberry exempting inter-insurance companies from the provisions of the state insurance laws. The bill was offered by representatives of the inter-insurance companies, through Senator Roseberry, in connection with an effort to amend a bill now being considered by the assembly insurance committee, classifying inter-insurance companies with mutual companies in a provision to have the latter placed on the same basis as stock companies.

The representatives of the last named concerns declare that State Insurance Commissioner Cooper has acquiesced in their requests. The bill and amendment under consideration affect $75,000,000 of insurance.

Governor Johnson signed a joint resolution introduced by Assemblyman Hall of Bakersfield, asking Congress to enact laws which will settle titles to oil land left in doubt, the oil men say, by decisions of the Department of the Interior.

BILLS PASSED.

The following bills were passed by the assembly.

Assembly bills 1110 to 1117, inclusive, providing for technical amendments of the election laws—Young.

Prohibiting the use of live birds in shooting contests. Opposed by Coghlan who will ask reconsideration—Gerdes.

Amending the political code relating to papers filed in the office of the insurance commissioner by insurance companies—Kehoe.

Protecting fraternal, benevolent and secret societies by prohibiting the use of their ritual by work—Cronin.

Providing for the election of one member from each district to county boards of education instead of at large—Stuckenbruck.

Granting the city of San Diego the right to hold an exposition in Balboa Park—Hinkle.

Authorizing and requiring the payment by counties of interest on state highway bonds—Chandler.

Prohibiting the importation of meat cattle affected with tuberculosis, for dairy or breeding purposes—Stroobridge.

Prohibiting the throwing of glass, nails, tacks or hoops on highways in places where they may injure animals, persons or vehicles—Campbell.

Making it a misdemeanor to drive an automobile while intoxicated — Campbell.

FRESNO POLICE COURT TO WORK DAY AND NIGHT

FRESNO, Cal., Feb. 17.—Owing to the congested condition of the calendar in the police court of this city, Judge Herbert F. Briggs has announced that beginning on Tuesday of next week cases will be tried at night as well as in day time. The congestion is occasioned by the number of Industrial Workers of the World, who are in jail awaiting trial.

DENY AN INCREASE TO LAW LIBRARY

Stetson Declares County Institution Has Too Much Money Now.

SACRAMENTO, Feb. 17. — "The law library of Alameda county has now more money at its command than it knows what to do with, unless the jurists in charge of it should decide to go into library building on an Alexandrian scale—and that they declare they will not do."

This was, in effect, the statement of Senator Stetson today in opposing an increase in the amount of fees for filing complaints with the county clerk to ten dollars per case, a certain amount to go to the law library of the county. The judges of the Superior Court in Alameda county are in charge of the law library of that county and, referring to the condition of affairs in that institution, the senator said:

"The judges don't know what to do with the money which comes in now. The matter came up before the Alameda county delegation with a view to getting something in the way of a reduction in the fees for the library. This would render it unnecessary for the law library to receive more than it required unless an increase in the size of the rooms and an increase in the number of attendants should be provided for. No increase in the size of the quarters could be provided without provision for the same being made by the Supervisors and that is not considered necessary.

"The increase of $2 in the filing of a complaint is an unnecessary burden on the citizen, especially where there is a delinquency in a number of cases. There ought not to be an increase to $10. The County Clerk's office in Alameda county is more than self-supporting and that is the case in the large counties comprising more than one-half the population of the State of California."

The increase was not made.

DIVORCEES FAVORED IN NEW MEASURE

SACRAMENTO, Feb. 17. — The marriage of divorced persons will be made easier in California if the bill which has received the indorsement of the Assembly Judiciary Committee becomes a law. It will make the term an interlocutory decree must run three months instead of a year that is required under the present law.

Early in the session a bill was introduced by Assemblyman Tibbetts to change the time from one year to six months.

The Judiciary Committee took this bill and cut the length of the interlocutory period still further by making it three months. The report of the committee in favor of this bill was made yesterday morning. This was a compromise. Some wanted to abolish the period of probation altogether.

This Is a Real Thriller

THE THREE ROEHRS, who give remarkable performances at the Bell this week.

Man's brain has devised nor thought out no more startling or sensational piece of work for the entertainment of his fellow creatures than the thrilling act at the Bell Theater this week, contributed by the Three Roehrs. It is billed as a bicycle act, but don't for a minute confound it with the innumerable acts of this general character you may have seen. Instead try to imagine just about as dangerous and dare-devilish a feat as you can on wheels and then increase its hazardous features tenfold and you then may a measure get some idea of the caliber of this exhibition by this fearless trio. Inside a huge globe they whirl around and around, at a speed that is compared to that of an express train, and time and again, with one or another of them, danger is most imminent. To top the climax, this great globe is raised in the air, until the spectator observes that one of the most daring riders is actually riding head downward, his fearful speed the only thing that overcomes the law of gravitation. That it is a most hazardous piece of business no one can deny, and they all bear mute testimony to the fact, in the countless scars they carry, evidences of occasional mishaps.

See this act by all means—the whole show is strong and in the bill you will find a little of everything that you can thoroughly enjoy.

NOY AND FOX NOW IN RUNNING FOR OFFICE

Gilbert and Cooley, Former Mackie Backers, Now Oppose Him.

ALAMEDA Feb 17—Characterizing his former supporters W W Cooley and J J Gilbert as political bosses and branding their proposed management of his campaign as unlawful and infamous Alexander Mackie who declared himself a candidate for the office of mayor of the city two weeks ago with Cooley and Gilbert as his strongest backers withdrew from the contest last night His ultimatum was given at the meeting of the Alameda Improvement Club of which he is president when in a heated speech he scored his former constituents who recently named George H Cox as their candidate for mayor opposed to Mayor W H Noy the incumbent and Mackie

Mackie is advocating the commission form of government and has pledged his support to the proposition which will be placed on the ballot for the vote of the people and which he says might be endangered during a municipal campaign on account of entangling alliances or animosities

SPEECH IS WARM

Following is the speech made by the retiring candidate last evening before the improvement organization

Fellow Members Since you elected me president of the Alameda Improvement Club whose aim has ever been to originate and aid measures tending to beautify Alameda as the finest residence city in the state a large number of my fellow citizens have requested and urged me to become a candidate for mayor culminating in an offer from an organized part of the late progressive Johnson movement to become their candidate

I considered this a credit to your activities and an honor to myself but when I was confronted with two self appointed bosses in secret caucus who arrogated to themselves the dictation of what I should say and when I should say it and demanding so much cash down I refused to consider their unlawful and infamous proposition

Since then a substitute has been found who in his published platform has deliberately taken to himself your original ideas as submitted in your resident's inaugural address of January 5 1911

NOT POLITICAL PRIVILEGE

In the meantime you have presented to the mayor and council resolutions favoring the government of the city through the commission plan—that is the administration of her affairs should be a business problem and not a political privilege to administer the affairs of the city and not merely to distribute patronage in fact men for their business efficiency and experience and not for their political sagacity To get political of her government is to get public sentiment into it

The council has accepted your suggestion and by resolution agreed to place For or Against the commission plan on the ballots at the April election and as I consider the adoption by the people of that plan of far more importance to the city than being elected mayor I decline to be a candidate promising instead to give my full and free support of that proposition without any entangling alliances or animosities which might be engendered during a municipal campaign

Mackie's action was commended by the club members

The Contest is starting in earnest now; candidates begin to realize that if they would accomplish the best results for the least effort they should get busy.

You who are not yet entered among the hustlers might just as well get busy, too. You notice that we say "the Contest is STARTING in earnest," and that's just what we mean. The Contest pot has so far been merely simmering, but in a few days it's going to boil.

WHY NOT ENTER YOUR NAME?

Now, while the BIG VOTE OFFER has more than week still to run—now before anyone has done enough work to make it hard to overtake them—now while the majority of people have not been approached for a subscription—NOW is the ideal time to enter the Contest.

Look over the list of active candidates. There are not many who are hard at work. Many a good-looking name will be dropped from the list ere the close on March 22d. A "live wire" can enter today and by a few hours' hustling secure enough votes to put his or her name right up along with the very best.

If you would like a Chalmers Touring Car, a Vacation Trip, a Gold Watch or a High-grade Piano, take the plunge today. You will be amazed to find how many votes you can secure before this Saturday evening, and by next Saturday you will be so happy that you will be "neither to hold nor to bind," as the saying goes. You will simply overflow with good spirits, and the people at home who may have thought you were growing a trifle "grouchy" will be rejoiced to find how sweet and sunny you really are.

THOSE LEISURE MOMENTS.

Some think they have not time to work for a prize. Even if you are very busy you have not only time to work, but to win. We know a girl who had such long office hours that it was simply impossible for her to call on her friends.

What did she do? Just give up and say: "That Contest looks good, but it is not for me?" No indeed. She said: "Those prizes are what I want and WILL HAVE." Whenever she had even a few spare moments she rang up her friends and acquaintances on the telephone—told them why she could not make a personal call, and how much she wanted the prize and would appreciate their help. SHE WON. YOU CAN.

KEEP TAB ON YOURSELF.

Keep watch on yourself today. Note how often you exchange a few words first with one and then with another.

It takes just as long to say: "Do you think the weather has really settled?" as it does to remark: "I'm in THE TRIBUNE'S Contest to win. Help me out with a subscription and I shall thank you very much."

If you meet an acquaintance on the street car you can ask for a subscription just as quickly as you can tell him how long you have had that cold and how much you hope his is improving.

Instead of "small talk" use Contest Talk. It's really more interesting to all concerned.

When you have thought over the truth of this come in with your nomination.

SEVEN-LEAGUE BOOTS.

Distance did not make much difference to the man in our fairy tales who wore the famous seven-league boots. It mattered not how far ahead of him was the man he wished to overtake, he had but to draw on the wonderful boots, and Jumping Jupiter! he was beside him in a trice!

Up to February 25th you can pull on your TEN-LEAGUE BOOTS. Every new yearly you gain will advance you 10,000 votes. Leaping forward at such a pace, how long do you think it will take you to jump past that man who started a little ahead of you, or who up to this time has been rather more active than you?

ANOTHER LONG LEAP.

Another very long leap that you can take on the road to victory is when you have turned in as much as $30.00 in subscriptions. Then at one bound you can advance 50,000 votes. My goodness, gracious! that lands you almost out of sight already.

MAKE THAT CALL TODAY.

You should be sure to see every one of your friends and acquaintances before February 25th. For this reason you must make some calls every day until that time. The sooner the better. By tomorrow your friend may have seen some attractive window bargain, or had another call on that spare cash.

CAN YOU WRITE A LETTER?

A splendid way to reach people is through "THE PRESS." You want every one to know that you are out to win, and you cannot advertise your campaign too extensively. Why not tell them in a nice, bright letter just what you want and why?

If you will write the letter we will print it for you. It will appear in one of our Contest Stories and will make many people appreciate the fact that you are a good candidate for them to help. Don't say to yourself: "I'm not literary and can't write a letter good enough to print." That is not what you should set out to do. What you want is a simple statement of facts.

Of course if you can throw in a laugh it won't do a bit of harm, but the facts are the important thing.

FIVE-YEAR SUBSCRIPTIONS.

The biggest and best of all the vote rates come with the five-year subscriptions. But they take quite a lot of money—more than most individuals have to spare. Still this is no reason why every candidate should not secure at least one of them to their credit.

Think up some charity in which you know that many persons are interested. Tell all those who you think would like to help along a good work as well as to help you, that you are making up a five-year subscription for a certain Hospital, Home, the Salvation Army, or some other institution where a daily paper would be most gratefully welcomed.

Any such subscription as this would of course be counted as a NEW Subscription, for even if a paper is already going to this institution the one you send would be a SEPARATE paper, and if you mark it as such it will be credited with the highest rate of votes.

Better start right off to make up this subscription, as it may take you some time to fill it out, and just at this period of the Contest TIME MEANS VOTES.

50,000 EXTRA VOTES.

A bonus of 50,000 extra votes will be given on the first $30.00 in paid subscriptions that we receive from any candidate.

COUPON VOTES.

If candidates wish their coupon votes to be counted to their credit they must positively not clip off the date line.

If you have a big bunch of coupon votes it is sufficient for you to write your name and address clearly on the first one or two at the top and fasten them all together in a neat package. This saves you much unnecessary work and you run no risk of loss, as each package is counted separately.

PRICE AND VOTE VALUE OF SUBSCRIPTIONS. TO FEBRUARY 25TH ONLY

	Price.	New Subscribers:	Old Subscribers.
Three Months	$ 1.95	1,000 votes	500 votes
Six Months	$ 3.90	3,000 votes	1,500 votes
One Year	$ 7.80	10,000 votes	5,000 votes
Two Years	$15.60	20,000 votes	10,000 votes
Three Years	$23.40	40,000 votes	20,000 votes
Five Years	$39.00	60,000 votes	30,000 votes

The Contest Department will furnish you with printed matter free of charge to aid you in your campaign.

A circular letter to your friends and acquaintances, a card requesting votes and subscriptions, or any original ideas that you may have in the way of announcing your campaign will have our hearty co-operation.

Come to see us and let us help you to get your campaign on the way to victory.

REPUTED PASTOR DONS DISGUISE

Prisoner Declares He Wanted to Attend Rival Church Unrecognized.

NEWARK, N. J., Feb. 17.—Charged with having masqueraded with false whiskers on the public street, a well-dressed man, representing himself as a Methodist clergyman engaged in evangelical work, is under arrest here. He gave his name as Rev. Leon Geis and said he was educated at Asbury Methodist school, Lexington, Ky.

The reputed clergyman explained his disguise by saying that he wished to attend a religious meeting to be presided over by a rival evangelist without being recognized.

Geis carried a small Bible and told the police he was not in sympathy with his rival's religious views and wanted to refute his views.

He said he lived in a suburb of Lexington, Ky., and had a wife and three children in Chicago.

FEDERAL CONVICT WANTS DEAD WIFE'S LETTERS

CHICAGO, Feb. 17.—Oberlin M. MYSTERY SURROUNDS VISIT TO HOSPITAL

NEW YORK, Feb. 17.—In spite of the statement of Dr. Harrison B. Arnold, an interne at the Flower hospital, who is described as a "sort of cousin" of the missing Dorothy Arnold, that the visit of Dorothy's sister, Marjorie, and her two friends, Mrs. Thomas Dalton of this city and Mrs. Horace Bowen of Jersey City, to the hospital on Tuesday last was merely for the purpose of inspecting the institution and studying its methods of administration, it was learned yesterday that the visit of the three women was arranged on very short notice, and the contradictory statements given out concerning it continue to surround it with an air of mystery.

TELL TROUBLES TO THE POLICE

One Oaklander Was Held Up Last Night and Another Had Room Robbed.

As he stepped from the rear door of his restaurant at 3300 East Fourteenth street shortly after midnight last night, George Calish was confronted by three men, armed with revolvers, who demanded that he make no sound and then proceeded to search him. They obtained $15 from a pocket on the inside of his vest and after again warning him to make no sound, disappeared in the darkness.

The robbery was committed in the shadow of a building, and Calish was unable to give the police a satisfactory description of the men. A search was made but no trace of the robbers was found.

George D. Titus of room 30 in the Palmer house reported to the police that a suit of clothes valued at $7, a watch valued at $5, and other articles had been stolen from his room.

ROOT PLEADS FOR TRADE COMBINES

Senator Lauds Principle of Organization in United States Business.

WASHINGTON, Feb. 17.—With a plea for organization and combination on the part of the American business man for the promotion of trade with Latin-America Senator Elihu Root of New York lauded today the principle of organization of business, in an address at the closing session of the Pan-American commercial conference. He deplored the fact that the operations of the law against the great industrial organizations reduced the industrial efficiency of the country.

"It is important to break up organizations," said Root, "when they are monopolizing the means of subsistence, but there is one way to counteract this influence, and that is by substituting organizations on a sound basis not violating any law, but securing the concerted action of great numbers of Americans who have a common purpose.

"Germany, to a considerable extent, requires a combination of her manufacturers, producers and commercial concerns. Japan, also, practically does this.

"But in the United States it cannot be done under government leadership because the people do not conceive it to be the government's functions. It seems to be rather that the government is largely taken up with breaking up organizations and that reduces the industrial efficiency of the country."

BAPTIST YOUNG PEOPLE PLAN JUBILEE CONCERT

The Williams jubilee singers will give a concert in Ebell hall, Tuesday evening, February 28, under the auspices of the Young People's society of the First Baptist church. The concert is to be given for the purpose of raising funds pledged by the Young People's society towards its building debt.

Every effort is being made to make the concert one of the most successful of recent musical events and the young people are confident of realizing a neat sum for their project.

FACULTY WOMAN TO TALK ON PHILANTHROPY

BERKELEY, Feb. 17 — Dr. Jessica Peixotto of the University of California, who recently returned from Europe, will deliver an address tomorrow at the Collegiate alumnae luncheon at the Home Club. She will speak on "Old and New Methods in Philanthropy," comparing the work of Germany with that of the United States. Other speakers will be Mrs. M. E. Jaffa, "The Feeding of the Community's Children," and Dr. Oscar K. Cushing, "Prison Situation in California."

ASTOR LANDMARK SOON TO PASS

"For Sale" Sign Is Hung on $400,000 Library Presented New York.

NEW YORK, Feb. 17.—The "For Sale" sign of a real estate agency hanging from the front of the Astor library on Lafayette square marks the passing of another New York landmark.

The building, opened to the public fifty-seven years ago as the result of a $400,000 gift from John Jacob Astor, will be closed about May 1, when books and manuscript treasures will be moved to the new $10,000,000 public library building on Fifth avenue.

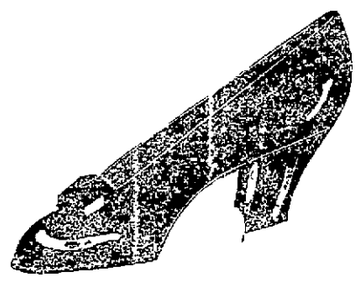

The Astor library was incorporated in 1848. Washington Irving and other notable literary men have been among its trustees. The original gift for its establishment was increased by William B. Astor.

THERE'S NO RISK
If This Medicine Does Not Benefit You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite and digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them without question or formality. They come in three sizes, prices 25 cents, 50 cents and $1.00. Remember you can obtain them only at The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

ROAD SHOW MUST FIGHT HARD FOR STAGE HONORS

LILLIAN BURKHART, coming to Oakland Orpheum.
—Lorillard, Photo

Pretty nearly everybody is declaring that the show at the Oakland Orpheum this week is every whit as good as the tremendous bill that was seen when the Orpheum Road Show combined with Alice Lloyd to entertain the multitude. It is unquestionably the liveliest, gayest exhibition of vaudeville fun that one could possibly desire. In the matter of speed the show is away above par.

The big sensation, of course, is contributed by Madame Vallecita and her troupe of trained leopards. The more timid among the crowds shrink with horror from the spectacle of a beautiful woman apparently at the mercy of five big leopards but for the majority there is unquestioned fascination in the spectacle.

The crowds shriek with merriment when the automobile satire called "Motoring" is on. The English company which presents it all are clever artists and there is a storm of gayety while they hold the stage.

Some of the most beautiful pictures ever exhibited here are shown by Maxim's Models, who reproduce a number of the world's greatest pictures in splendid style.

ARE FUN-MAKERS.

John Neff, who calls himself "the brain storm comedian," and Carrie Starr, who appears as a telephone girl, are fine funmakers.

Ernest Scharff, a wonderfully versatile musician who plays on a score of different instruments, will end his engagement next Saturday night as will also High Lloyd, known as "the king of the air."

The Victoria Four, a quartette of male singers, and Borani and Navaro, in a delightful melange of nonsense and tumbling stunts, will also end their season next Saturday.

Among the new acts that are to open next Sunday are Frank Tinney, the minstrel who has created a sensation in San Francisco Lillian Burkhart, with a delightful skit called "What Every Woman Wants," and Arty Butler, a tiny comedienne, with big quartet and others.

Nature's Gift from the Sunny South

Cottolene

Sunshine means Purity

Many people believe with Moses, the great law-giver, that the source of lard is unclean. The source of *Cottolene* is absolutely clean and wholesome, and the product is as healthful as olive oil.

Cottolene comes from the cotton fields of the Sunny South; it is a product of Nature, refined by our exclusive process. The ancestry of lard is not so clean or inviting. Lard never has been, never can be, anything more or less than unwholesome hog fat.

Cottolene makes food that any stomach can digest, while authorities state that lard is the cause of nine-tenths of all indigestion.

Cottolene is the best frying and shortening medium made to-day. Wherever exhibited in competition with other cooking fats, it has always been granted Highest Awards.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top, to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

COUNT PRAISES ATHLETIC WOMEN

Apponyi Declares American Fair Sex Is Most Wonderful.

NEW YORK, Feb. 17.—Every notable foreigner who visits this country is asked sooner or later to give his views on the American girl. Count Apponyi, the Hungarian statesman, has just been trapped. His expression of opinion is entirely complimentary. He says:

"Your American women? They are wonderful—so active, so keenly alive, so healthy and enthusiastic.

"I was standing by a window overlooking Central Park one morning and I saw two women swinging into the park walk. 'My word, these ladies are going at a tremendous pace.' I remarked to the chap with whom I was conversing. He told me that sort of thing was quite customary; that women prepared themselves for the strain of the day's social demands by early morning constitutionals.' It's all in keeping with the splendid outdoor life to which your women seem addicted.

CALENDAR IS MARVEL.

"And speaking of social demands, the American woman's social calendar is a marvel. For my life, I can't see where she finds time to follow it and at the same time be actively interested in all manner of clubs and beneficial efforts.

"She seems to have found the fountain of youth, too. I meet mothers and daughters at the same affairs and invariably I must have the particular relation to each other defined.

CHEER DENUNCIATION

CLEVELAND, Feb. 17.—Almost three thousand Slavs in mass meeting here last night cheered speakers who denounced Count Albert Apponyi, leader of "Independents" in the Hungarian Diet.

The mass meeting held was by Cleveland representatives of the Slavonic race as a protest against the coming here on Sunday of the Count as a lecturer on international peace.

There was no disorder, although the speakers were several times interrupted by hisses of Count Apponyi and the government for which he is sponsor.

UNCLE SAM TO BREED HORSES

August Belmont and Thomas Lawson to Donate Fine Stock.

NEW YORK, Feb. 17.—The offer by August Belmont to give several valuable stallions to the United States government as the foundation of a national breeding bureau is receiving endorsement at the hands of prominent horsemen here, and it is predicted that several other owners will follow Mr Belmont's lead if his offer is accepted. According to the Jockey Club officials, the enterprise would involve an expenditure of about $100,000 a year by the government for the first five years.

Thomas W. Lawson announces that he will add his $50,000 trotting stallion Dare Devil (2:01), to the Belmont gift and will also donate the services of ten other stallions.

Lawson's famous Thunder Cloud was bought by the War department for breeding purposes several years ago and is now at a western army post.

WOULD STOP ACTION AGAINST EDDY WILL

CONCORD, N. H., Feb. 17.—A bill in equity, intended to enjoin George W. Glover and his attorneys from further proceedings to have declared void the will of his mother, Mrs. Mary Baker Glover Eddy, founder of the Christian Science church, has been filed in the Superior Court by counsel for Henry M. Baker, executor of Mrs Eddy's will.

The injunction is sought on the ground that George W. Glover, with Dr. E. J. Foster Eddy, Mrs. Eddy's adopted son, signed an agreement to forego all rights to any part of Mrs. Eddy's property on her death in return for a considerable sum paid to them at the time.

Following Mrs Eddy's death, however, proceedings were brought in the name of the sons to have the will declared illegal on the ground that the bequest to the mother church in Boston exceeded the amount allowed by the New Hampshire and Massachusetts statutes.

POLITICAL COUP AGITATES JAPAN

Party Cabinets to Supersede Beaureaucratic Rule of Elder Statesmen.

VICTORIA B. C., Feb. 1.—News of a political coup which will result in the adoption of party cabinets in Japan was brought by the steamer Kamakura Maru last night. A formal compromise was made between Premier Marquis Katsura and former Premier Marquis Saionji and his party, the Seiyu-Kai, considered the foremost party in Japan. The Cabinet agreed to postpone the widening of the railway gauge throughout Japan, and the Seiyu-Kai, in return, offered consent to the ipso facto annexation of Korea.

Japanese newspapers publish many columns on the arrangement. Comment is mostly favorable, although a few journals seem to doubt the sincerity of Marquis Katsura.

FLY IN AMBER.

Some publicists consider the amalgamation a scheme for Marquis Katsura to retire as an elder statesman. A power behind the throne exercising, like Prince Yamagata and the late Prince Ito, authority over Japanese policies.

The Kokumin said that Marquis Katsura and Marquis Saionji realize that the time has come for abandonment of the bureaucratic government in favor of party government. This paper says:

CHANGE OF FACE.

"The country is on the verge of political metamorphosis as a result of the arrangement."

Hitherto Cabinets have directed affairs by the complaisance of political parties rather than co-operation.

It is generally expected that when the Diet rises from its present session a coalition cabinet will be arranged and some prominent member of the Seiyu-Kai will be taken in.

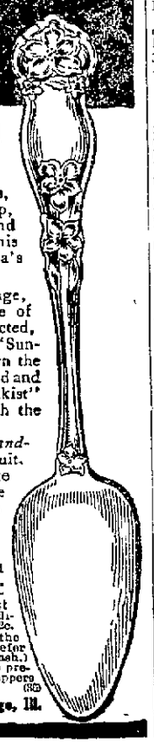

TRAFFIC OVER SEAS PROMISES TO BE HEAVY

NEW YORK, Feb. 17.—According to a representative of the trans-Atlantic line the advance booking for next season gives every indication that travel to Europe will be greater than ever before.

Last year was heralded as the banner year of steamship travel, according to steamship men. Between January 1 and September 1 of last year 175,000 cabin and 210,000 steerage trans-Atlantic passengers sailed from this port.

These figures are likely to be surpassed this year in the first and second classes, and there is reason to believe that steerage travel will also be heavy.

Eat Luscious "Sunkist" Oranges

"Sunkist" Lemons

If you want the finest lemons grown ask for "Sunkist" brand and note how much juicier they are and how much farther they go in preparing sauces, cakes, pies, salads and drinks.

Seedless—Fibreless—Juicy and Sweet—A Perfect Fruit

Five thousand California orange farmers, raising 60 per cent of the state's entire crop, select, each season, their perfect oranges and pack them under the name "Sunkist." This enables you to recognize and buy California's choicest, tree-ripened oranges.

Until you have tasted a luscious "Sunkist" orange, you cannot begin to appreciate the excellence of oranges that are properly grown, rigidly inspected, carefully packed and swiftly transported. Serve "Sunkists" on your table tomorrow morning and learn the superiority of tree-ripened, fibreless, seedless, solid and sound oranges over the commonplace kind. "Sunkist" oranges are so nearly *all* food that they are much the cheapest kind to buy.

"Sunkist" oranges are *thin-skinned* and are *hand-picked*. The "Sunkist" orange is a firm, solid fruit. Ask your dealer for the "Sunkist" kind and make sure that each orange you get is packed in a tissue paper wrapper labeled "Sunkist." For these wrappers are valuable.

WEAKNESS AFTER GRIP AND FEVERS

Can Be Stopped and Normal Health Restored by the Tonic Treatment That Cured This Stubborn Case in St. Louis

The evil effects that follow many diseases, particularly the grip and wasting diseases as typhoid fever, malaria, scarlet fever, pneumonia and the measles, are caused by the bad condition in which the blood is left. As a result, the flesh continues to fall away, the sufferer grows nervous and irritable, and even slight exertion causes shortness of breath. These are dangerous symptoms and indicate that the system is in a state that invites a general decline or even consumption. What is needed is a new supply of rich, red blood to carry health and strength to every part of the body. Such a specific has been found and in hundreds of cases it has been proved that Dr. Williams' Pink Pills have accomplished this result.

The cure of Mrs. J. M. Symonds, of No. 210 South Twenty first street, St Louis, Mo., shows the value of these pills as a tonic in cases where the blood has become thin or impure. She says: "About three years ago I was very ill from an attack of malaria. It left me in a very weak condition and the after-effects were as bad as the disease itself. I was generally run-down, had no strength and was very thin. I had but little appetite and nothing seemed to agree with me but everything I ate caused me distress. My heart was weak and at times I thought it was going to stop beating. I also had an attack of rheumatism. The pains were sharp and were all over me. I was confined to bed for a month at one time.

"I became discouraged with the treatment I was receiving from the doctor and quit taking his medicine. Through a friend I learned of Dr. Williams' Pink Pills and began using them right away. They were the first thing that helped and I improved until cured. I feel healthier today than in years and I owe my recovery to Dr. Williams' Pink Pills alone."

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Send today for a book of cures.

RED MEN PROTEST MOTION PICTURES

Villainy on the Screen Rouses "Heap Big Chiefs"; Appeal to Taft.

WASHINGTON, Feb. 17.—As an aid to fiction in its more lurid spots, the American Indian has long been known to fame and nobody has offered any objection, certainly not the noble redman himself. With the development of the latest thrill producer, the moving picture show, however, the situation has changed. Indian chiefs now visiting the edge of the white father have voiced emphatic protest to the basenees to which their race is put in the unwritten literature of the five and ten-cent picture shows, and Indian Commissioner Robert G. Valentine has promised to take the matter up in all seriousness, if necessary, with the white father himself.

PROTEST VILLAINY.

Big Buck and Big Bear of the delegation from the Cheyenne and Arapahoe tribes, which called upon President Taft this week, inspected a picture show last night during a tour of the white father's village. They saw a story of unmitigated villainy unrolled before their eyes, and a native American, in full war paint and feathers, played the villain.

"I don't like it," said Big Bear when the show was over. "It is bad to be led about to so many people. We have to go home. If we do not, I would go to President Taft and ask him to stop it. We will attend to it when we get home."

Commissioner Valentine was equally decided.

"I have seen productions wherein the Indian was pictured as almost every evil thing one can imagine," said he, "but I have seen but a few wherein he has been favorably represented. I will personally see what I can do to improve matters."

'SAGE OF EMPORIA' DRAGGED IN SENATE

TOPEKA, Kans., Feb. 17.—From the time the sergeant-at-arms of the Senate announced yesterday that in compliance with an attachment he had "brought the body of William Allen White to testify" in the investigation in the Senate of the charges of "political crookedness" brought by David D. Leahy, the Governor's secretary, the Senate investigation of those charges took on a semi-humorous aspect.

The Emporia editor testified that an article written by him on the alleged "pork barrel" in the Senate was a sort of "fire alarm" to check a bad situation before it gained too much headway.

He expressed a belief in the honesty of all the members of the Senate personally, but said the alleged "pork barrel" was a kind of political bribery which is not indictable.

MRS. SAGE TO OPEN LIBRARIES FOR FIREMEN

NEW YORK, Feb. 17.—It is announced that Mrs. Russell Sage has given $10,000 to provide libraries for New York firemen. The books will be confined to subjects upon which members of the fighting force are examined by Civil Service commissioners for promotion.

A gift of $25,000 from Mrs. Sage for the restoration of the rotunda of the City Hall has been accepted by the Municipal Commission.

FOUND DEAD IN GAS-FILLED ROOM

Mrs. Edward F. Walsh Asphyxiated When Tube Becomes Disconnected.

SAN FRANCISCO, Feb. 17.—Mrs. Edward F. Walsh, proprietress of the Madison apartments, 1312 Jackson street, was found dead in her room last night, shortly before midnight by her husband, death being caused by asphyxiation by gas. Her death was evidently due to accident, as the tube connected with the gas heater was found disconnected and the fumes were filling the room when the door was opened.

Mrs Walsh was found lying prostrate on the floor of the gas-filled room, and the presumption is that when the deadly fumes began to fill the room she attempted to reach the door, but was overcome. A doctor was summoned and an attempt was made to resuscitate the woman, but it was too late. The fact that she had a weak heart probably aided the gas in causing death.

Mrs Walsh was the daughter of former State Senator W. H. Morehouse.

TURLOCK CAPITALISTS PROMOTE RAILROAD

TURLOCK, Feb. 17.—An electric interurban railroad, to cover a greater portion of the Turlock irrigation district, with Turlock as the terminal, is being promoted by a company of local men, headed by S. N. Griffith of Fresno. If the road is put through it is said that the company will spend not less than $1,000,000 in and around Turlock in improvements.

The organization of a local company to install a gas plant here is under way. It is understood that work on the plant will commence soon.

J. J. Vignolo has sold the Hotel Carolyn to S. N. Griffith of Fresno for $75,000 cash. Bert Hart, who has been connected with the hotel for some time, will be the manager.

The La Grange Water and Power Company is about ready to install the electric street lights ordered by the city trustees some months ago. Nearly all the material has arrived.

For the Thin and Bloodless!

The thin and bloodless with pale cheeks, white lips and frail angelic physique, of this community, have been much interested in the reports of physicians and others concerning the effectiveness of the treatment for increasing the red and white corpuscles of the blood, thus adding color and weight with its accompanying vigor to the depleted system. A gain of from ten to thirty pounds is not at all unusual where the treatment is regularly used for several months, while the color improves almost from the beginning. Most good almost from the beginning. Most good apothecaries supply it in the form of three-grain hypophosphine tablets, put up in sealed packages, with directions for its use. Its action aids assimilation and absorption of the food eaten very promptly.

Manager Harry Wolverton to Arrive in the Morning

MANAGER WOLVERTON DUE HOME SATURDAY

Sox Special Leaves Chicago Sunday Evening With 70 People

By BERT LOWRY.

Manager Harry Wolverton of the Oakland baseball team will soon be amidst the sunshine, fruit and flowers of the city that has adopted him as its own. The big chief of the locals has left Deming, New Mexico, and is now speeding toward Oakland, at which place he is due to arrive Saturday morning.

Accompanying the Oaks' manager is Mrs. Wolverton and the children, who are to make Oakland their home for a year at least, and we hope a longer time than that. It is the intention of Manager Wolverton to locate his family at Hayward, so that he will be in close touch with them during the time the Oaks are there at practice. Whether he will continue to live there after the season opens remains to be seen, but it is presumed that he will move to Oakland, so as to be in daily touch with President Walter and the team while the club is at home.

None of the new members of the Oakland team are with the manager but are expected to come on the Red Sox Special which is to leave Chicago for the West next Sunday evening.

SEVENTY PEOPLE ABOARD.

The Red Sox Special under the personal supervision of Norris O'Neil will pull out from Chicago Sunday evening and run direct to the Coast without any unnecessary stops. The party will include ball players, officials, scribes and plain everyday rooters, all to the number of seventy. According to a letter from O'Neil half of the Sox will go to Redondo Beach near Los Angeles while the other half will make their headquarters around the bay.

The coming of the Boston American League team to the Coast has been arranged in a manner that should bring delight to the fans. First of all, the teams will not step upon any diamond for games with Coast League teams until they have had at least a week of training. Again there is to be no raise in the price of admission that is, it shall be twenty-five cents to the bleachers and fifty cents for a reserved seat.

The trip as a whole will be the longest ever taken by a ball club to condition themselves and they will remain on the road fully seven weeks before the jaunt for home is undertaken.

Some of the wiseacres claim John I Taylor is making an unwise move training his team in California, but we respectfully refer those crabbers to the fact that the White Sox won a pennant after a trip to the coast. New York lost a pennant by a hair after a training stunt out here, while Connie Mack's world's champions played winter baseball out this way last year.

HOLDOUTS STILL KEEPING BACK CONTRACTS.

Messrs Mitze, Wares, Cashow, Nelson and Christian are still among those that have not returned their contracts to the Oakland management, but this fact is not causing the local management the least bit of worry. The difficulty between players and club owner is a small one in the matter of salary, and the fans have but little fear but what everything will be satisfactorily arranged before the gong rings for spring practice.

As to the balance of the men, the contracts are all in or on the way, and the many players are anxiously awaiting the time to go to the front and show the fans what they can do, as well as their manager.

HAPPY HOGAN LAYS DOWN THE RULES.

Happieus Hogan with the pennant bee buzzing in his car, has sent each man on his pay roll a copy of the rules that he will expect them to follow during the coming season.

All players must seek the feather pile before 11.30 p. m. each night unless they have some valid excuse and they must be up and out by 8 o'clock in the morning. Should the club get into third place or worse at any time during playing season then they must indulge in a morning practice stunt.

On February 27 at 10 o'clock a. m., the twenty-two men so far signed up will begin practice and for an hour and a half must play, pitch and toss. Then they must hit the road for a half hour on the run. In the afternoon the same course of training will be followed out. John Barleycorn is especially tabooed at all times on the team.

SHORT SQUIBS OF THE GAME.

Sacramento has signed a youngster named Joe Rogers from the Humboldt league to do the backstop work for the Senators. A brother of Kuhn grabbed by McCredie has also been signed to work behind the bat.

Neal Ball states most emphatically that he will not play ball in Portland during the season of 1911. All right, Neal the Coast League can get along without you and will find a man just as good as you ever were.

Tom Hasty, picked as a steady on the Vernon team, will not play in the Coast 9 after all. His contract with the Northwest League has been promulgated and he will report there next season.

Many of the southern fans are of the opinion that Happieus Hogan made an awful boot when he let Lindsay, his last year's shortstop, go. They figure that he was coming all the time and that he would have shown much improvement in 1911.

The Oregon scribes figure the Coast League race to finish like this: Portland, San Francisco, Oakland, Los Angeles, Sacramento and then Vernon. A terrible slap at Happieus Hogan, who has already ordered his flag pole.

The National Commission has just refused to change the status of player Moskiman, the ineligible minor league player who last September was temporarily reinstated to enable him to receive a tryout by the Boston American club. Under this decision Moskiman remains ineligible, and therefore subject only to action by the National Board of the National Association.

Another funny decision by the bugaboo.

Baltimore and New Orleans are trying to cook up a deal whereby one of them will get Willie Hogan, who has been signed by Connie Mack. Better give him a tryout Connie before you attempt to sell him.

WALTER NAGLE READY TO JOIN DREYFUSS' HOPEFULS.

SANTA ROSA, Feb. 17.—Walter H. Nagle who has been transferred to the Pittsburg Pirates by Ilen Berry, has been ordered to depart for the East on March 1. With the order to the pitcher came transportation for himself and wife and a liberal allowance of advance money. Nagle will join the staff of pitchers and catchers at West Baden Springs, in Indiana, and this portion of the team will remain there for ten days getting into condition. From there they will join the general staff of the team and go to Hot Springs, Ark.

Diamond Dust

San Francisco fans are happy these days, for Tommy Tennant has given out the word that he will be a Seal next season and that he will be one of the first to hop aboard the special Sunday for the training camp.

As yet the elongated Cack Henley has not affixed his signature to a San Francisco contract, but at that, the fans are not worrying. Henley has a habit of holding back until the last moment before he signs up.

Several of the Oakland team are daily playing toss and catch at the Grove street grounds, so that they will be in proper shape when the word is given to get down to real hard practice.

This fellow Hartman Carr is certainly the limit when it comes to not knowing his own mind. First he takes up a contract and then he turns it back again. The best thing Ewing can do with him is to give him the hook, for there are lots of good fielders looking for work without worrying about Carr.

Soldier Harris, the army recruit signed by the Seals, will get a chance at first base as well as behind the bat. If he lives up to reputation and the boosting of his friends a new star has been discovered for the ball players' hall of fame.

There is a rumor flying around that Walter Eugene McGreevey, the umpire, has not as yet come to terms with the Coast League magnates. President Lucas of the Union League and President Tuohy of the Northwest League, have their lines out for the peerless one and he is undecided as to just where he will call the balls and strikes.

For a bonus, said to be $500,000, the National League yesterday adopted a certain make of baseball to be used in that league for the period of twenty years. Always before it was thought that the leagues paid for the pellet, but this shows that they haven't.

Norris Oneil, chief of the Red Sox promotion bureau, has issued a delightful booklet giving all the information regarding the travels of the Red Sox, from the time they leave Boston until they get back. One paragraph calls attention to the fact that the "Boston nine will do their training at Oakland, Cal., one of the most prosperous cities on the Pacific Coast, and a place where the climate is unsurpassed."

THREE SONS AND THEY ALL PLAY BASEBALL

Pat Purtell, the old-time star ball-player, will have three sons playing professional ball next season. The eldest, Billy, has signed to play third base for the White Sox Mark, also an infielder, will go with Montreal, of the Eastern League, and Joe, the youngest of the trio, will try for shortstop position with the Mansfield Club, of the Ohio-Pennsylvania League.

ALERTS IN THE FIELD

ALAMEDA, Feb. 17.—The Alameda Alerts, the nine that won the baseball championship of the Alameda County league last season, is to be organized for the coming season. The first practice game is scheduled for next Sunday. The following are expected to turn out and try for positions: Perata, St. Claire, Jenkins, Hahn, Dice, Peterson, Bartell, Matt, Ryan, French, Schreen, Fleger, B. Bartell, McCann.

Four Alameda County Youngsters to Be Given a Trial in Coast League Circles at the Training Camps. Johnson, Pitcher, Goes With Oakland. Russell, Pitcher, Joins the Beavers. Tobin, Outfielder, and Ryan, Catcher, Train With San Francisco.

U. C. BALL PLAYERS AGAIN LOSE TO LEAGUERS

The California varsity's unbroken string of defeats this season was added another yesterday afternoon, when the Ireland's Independents defeated the U. C. nine by a score of 8 to 2.

The game was played on the old baseball field. Schaeffer's men played well in streaks, but the big leaguers were more consistent in their playing. Goodwin, the freshman who has been playing second base for the varsity most of the season, was the star of the game, making a three-base hit and two two-baggers, as well as pulling down a hard drive by Byrnes with a spectacular one-handed stop.

Tuttle, who pitched the after portion of the game for the varsity, was in excellent form, and showed himself a valuable addition to the corps of U. C. twirlers. The lineup:

Varsity.	Position.	Independents.
Sandman,		
Moulton	Catcher	Byrnes
Tuttle,		Moskiman
Haskell	Pitcher	Schimpf
Greenlaw	First base	Tennant
Goodwin	Second base	Kennedy
O'Kelly	Shortstop	Egan
Allen	Third base	Sheehna
Jrdan	Left field	Williams
Clendenin	Center field	Hamilton
Salisbury	Right field	Ireland

SHOULD NOT CLASS CUBS AS BEING OUT OF RACE.

"Why has every one tabbed the Cubs beaten in the 1911 base ball race? There seems not a whit more reason to believe that the team is any more broken up than it was when it beat the New York Giants for the National League pennant last season, yet seven out of every ten fans are now hot in picking the McGraw team to win the flag.

"There is nothing great about the club McGraw has got together now. It is largely composed of Christy Mathewson and some fillers-in. The catching department is mediocre. First Baseman Merkle is a pretty tough subject from which to make a world-beater. Doyle will do in any company and Bridwell and Devlin are fitting associates.

"Jack Murray is a good man on the club and so is Christy Mathewson and that lets the team out. If it shone at all in 1910, it was by virtue of the weakness of rival teals, not because it was inherently strong.

"Last year the Cubs outshone the Giants. What has happened to the team in the meantime to cause the popular loss of esteem? If anything the Cubs have done more to strengthen than McGraw's men. And if there be a bet on the baseball board that looks good, it is that the Cubs will beat the Giants the approaching season.'

BIG WRESTLERS TO MEET

DENVER Colo. Feb. 17.—George Hackenschmidt has been matched to meet Charles (Kid) Cutler in a finish wrestling bout at the Auditorium here February 22.

SPOKANE WILL HAVE THE FULL BLOODED INDIANS.

A full-blooded Indian on a league baseball team is no longer altogether a novelty, but they usually work singly rather than in pairs or triple formations. The Spokane Club of the Northwestern League, however, has just signed three Indians in a bunch—all of them full-blooded Nez Perce tribesmen and all having excellent records with the Lapwai Ia., semi-pro team, with which they played last year. They are Harrison Lott, Harrison Jabeth and Axtell Hayes. Hayes and Lott, the old Carlisle men, and were quite good at baseball in their school days. The Spokane Club, by the way, has long borne the nickname of "Indians," but with no special reason until the present time for the title.

McCLELLAND GETS THE DECISION

KENNET, Feb. 17.—In what was to have been a twenty-round go between "Kid" McClellan of Delamar and Charles Ainslinger of Sacramento last night before the Mammoth Athletic club, the decision was awarded to McClellan in the sixteenth, when Ainslinger retired with two broken ribs.

DOC ROLLER IS INJURED

OMAHA, Feb. 17.—B. F. Roller of Seattle was seriously injured after 25 minutes of wrestling in the second bout of a match with Jess Westergaard of Des Moines last night, and was forced to retire, the match being awarded to Westerfire, the match being awarded to Westergaard. Roller won the first fall in 26 minutes and 40 seconds. Roller's injuries will not be permanent.

HUGO KELLY GETS A CHANCE AT SMITH

CHICAGO, Feb. 17.—Hugo Kelly, local middleweight, was signed yesterday for a ten-round bout with Dave Smith of New York before the Fairmont Club of New York March 7th.

MORAN WRANGLES ON WEIGHT WITH M'FARLAND

CHICAGO, Feb. 17.—Packey McFarland and Owen Moran, who have been matched to fight at the Fairmont Club in New York, are unable to agree on weight. Moran, in New York sticks steadfastly to his demand that McFarland make 135 pounds at 7 o'clock the night of the fight, which will take place March 14, and an agreement is reached today. This weight McFarland refused to do at 7 o'clock and demands that weigh in at 138 pounds at 3 o'clock in the afternoon.

There the matter stands, and unless one or the other gives in the match will have to remain unmade.

OAKLAND HIGH PLAYS FAST GAME WITH SCRUB TEAM.

The baseball squad of Oakland High school took a fall out of a team composed partly of old leaguers yesterday afternoon at the East Lake grandstand. That team numbered in its line-up several players as Clyde Wales, "Left" O'Gannion, the Whalen brothers and Victor Wells.

The game was fast and exciting being full of heavy sticking and clever fielding. It was a tryout game for the Oakland boys and all the candidates for position were tried. The squad is rounding into shape in good order and Joe Neal will soon be picked.

The first league game is against Fremont High school on March 11, and the Oakland players are confident of bringing home the bacon. The score of yesterday's game follows:

	R.	H.	E.
Oakland High	9	5	6
Scrub team	6	4	4

Batteries—Fulweiler and Dix; Whalen and Whalen.

PUPPY JABBERWORK WINS WATERLOO CUP DERBY.

LIVERPOOL, Feb. 17.—The Waterloo Cup, the annual dog derby, was won today by Sir R. W. B. Jardine's puppy Jabberwork, a tank outsider, which defeated the favorite, Silk and Scarlet.

In addition to the cup given by the Earl of Sefton and valued at $500, the winner takes $2500 cash. Jardine's Long Span won the derby of 1907.

BOWLING NOTES.

The Brewery Wagon Drivers and the Ice Men met on the Ninth street alleys in a ten-pin setto which was won by the Ice Men by a very close margin. This was the first game of a series of five which is to be played, total number of pins to count. The next game will be played next Wednesday evening at the same place. Following are the scores:

Beer Wagon Drivers—			
M. Winter	161	80	265
O. Graef	167	112	115
E. Weber	99	75	80
E. Roschitsch	118	107	117
E. Schnab	97	120	120
Ice Men—			
J. Hoffman	127	124	131
E. Asher	160	129	159
M. Rose	112	125	98
L. Howe	111	71	101
T. Bateman	132	133	149

LOUDERBACK A WINNER

CHICAGO, Feb. 17.—Dave Louderback of Brooklyn defeated W. L. Auben and S. Kendul of Chicago last night in the opening game of the series for the three cushion championship of the National billiard league, 50 to 40, in 89 innings.

UNIVERSITY TRACK SQUAD TO BEGIN PRACTICE

Having been held back nearly three weeks in his work of putting the University of California track squad into shape, Trainer Christie had decided to hold a meet preliminary to the intercollegiate event of February 25, which was scheduled as the first open competition at Berkeley this year. The meet is to be held tomorrow and will be of the same nature as the two meets that have been held at Stanford already during the term.

The events to take place are a 60-yard dash, 220-yard low hurdle, 16-yard high hurdle pole vault, high jump, broad jump, shot put and a four-lap relay, each man running one lap. It was decided that the only three California men to finish in the Olympic Club run to be held on Washington's birthday would be given credit for places in the intercollegiate two-mile event, and thus dispense with holding the distance also with the other events of the intercollegiate meet.

SACRAMENTO FANS TO GIVE RECEPTION TO HOOPER.

SACRAMENTO, Feb. 17.—A movement was started yesterday by Charles Graham to honor Harry Hooper, the clever outfielder with the Boston Red Sox, when he plays here with that team next month. Hooper made his professional debut at baseball in this city as a member of the Sacramento State League team. He was secured from St. Mary's college. Hooper's success with Boston the last season has been phenomenal. It is proposed to have the day when Hooper first plays here with the Red Sox known as "Harry Hooper day." Some little present will be made to him by Sacramento fans.

WILL PLAY BASEBALL IN REAL SNOW AT TRUCKEE.

SACRAMENTO, Feb. 17.—A baseball game on snow, the first exhibition of the kind ever given in California, will be played at Truckee next Sunday between teams representing the Capital City Wheelmen and the Sacramento Athletic Club. The diamond will be marked out with red confetti. A ball, such as is used in indoor baseball games, will be utilized instead of the regulation ball. Otherwise the straight rules of the game will be carried out.

This game will be the feature of the amusement provided for the entertainment of the excursionists who are to leave this city for Truckee Saturday night. The excursion is promoted by the athletic club. In the morning there will be a series of winter sports. Sunday evening there will be a basketball game between the Pules of the Reno High school and the Spartans of this city.

HARVARD FOOTBALL TEAM COMPLETES SCHEDULE.

NEW YORK, Feb. 17.—The completed schedule of the Harvard football eleven next fall, as officially announced by the athletic committee, shows the hardest list of contests that a crimson team has ever had on the gridiron. Nine games are programed, and, owing to the lateness of the contest, which comes November 25, only Saturday games will be played.

The schedule is as follows: September 30, Bates; October 7, Bowdoin, October 14, Williams; October 21, Amherst; October 28, Brown; November 4, Princeton; November 11, Carlisle; November 18, Dartmouth; November 25, Yale.

CITIZENS FIRE ON BANK ROBBERS IN OKLAHOMA

FREDERICK, Okla., Feb. 18.—More than thirty shots were fired in a battle between citizens and bank robbers at Hollister, southeast of here. The citizens were awakened by explosions which wrecked the outer doors of a bank safe.

Two sentinels posted outside by the robbers held off officers and others who would have captured them. Bloodhounds have been ordered to lead the pursuers.

EARLE TO BE SCORER.

The Oakland baseball management yesterday made an appointment that will meet with the approval of all the fans as well as the scribes who jot down the points of the game. John J. Earle, the efficient scorer who held forth at Freeman Park last season, has been reappointed to that position for 1911.

LAWMAKERS DEBATING ON NUMBER OF ROUNDS

Boxing Game Will Survive With Many Improvements in Rules

By EDDIE SMITH.

The number of rounds a boxing contest shall be allowed to go appears to be the sticking point of the boxing bill at present undergoing a change at the hands of the Public Morals Committee of the Assembly at Sacramento.

It has been practically admitted by the members of the committee that the boxing game should continue as a sport under the revised rules and regulations as set forth in the Rogers bill which has been amended so that it not only contains all the good suggestions of the author, but it also takes in the suggestions of other bills that were found to be of value to the improvement of the game.

It would seem to me that the number of rounds would be one of the easiest things about the bill to regulate, for there is a clause that prohibits the staging of a boxing contest unless the club handling the affair does so under the rules and regulations of the governing body of the municipality in which the bout is to be held.

In this manner, if the number of rounds is fixed at twenty as the maximum, the municipal authorities can cut the number to suit themselves. In the city of San Francisco, if the supervisors want to, they have the right to allow twenty rounds, while if the police commissioners of this city say that six or ten rounds are sufficient that will be all we get.

This would be the way it would be all over the State. The city that wanted twenty or fifteen rounds could have it and the ones who insisted on a less number could be in a position to see that their wishes were complied with.

TWENTY-ROUND BOUTS SUFFICIENT

In order that we may be able to have a few championship bouts decided on the coast, it would be a good idea for the Legislature to make the number of rounds twenty. With the seven-ounce gloves, it is not going to be an easy matter for a referee to select a winner even in twenty rounds and it would be all the harder if the rounds were cut down. Even in that dear old city of Boston, with all its puritanical laws, they allow fifteen rounds of boxing with five-ounce gloves. California would like to have twenty rounds with seven-ounce gloves and if we get it you can wager that we will see some dandy bouts here during the next two years.

It is my opinion that with less danger of getting cut and bruised, the boxers will work all the harder in the ring and that the bouts will therefore be all the more exciting.

Argument could be advanced that would take up this entire page in favor of the twenty-round, seven-ounce glove proposition, but we are not here to make the argument. Suffice it to say that every loyal boxing fan is hoping that the Legislature will make the number of rounds twenty and that the cities will be allowed to set the number of rounds a contest may go for themselves.

COFFROTH GETS FEBRUARY PERMIT

Jim Coffroth was yesterday awarded the boxing permit for February, which means that all the details of the coming Frankie Burns-Lew Powell contest have been complied with and that from now on all that will be necessary is the advertising of the match.

Action on the request of Teddy Wolf for the Centennial Club and Milton Clark for the Metropolitan Club was laid over until the next meeting, at which time it will be decided which of the clubs will be favored.

William Kennedy, representing the Western Club, made a request for all the remaining permits for this year, but finally got down to where he announced that he would be satisfied if he was given three permits. Nothing small about Bill, to be sure, but from the way things look, Bill will have to amuse himself looking at the scraps promoted by others.

WEST OAKLAND CARD A GOOD ONE.

The West Oakland Club will stage another popular priced show at the gymnasium on next Tuesday evening. The matchmaker was so pleased with the result of the Sailor Petlosky-Red Burgess contest that he has elected Burgess, who was declared the winner, as one of the principals in the main event to be held this month and as an opponent he will have the game old war horse, Joe McBurn.

McBurn has had a rest for some little time from the boxing game and claims that he is better now than he ever was. Joe has been boxing right along, but has not had many battles. The remainder of the card will consist of two six-round bouts and three four-round preliminaries.

EXCITING SPORT AT P. A. A. LEAGUE TOURNEY

The Pacific Amateur Athletic League played two of its semi-final tournament games in San Francisco at the Irish-American court on Mission street last evening. The first game between the 110-pound Oakland High school team and the Cogswell Midgets was won by Cogswell by the score of 27-12. Oakland High lost Blote at forward on account of his being overweight.

Fowler at center also had to leave the game on account of being overweight. A Hill at guard for Oakland scored three field goals and played a very fast game. Stewart scored two free goals.

For Cogswell Midgets, Gaetcke scored four field goals and nine free goals. Boldemann at center threw five field goals and also played very well. The players were:

Oakland High—Stewart, forward; Bradley, forward; Fowler, center; Jordan center; Garthwaite, guard; Al Hill, guard.

Cogswell Midgets — Rea, forward., Gaecke, forward, Boldemann, center; Duncan, guard, Harrison, guard.

OAKLAND HIGH A WINNER.

In the 120-pound class Oakland High defeated St. Ignatius by the big score of 39-11. St. Ignatius previously forfeited this game by playing but four men. Curley and Hunt starred for Oakland, while Wurm played cleverly for their opponents. The players:

Oakland High — Hunt forward, Curley, forward; Kruger center, Gimbal, guard; Maurer, guard, Miller, guard.

St. Ignatius—McGrath, forward; Noonan, forward, Wurm, center; Concanon, guard.

In the 145-pound class, Oakland Polytechnic failed to show up, forfeiting the game to the Columbia Park boys' team.

CONKLIN WINS AT BILLIARDS

NEW YORK, Feb. 17.—Charles F. Conklin of Chicago last night won the world's amateur championship at 18.2 balkline billiards by defeating J. Ferdinand Poggenburg, 400 to 294.

PLAN FOR PLANTING TREES ON STREETS FROM CAPITAL CITY

Board of Works Approves Recommendation Made by City Landscape Architect.

A comprehensive and systematic means of having trees planted along the streets of Oakland was laid before the Board of Public Works by Oscar Prager, city landscape architect, and approved by the board. The city will co-operate with property owners, improvement clubs and civic organizations in the great municipal betterment by donating the labor of employes in the street department in setting out the trees and caring for them.

By the plan suggested by Architect Prager, the residents will pay an initial nominal sum for the tree and the wooden guard around the tree. The trees will be furnished for this expense, and by an order of the board of public works this morning the street department will provide the labor free of charge.

It is planned to have the same kind of trees on each street, and a systematic plan of street beautification has been worked out by Architect Prager.

BLAME STUDENTS FOR EXPLOSION

Chief of Police Vollmer Declares He Suspects No One Person.

BERKELEY, Feb. 17.—Chief of Police Vollmer stated this morning that he had received information from various sources indicating that students were the perpetrators of the bomb explosion in the Varsity theater Tuesday night. He stated, however, that he suspected no particular person or even group of persons, and that the information given him by two young women who were in the theater, as well as by others, points to no one whom the police could lay their hands upon. There is little likelihood of the theater management acting as prosecutors even should an arrest be made, according to Chief Vollmer.

GRIFFITH'S FISH AND GAME RESOLUTION HELD

SACRAMENTO, Feb. 17.—Assemblyman Griffiths asked today that his resolution offered yesterday, asking for an investigation of the fish and game commission, be held in committee as amendments had been accepted in Assemblyman Walker's resolution which accomplished the purposes intended. In Griffiths', Walker's resolution proposes an examination of the books of the commission, while Griffiths' is drawn to bring about an examination of employes who are said to have taken bribes.

Tells of Tribulations in Getting the Charter Through the Legislature.

Mayor Frank K. Mott has returned to Oakland from Sacramento, with several yards of red tape clinging to his person from his bout with the mills of legislative procedure in getting the new charter through its final stages toward ratification. He declares that the charter will have been officially bound with all the legal strings necessary to make it finally and officially binding by next Tuesday, and the way will then be open to the candidates to file their declarations, swear in their deputies and get to work on the municipal campaign.

MUCH RED TAPE.

"The charter had first to be signed in triplicate by the speaker of the assembly and the president of the senate and the secretary of state had to certify that this had been done. Then it has to be bound, and copies sent to Oakland and signed by the mayor and the city clerk and certified to. Then one copy, bound, is placed on file here, and one filed with the state recorder and one with the secretary of state. These copies must also bear the seal of the city of Oakland. By that time the charter is finally ratified and certified and made a part of the organic law of the state and the governing instrument of the city of Oakland. I expect to receive the three copies to be sealed and signed and certified tomorrow, and the whole procedure should be accomplished by next Tuesday."

THE TIDE LANDS.

Mayor Mott was given a hearing before the judiciary committee in connection with the granting in trust of the tide lands of the East Oakland basin and estuary tide lands under the old Mattox patent and the Key Route basin. The requests for Oakland were received favorably and the matter will be threshed out at a meeting on harbors bills to be held Tuesday. It is probable that Oakland will win her demands and be given grant in trust to control these water-front lands.

FIRE BOAT TUGS.

Another point of great importance won for Oakland by Mayor Mott at Sacramento was protection of the waterfront structures from fire by gaining the use on call of the San Francisco fire boat tugs. A bill was before the legislature to have the state pay half the cost of maintenance for these two tugs, and Mayor Mott promised his assistance to the San Francisco advocates of this plan. The bill has been recommended, and from now on Oakland will be able to signal at need for the fire boats, and they will respond and be on the water-front within thirty minutes.

A fire pump has been installed at the foot of Webster street on the water-front and the fire tugs can connect with this. By pumping into this plug the fire tugs can increase the salt water high pressure system which protects the business and factory districts of Oakland to double its ordinary capacity.

TROTTING HORSES TO RACE AT SALINAS

Date for Meeting Set by Breeders' Association, August 2 to 5.

At a meeting of the Pacific Coast Trotting Horse Breeders' Association held yesterday afternoon the program for the annual meeting which is to take place this year at Salinas was arranged. The dates claimed for this meeting are August 2 to August 5, inclusive. The coming meeting will be the twenty-second and $15,000 in guaranteed stakes will be distributed. In addition to the four divisions of the Breeders' Futurity, seven class races are carded.

An effort has been made to give the owners of fast horses with records a better chance than in previous years.

The card is as follows:

TROTTING.

2:20 class, California Stake, purse $1000.
2:15 class, purse $1000.
2:09 class, purse $1000.

PACING.

2:20 class, Pacific Slope Stake, purse $1000.
2:14 class, purse $1000.
2:10 class, purse $1000.
2:06 class, purse $1000.

Nominators may enter the same horse in two races and will be held for only one entrance fee, unless he starts in both races.

Nominators have the right to enter two horses from the same stable in any race on the payment of one entrance fee, but only one of the two horses so entered can be started in the race, and the starter must be named by 5 p. m. the day before the race.

Horses must be named with the entry. Entrance fee of 2 per cent of the purses is due at the time entries close and 1 per cent additional if not declared out on or before July 1, 1911. An additional 5 per cent will be deducted from all money winners in all races except in the Futurity stake. All classified races are mile heats, best three in five. Entries for the guaranteed stakes to close on May 1.

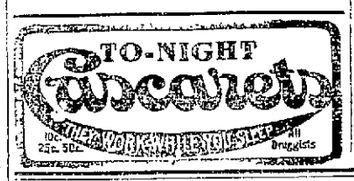

The Kentucky Farm of February 9 contains a picture of Copa de Oro, the fastest pacer ever bred in California. Copa de Oro is a brown stallion and is owned by Mrs. L. G. Bonfilio of Los Angeles. In commenting on the son of Nutwood Wilkes, the Kentucky paper says: "That Copa de Oro is today a legitimate two-minute pacer entitled to everything that goes with such a stunning performance, there can be no question, and while it has been shown that his performance at Phoenix was made under conditions that justified the ruling authorities in discrediting it, he must be considered a genuine champion. Such a record carries with it a prestige gained by few other pacers, for, while the world's record made under difficult conditions and with the aid of artificial appliances is 1.55¼, only one other horse, Minor Heir, has ever been credited with a faster record than 1.59."

The world's records held by The Harvester are as follows:

Two miles, by a trotter, any sex	4:15¼
Mile by a stallion	2:01
Five-year-old stallion	2:01
Race heat by a stallion	2:02
Third heat by a trotter	2:02
Two-heat race by a stallion	2:04¼, 2:03¼
Three-heat race by a stallion	2:07½, 2 08, 2:09

CAPT. DUKE SUED FOR RAID ON HALL

Proprietor of Billiard Place Wants $7,500 Damages.

SAN FRANCISCO, Feb. 17.—As an outgrowth of the gambling crusade and clamping of the lid down in the tenderloin, a suit to recover $7,500 damages has been filed against Captain Thomas S. Duke, Sergeant William H. Ross, Policemen Dolan, Heagerty, and others, by F. C. Harrington, proprietor of a billiard and pool hall, at 832 Kearny street. In reply affidavits filed by the several officers this morning, Harrington is accused of being a professional gambler, and an habitue of the tenderloin, and Billy Abbott, is mentioned as being one of those interested in the resort.

In addition to the damages, Harrington asks for an injunction against the police, and on February 14 Judge Willis issued an order to show cause.

DUKE EXPLAINS.

In his affidavit today, Captain Duke says that on February 9 he had a conversation with Attorney Frank Murphy, counsel for Harrington, in which the lawyer told him of Billy Abbott's interest in the place. Duke said his reason for raiding it had been that dissolute persons had gone in there and that it was his purpose to arrest such men on a charge of vagrancy.

In the affidavits of Ross Dolan and Heagerty, the several allegations against Harrington are made, and one of the proprietors is referred to as being the keeper of a brothel.

Harrington originally had claimed that the officers had searched his own office and his private apartments in their raid.

CLUBS MEET TONIGHT.

The Federated Improvement clubs of Alameda county will discuss matters pertaining to the coming election and the annexation proposition at their regular meeting to be held in Clinton assembly hall this evening. It is expected that the importance of the subjects to come before the members will draw one of the largest crowds that ever attended.

BLOOD TROUBLES

CONSTITUTIONAL INFECTION

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Constitutional Blood Poison; they only shut the disease up in the system to smoulder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This

SSS

causes a general upbuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book which we will be glad to send free to all who write and request it, also any medical advice without charge.

with its warmth and cheer must be part of every home. Today a match will accomplish in a second what formerly required no end of trouble and effort. The Gas Log is the modern fireplace. No kindling, clumsy logs that will not burn, no smoke, no soot, no danger of fire from flying sparks. Clean and economical. Just a match — then comfortable heat that can be regulated to a degree. It's the ideal fireplace of today.

'CHANGE IMPROVES AFTER OPENING

Speculation Nervous and Yielding on Early Boards.

NEW YORK Feb 17—There was a resumption of yesterday's selling at the opening of the market today. United States Steel and Union Pacific had wide openings the latter declining a maximum of 2 on sales of several thousand shares and Steel falling ¾. Missouri Pacific lost a point but quickly recovered to ¼ over last night's close. Chesapeake and Ohio dropped 1⅛.

Speculation was nervous and with a yielding tendency. Following the opening there was a general improvement in which Chesapeake and Ohio made up its initial loss but the higher prices brought more abundant offerings and the market sagged sharply. Reading, United States Steel and Union Pacific were sold extensively but the issues and the market in general returned to last night's level or above before the expiration of the hour. Missouri Pacific rebounded from 50¼ to 58. Wisconsin Central broke 2¼.

The feature of the market during the morning session was its resistance to continued selling in contrast with the marked weakness displayed yesterday under similar conditions. Bear pressure was met with a support of significant character and the shorts hastily covered, carrying prices substantially above yesterday's closing. Some selling was induced by the announcement of the illness of a leading capitalist but when an authoritative statement was issued declaring that it was not of a serious nature the upward movement assumed greater headway. Stocks in which the family interest is supposed to be very large were the strongest in the list. Amalgamated Copper, New York Central and St Paul gained about a point and United States Rubber more than 2.

Moderate profit taking caused an average reaction of about ½ point in the favorite stocks but there was no sign of the early nervousness.

Bonds were steady.

Reading went down over a point from its high level to near the low figures of the morning. Other representative stocks gave way fractionally but the whole market stiffened again at 2 o'clock.

The market closed active and stronger. Highest prices of the day were recorded in the final hour when Reading, Lehigh Valley, Union Pacific and United States Steel advanced briskly and a point above yesterday's closing on long buying and short covering. The underlying strength of the list bespoke earnest support.

CEREAL MARKET SOMEWHAT DULL

Rain in Kansas Weakened Wheat, and Corn Lost in Sympathy.

CHICAGO Feb 17—Heavy rains weakened the wheat market today. In particular there was a thorough drenching of the whole of Kansas where the drouth is regarded as actually broken. Cables too were disappointing to the bulls.

At Liverpool little or no response was made to the strength yesterday on this side. The chief influence in the English market being an enlarged amount of shipments from the Argentine. Opening prices here were ⅛@¼c to ⅜@½c lower. May started at 91⅛c to 91⅝c, a decline of ⅛@⅜c and fell to 91⅝c.

Baltimore exports and adverse prospects of the situation increased a rally but by a short sale of July by a prominent speculator led to a greater decline than before. The close was nervous with May ⅛@¼c to lower at 90¾c.

Corn eased off a little with wheat at the outset but afterward developed strength on account of unsettled weather interfering with deliveries and sales by farmers. May opened a shade off at 48⅛c and rallied to 48⅝c.

The market was weakened by wheat and varied some what and then fell back. The close was easy with May ⅛@¼c lower at 48⅛c.

Although trade in oats was small the market became firm on buying for a local speculator. May started 1 16c to ⅛c up at 31⅝@ ¾c but reacted to 31⅜c.

Provisions gave evidence of being affected by a rising tendency in the hog market. First sales were higher to 2½c down, with May options at $17 72½ for pork, $9 10 for lard and $9 10 also for ribs.

The closing quotations were as follows:

Wheat—May 90¾@90⅞c, July 8 ¾c, September 88 ⅛@88¼c.

Corn—May 48⅛c, July 48⅝@48¾c, September 50⅝@50⅞c.

Oats—May 3 ⅝c, July 31¾c, September 31 ⅛c.

Pork—May $17 7 , July $17 .

Lard—May $9 40, July and September $9 .

Ribs—May $9 17½, July and September $9 .

Rye—Cash No 2 $9@82¼c.

Barley—Cash 00@90c.

Timothy—Cash $8@10 0.

Clover—Cash $10@14 50.

CHICAGO Feb 17—The Inter Ocean says: It was said by the wheat bears last night that while prices are nearing an export basis there will have to be a big business done to sustain values around here unless there is a material change in present conditions. The most rampant bears said they did not look for a great deal of further decline or for a large increase in the speculative buying in the immediate future because of conditions against the bull although/ten point advances. Then the last of yesterday were expected to come from time to time. Prices have been on the decline for four days and have dropped over one cent in a little over a week. Reaction on profit taking by shorts was to be expected. Corn specialists said they did not look for much change in prices from the present level. They were against buying on rallies or selling on sharp declines, declaring that this is the season when a trader must use caution in getting to the market. Country roads are breaking up and light deliveries by farmers are to be expected. There has been exported but little so far several lists but part of it was kept quiet. Bears continue to advise sales on all rallies to 49c or above for May while the all the players among the local said they were buying on all breaks below 48c.

NEW YORK Feb 17—Gibson says: The general situation is sound and buying on the declines is of an excellent character. Further action may go a little further but there are likely sources of a market and would not be seriously considered. Would buy good stocks on every dip and pay no attention to these reaction unless something important transpires to change our views. Wheat and corn are good purchases at this level. Would cover short contracts and wait for higher prices before replacing short sales.

LIVERPOOL Feb 17—Broomhall says: The wheat market at the opening was influenced by the firm American cables yesterday and lighter shipments from Australia and India were in unchanged. These offset the larger shipments from Argentine and the increase in the stocks there. Following, the opening March and May advanced ⅛d on reductions of light world's shipments this week and a strong tone in shipping, the holding at 3d advance. During the morning there was some realizing on the falling from the Argentine shipments and the United Kingdom amount to 13,000,000 bushels against 8,000,000 bushels last week and this will draw a quantity off. The private trade is favorable regarding the American winter wheat outlook and the spot demand is poor and generally ⅛d lower. At middle the market was easier and about ⅛d to ¼d lower than yesterday. Corn was quiet and unchanged at the opening but later advanced ⅛d on the increased offers and an improved demand for spot and also on Argentine cables that the weather continues favorable for farm work. It being warm and good moisture for the soil. Later saw corn shows much improvement as a result of the recent rain.

COTTON MARKET.

NEW YORK Feb 17—Cotton—Spot closed quiet, middling uplands 14c, do gulf 14 ⅓c. Sales 400 bales.

Futures closed steady. Closing bids: February 13 90c, March 13 8c, April 13 9 c, May 13 9 c, June 1 , July 13 9 c, August 13 65c, October 12 69c, December 12 6 c.

NEW YORK Feb 17—Cotton—Liverpool due 1½ to 5 up. Opened 5½ to 6 up, steady. At 1 15 quiet, net 7 to 7½ higher on old, 4 to 5 on new. Fair business doing in spots, 9 up at 7 60d. Sales 10 000 including 9000 American. Later cables reported a further advance of 1 point from 12 15.

Port receipts today estimated early at 22 000 exclusive of week end values last week 18 49 , last year 11 348.

Journal of Commerce: The cotton stool is beginning to attract the attention of the trade because of the fact that the southern spot markets do not seem inclined to decline enough to meet decline in futures. There is no distressed cotton in the South and the South is holding very firm.

THE TRIBUNE'S Messenger Service

The classified advertising columns of this newspaper carry—AND DELIVER—a vast number of messages, which never reach the people for whom they were intended in any other way.

"CLASSIFICATION" of the wants and quests, the offers and propositions of the people, brings the person, interested in a particular thing, direct to the advertisement of that particular thing. Thus the advertiser of a furnished room is assured that his message will go direct to those who are seeking furnished rooms—for it will be printed under the classification to which they immediately turn.

The work-hunter practically puts his message in the mail of the man who could employ him—for that man will read the "situation wants" with as much interest as he will read his mail.

Under every classification, each day, are messages THAT WILL BE DELIVERED and that will accomplish the tasks set for them.

So that, whatever your message, however completely unknown to you the identities of the people to whom it must appeal, its "CLASSIFICATION" in these columns will ASSURE ITS DELIVERY! Telephone your Ads to Oakland 528. Or send for the classified ad man.

JUST WAITING

Many a household where the bug-a-boo of rent is a monthly visitor will be interested in a proposition to buy a house. Close to the advent of the new month is a good time for realty dealers to start a classified ad campaign with the slogan "OWN YOUR OWN HOME."

Tell about your realty offerings in the Classified Ad columns. Have next year's rent help pay for a new home. There are hundreds of interested readers who will be glad to be shown how they can acquire a home of their own.

Let the Classified columns introduce realty owners to prospective buyers.

The Ad Reader's Chance

During the remaining days of February we are told some of the best bargains in bungalows, cottages, houses, etc., will be offered to you through these columns. If you have been waiting for bargains now is the time to watch these pages. It will mean dollars in your pocket. Get in the habit of reading this page. It is as interesting as a good play.

1911 Spring Announcement

We are pleased to announce our first showing of Spring and Summer styles. This formal announcement should be of interest to every man, youth and boy in this community who aims to be a correct dresser, and who realizes the importance of quality in the clothes he wears. We believe we have always been recognized as headquarters for artistic apparel at moderate prices. We have always aimed to deserve that reputation by showing our patrons a stock which no other store has ever equaled. Our showing for this season will excel all our previous efforts when compared with the remarkable assortment of new wearing apparel we are ready to place before you. We will convince you that our values have never been equaled; that our styles are decidedly exclusive, and that altogether you can not possibly get clothes at any other store which will give you so much for your money. We ask for comparison—the most critical comparison will be welcomed.

Many Noted Drivers Already Here for Wednesday's Contest.

(By J. A. HOULIHAN)

With practically every one of the big drivers here and ready for action, Hayward, San Leandro and the surrounding country towns are assuming a decided air of activity preliminary to the running of the big road race on Wednesday next.

All day yesterday and during the early hours this morning a dozen cars were out on the course. The fastest time made thus far is credited to Jack Fleming driving a Pope Hartford. He negotiated the eleven-mile course early yesterday at an average speed of close to 76 miles an hour. Dingley, also piloting a Pope, has made some record laps with his car.

Tetzlaff arrived yesterday morning from Los Angeles and immediately drove his car over to this side of the bay. After a little tuning up and adjusting he went out to San Leandro and spent the afternoon whirling around the parallelogram-shaped circuit. Tetzlaff is confident that the time made at Santa Monica is bound to go by the boards on the 22d.

DE PALMA HERE.

Ralph De Palma, the Italian driver, recognized as the new speedway champion, landed in San Francisco yesterday and located at the headquarters of the Simplex Company. He is here primarily to prepare for the races at the Oakland Motordrome, the opening of which has been deferred until the fourth and fifth of March.

It has been the belief of Ferris, manager of the Oakland Road Race, that De Palma would handle the Fiat. Rumor now is to the effect that he will be seen behind the big six-cylinder National. This rumor, while emphatically denied last night by Wilcox, manager of the National team, has some truth to it.

Word comes from Los Angeles that the owner of the big Fiat is now anxious to send his car against the big field of entries here. Further than that, there are three National cars being prepared for this contest while but two drivers are here to handle them. It is a known fact that the National company have been anxious to secure the services of the foreign driver. His presence here bears out the belief that he will race under the colors of the National company on the 22d.

MAXWELL RE-ENTERED.

The entry of the Maxwell, which was originally sent in by the factory representatives, has been withdrawn and reentered by Stephens Malver and Arthur Hull of the local Maxwell Company. These boys have purchased the car and intend having it as a contestant in every event held in this section. King of Sacramento will drive the car which will be out for practice for the first time tomorrow morning.

The Nationals will not start work in earnest until Sunday morning. Little Hal Wilcox, the chief of the National camp, is not desirous of taking any chances which would mar the possibility of its appearance on the day of the race.

Charlie Howard, head of the Howard Automobile Company, was out yesterday afternoon with his Buick 10. Howard is anxious to drive this car himself. Family objections, however, are likely to cause him to change his mind, in which case one of the Nikrent brothers will handle it.

E-M-F OUT.

The E-M-F will be on the course late this afternoon. A camp has been secured along the road and the crew in charge of the car will be camped here until the day of the race. Aurani it, the E-M-F pilot, while an old-time driver, is practically unknown to the followers of automobile racing in this vicinity. He bears a reputation of being nervy, cool-headed and one who will take almost any kind of a chance in order to come in under the wire a winner.

There is still some talk of Jack Johnson entering his big Cladiators racer. He himself is not eligible to drive, but if he can secure Frank Free or some other local boy he will send his car to the bat.

All day yesterday workmen were busy putting the course in shape. The boulevard needs but little work done to it. Maud avenue and East Fourteenth street are in many places in bad shape. A load of gravel here and there in these places will improve the road conditions considerably.

TO ANNOUNCE DETAILS.

Particulars of interest to the public concerning the time of the closing of the roads, the means of getting to various parking spaces along the route and other details, are to be given out tomorrow.

A number of pools are being started among the automobile men as to the likely winner and the time which will be made by him. Fleming, Wilcox and Tetzlaff seem to be the favorites.

The custom which was inaugurated a year ago known as the "Pool of Death," will be carried out by the entrants in the coming meet. Twelve of the drivers have agreed to contribute one hundred dollars each, the total to go to the relatives of the first man to meet with grim reaper "death."

The pooling will be a feature of the Oakland dealers' banquet on Monday night. Plans for this feast have been concluded. More than fifty of the trade representatives have sent in an acceptance to the invitation sent out a week ago.

FOOTBALL HERO TO GUARD KIDS

Ollie Snediger Will Represent Probation Officer in the Juvenile Court.

Probation Officer Christopher Ruess announced yesterday that his deputy, Ollie F. Snediger, at one time a University of California football hero, would in future represent him in the sessions of the Juvenile court.

Ruess said this morning that this decision had nothing whatever to do with his clash with District Attorney William H. Donahue in Judge Wells' court Wednesday, or with any other differences of opinion which are occasionally aired in the Juvenile court, but was simply the result of a re-division of the work of the juvenile officials.

He will continue to supervise the work in all departments, but hereafter Snediger will carry on the work in the Juvenile court. Ruess attending more particularly to the adult felony cases in the Superior court. Miss Beatrice McCall will have the girls' and women's cases in charge, and Robert Tyson will have the supervision of the police court cases. The increase in the work of the juvenile authorities makes the reorganization of the work necessary at this time.

HIS DEATH GREAT LOSS TO OAKLAND

Oakland Real Estate Association Memorializes the Late W. E. Dargie.

The Oakland Real Estate Association adopted the following resolution of regret at the death of W. E. Dargie:

Whereas, There has gone to his last rest from among us a citizen of our Oakland community in the person of William J. Dargie, and

Whereas, As a local member of the community, Mr. Dargie was a man whose value to our city and to the county of Alameda was beyond price; and

Whereas, His death created a void in the ranks of those among us whose interest is largely responsible for the progress, development and prosperity of this section of the State, and particularly of the City of Oakland.

Now, Therefore we the Executive Committee of the Oakland Real Estate Association do hereby tender to the family of the late William E. Dargie our heartfelt sympathy for them in their loss, and our appreciation of his worth as a value, knowing that his absence from our midst can never be adequately filled.

That a copy of this resolution be sent to the family of the deceased and a copy be given to the Oakland Tribune.

By order of the committee

GEO. W. AUSTIN, President.

T. W. JEFFERSON, Asst. Secy.

A BAD COLD IS EASILY BROKEN

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely end the grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

How Do You Do?

---such a common expression!

And how insincere nearly always.

Do right by yourself. Ask yourself the above question.

How do you do---anyhow, especially in regard to finances?

Do you earn $30 a week and spend $31---and keep in debt?

Or do you earn $30 and spend $25 and put the balance in a savings bank---which means independence?

If in our bank, we add four per cent annually---that's something.

How do YOU do?
